## **INTRODUCTION**

The benefit information provided in this booklet is a summary of what we cover and what you pay. It does not list every service that we cover or list every limitation or exclusion. To get a complete list of services we cover, access our Evidence of Coverage online at [healthplan.org/medicare](http://healthplan.org/medicare). Or call us to request a copy.

If you want to know more about the coverage and costs of Original Medicare, look in your current “Medicare & You” handbook. View it online at [medicare.gov](http://medicare.gov) or get a copy by calling 1.800.MEDICARE (1.800.633.4227), 24 hours a day, 7 days a week. TTY users should call 1.877.486.2048.

The Health Plan SecureChoice Optimum(PPO) is a PPO plan with a Medicare contract. Enrollment in The Health Plan SecureChoice – OptimumPPO depends on contract renewal.

## **ELIGIBILITY**

To join The Health Plan SecureChoice Optimum(PPO) you must be entitled to Medicare Part A, be enrolled in Medicare Part B and live in our service area.

## **WHICH DOCTORS, HOSPITALS AND PHARMACIES CAN I USE?**

This is a Preferred Provider Organization (PPO) plan. This means that even though we have a network of doctors, hospitals, pharmacies and other providers, you may use providers that are not in our network. However, if you use providers outside of our network, your costs may be higher. No referral is needed, but some services do require prior authorization from the plan.

Out-of-network/non-contracted providers are under no obligation to treat SecureChoice (PPO) members, except in emergency situations. Please call our customer service number or see your Evidence of Coverage for more information, including the cost-sharing that applies to out-of-network services.

You can see current provider lists on our website at [healthplan.org/medicare](http://healthplan.org/medicare). Or call us and we will send you a copy.

## Pre-Enrollment Checklist

Before making an enrollment decision, it is important that you fully understand our benefits and rules. If you have any questions, you can call and speak to a customer service representative at **1.877.847.7915 (TTY: 711)**.

### Understanding the Benefits

- The Evidence of Coverage (EOC) provides a complete list of all coverage and services. It is important to review plan coverage, costs, and benefits before you enroll. Visit [healthplan.org/medicare](https://healthplan.org/medicare) or call **1.877.847.7915 (TTY: 711)** to view a copy of the EOC.
- Review the provider directory (or ask your doctor) to make sure the doctors you see now are in the network. If they are not listed, it means you will likely have to select a new doctor.
- Review the pharmacy directory to make sure the pharmacy you use for any prescription medicines is in the network. If the pharmacy is not listed, you will likely have to select a new pharmacy for your prescriptions.
- Review the formulary to make sure your drugs are covered.

### Understanding Important Rules

- Effect on Current Coverage.** Your current health care coverage will end once your new Medicare coverage starts. For example, if you are in Tricare or a Medicare plan, you will no longer receive benefits from that plan once your new coverage starts.
- In addition to your monthly plan premium, you must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month.
- Benefits, premiums and/or copayments/co-insurance may change on January 1, 2025.
- Our plan allows you to see providers outside of our network (non-contracted providers). However, while we will pay for covered services provided by a non-contracted provider, the provider must agree to treat you. Except in an emergency or urgent situation, non-contracted providers may deny care. In addition, you will pay a higher co-pay for services received by non-contracted providers.
