Addendum to the 2023 Summary of Benefits
Inflation Reduction Act Impacts

In August 2022, new legislation known as the Inflation Reduction Act was passed, in part, to lower the cost of insulin products and vaccines for those with Medicare Part D prescription drug coverage.

Important Message About What You Pay for Insulin

- You won't pay more than $35 for a one-month supply of each insulin product covered by our plan, no matter what cost-sharing tier it's on.
- If your insulin is on a tier where cost-sharing is lower than $35, you will pay the lower cost for your insulin.
- If your plan has a Part D deductible, this will apply even if you haven't paid your deductible.

Important Message About What You Pay for Vaccines

- Our plan covers most Part D vaccines at no cost to you.
- If your plan has a Part D deductible, this will apply even if you haven't paid your deductible.

1 | About this Plan

Which doctors, hospitals, and pharmacies can I use?

Cigna True Choice Medicare (PPO) has a network of doctors, hospitals, and other providers. You may also choose to use providers that are out of network, usually for a higher copay or coinsurance.

You must generally use network pharmacies to fill your prescriptions for covered Part D drugs.

- You can see our plan's *Provider and Pharmacy Directory* at our website, **CignaMedicare.com**.

What do we cover?

Like all Medicare health plans, we cover everything that Original Medicare covers—and more.

- Our customers get all of the benefits covered by Original Medicare.
- Our customers also get more than what is covered by Original Medicare. Some of the extra benefits are outlined in this *Summary of Benefits*.

We cover Part D drugs. In addition, we cover Part B drugs such as chemotherapy and some drugs administered by your provider.

- You can see the plan's complete *Comprehensive Prescription Drug List* which lists the Part D prescriptions drugs along with any restrictions on our website, **CignaMedicare.com**.
- Or, call us, and we will send you a copy of the plan's *Comprehensive Prescription Drug List*.

4 | Prescription Drug Benefits

Medicare Part D Drugs Initial Coverage

The following charts show the cost-sharing amounts for Part D drugs covered under this plan. After you pay your yearly Part D deductible, you pay the following until your total yearly drug costs reach **$4,660.** Total yearly drug costs are the total drug costs paid by both you and our plan.

You may get your drugs at preferred or standard network retail pharmacies, or preferred mail order pharmacies. Your prescription drug copay will typically be less at a preferred network pharmacy because it has a preferred agreement with your plan.

You can get your prescription from an out-of-network pharmacy, but you may pay more than you would pay at an in-network pharmacy. If you reside in a long-term care facility, you would pay the standard retail cost-sharing at an in-network pharmacy.

Your costs may be different if you qualify for *Extra Help*. Your copay or coinsurance is based on the drug tier for your medication, which you can find in the plan *Comprehensive Prescription Drug List* on our website **CignaMedicare.com**. Or call us, and we will send you a copy of the *Comprehensive Prescription Drug List*.

Medicare provides *Extra Help* to pay Part D prescription drug costs for people who have limited income and resources. Resources include your savings and stocks but not your home or car. Those who qualify get help paying for any Medicare drug plan's monthly premium, yearly deductible, and prescription copayments. This *Extra Help* also counts toward your out-of-pocket costs.

People with limited income and resources may qualify for *Extra Help*. Some people automatically qualify for *Extra Help* and don't need to apply. Medicare mails a letter to people who automatically qualify for *Extra Help*.

If you have questions about *Extra Help*, call:

- Your local Social Security office, or
- Social Security at 1-800-772-1213. TTY users should call 1-800-325-0778.

For generic drugs (including brand drugs treated as generic):

- **25%** of the cost if you do not receive *Extra Help*, or
- **$0** copay / **$1.45** copay / **$4.15** copay / **15%** cost-share depending on your level of *Extra Help*

For all other drugs:

- **25%** of the cost if you do not receive *Extra Help*, or
- **$0** copay / **$4.30** copay / **$10.35** copay / **15%** cost-share depending on your level of *Extra Help*

Coverage Gap

Because most of our members get *Extra Help* with their Part D prescription drug costs, the Coverage Gap Stage does not apply to most members. If you receive *Extra Help*, this payment stage does not apply to you.

Most Medicare prescription drug plans have a Coverage Gap (also called the Donut Hole). This means there is a temporary change in what you will pay for your Part D drugs. The Coverage Gap begins after your total yearly prescription drug cost (including what a Part D plan has paid and what you have paid) reaches **$4,660.** Not everyone will enter the Coverage Gap.

After you enter the Coverage Gap, you pay a maximum of **25%** of the plan's cost for covered brand name drugs and **25%** of the plan's cost for covered generic drugs until your costs total **$7,400,** which is the end of the Coverage Gap.

Catastrophic Coverage

You qualify for the Catastrophic Coverage Stage when your out-of-pocket costs have reached the **$7,400** limit for the calendar year. Once you are in the Catastrophic Coverage Stage, you will stay in this payment stage until the end of the calendar year.

Your share of the cost of covered drugs will be the greater of:

- Coinsurance of **5%** of the cost of the drug, or
- **$4.15** for a generic drug or a drug that is treated like a generic and **$10.35** for all other drugs.
- Our plan pays the rest of the cost.

Cigna Insulin Savings Program

For Select Insulins, your copay will be up to **$35** for a one-month supply when you are in the deductible (if applicable), initial coverage, and coverage gap phases of the Part D benefit. This does not apply once you reach the catastrophic coverage phase. If you receive *Extra Help*, you do not qualify for this program, and your Low Income Subsidy (LIS) copay level will apply.

Cigna contracts with Medicare to offer Medicare Advantage HMO and PPO plans and Part D Prescription Drug Plans (PDPs) in select states and with select state Medicaid programs. Enrollment in Cigna depends on contract renewal.
