## More about Humana Gold Plus -Diabetes and Heart (HMO C-SNP)

Do you have Medicare and Medicaid? If you are a dual-eligible beneficiary enrolled in both Medicare and the state's program, you may not have to pay the medical costs displayed in this booklet and your prescription drug costs will be lower, too.

If you have Medicaid, be sure to show your Medicaid ID card in addition to your Humana membership card to make your provider aware that you may have additional coverage. Your services are paid first by Humana and then by Medicaid.

As a member you must select an in-network doctor to act as your Primary Care Provider (PCP). Humana Gold Plus - Diabetes and Heart (HMO C-SNP) has a network of doctors, hospitals, pharmacies and other providers. If you use providers who aren't in our network, the plan may not pay for these services. You also have access to Care Managers. Care Managers are nurses or care coordinators who are skilled at helping to improve your quality of life by providing proactive support and coordinating key services to help you better manage your health. If you're managing a serious illness or chronic condition, we'll be there to support you and your doctor's plan for care.
