Chapter 1

Getting started as a member

Section 1 Introduction

Section 1.1 You are enrolled in AARP® Medicare Advantage from UHC CA-010P (HMO-POS), which is a Medicare HMO Point-of-Service Plan

You are covered by Medicare, and you have chosen to get your Medicare health care and your prescription drug coverage through our plan, AARP® Medicare Advantage from UHC CA-010P (HMO-POS). We are required to cover all Part A and Part B services. However, cost-sharing and provider access in this plan differ from Original Medicare.

Our plan is a Medicare Advantage HMO Plan (HMO stands for Health Maintenance Organization) with a Point-of-Service (POS) option approved by Medicare and run by a private company. "Point-of-Service" means you can use providers outside the plan's network for an additional cost. (See Chapter 3, Section 2.4 for information about using the Point-of-Service option.)

Coverage under this Plan qualifies as Qualifying Health Coverage (QHC) and satisfies the Patient Protection and Affordable Care Act's (ACA) individual shared responsibility requirement. Please visit the Internal Revenue Service (IRS) website at: irs.gov/Affordable-Care-Act/individuals-and-families for more information.

Section 1.2 What is the Evidence of Coverage document about?

This **Evidence of Coverage** document tells you how to get your medical care and prescription drugs. It explains your rights and responsibilities, what is covered, what you pay as a member of the plan, and how to file a complaint if you are not satisfied with a decision or treatment.

The words "coverage" and "covered services" refer to the medical care, services and prescription drugs available to you as a member of the plan.

It's important for you to learn what the plan's rules are and what services are available to you. We encourage you to set aside some time to look through this **Evidence of Coverage** document.

If you are confused, concerned or just have a question, please contact Customer Service.

Section 1.3 Legal information about the Evidence of Coverage

This **Evidence of Coverage** is part of our contract with you about how the plan covers your care. Other parts of this contract include your enrollment form, the **List of Covered Drugs (Formulary)**, and any notices you receive from us about changes to your coverage or conditions that affect your coverage. These notices are sometimes called "riders" or "amendments."

The contract is in effect for months in which you are enrolled in the plan between January 1, 2024 and December 31, 2024.

Each calendar year, Medicare allows us to make changes to the plans that we offer. This means we can change the costs and benefits of the plan after December 31, 2024. We can also choose to stop offering the plan, or to offer it in a different service area, after December 31, 2024.

Medicare (the Centers for Medicare & Medicaid Services) must approve our plan each year. You can continue each year to get Medicare coverage as a member of our plan as long as we choose to continue to offer the plan and Medicare renews its approval of the plan.

Section 2.1 Your eligibility requirements You are eligible for membership in our plan as long as: You have both Medicare Part A and Medicare Part B — and — you live in our geographic service area (Section 2.2 below describes our service area). Incarcerated individuals are not considered living in the geographic service area even if they are physically located in it. — and — you are a United States citizen or are lawfully present in the United States

Section 2.2 Here is the plan service area for AARP® Medicare Advantage from UHC CA-010P (HMO-POS)

Our plan is available only to individuals who live in our plan service area. To remain a member of our plan, you must continue to reside in the plan service area. The service area is described below.

Our service area includes this county in California: Santa Clara.

If you plan to move out of the service area, you cannot remain a member of this plan. Please contact Customer Service to see if we have a plan in your new area.

When you move, you will have a Special Enrollment Period that will allow you to switch to Original Medicare or enroll in a Medicare health or drug plan that is available in your new location.

It is also important that you call Social Security if you move or change your mailing address. You can find phone numbers and contact information for Social Security in Chapter 2, Section 5.

Section 2.3 U.S. Citizen or Lawful Presence

A member of a Medicare health plan must be a U.S. citizen or lawfully present in the United States. Medicare (the Centers for Medicare & Medicaid Services) will notify AARP® Medicare Advantage from UHC CA-010P (HMO-POS) if you are not eligible to remain a member on this basis. AARP® Medicare Advantage from UHC CA-010P (HMO-POS) must disenroll you if you do not meet this requirement.

Section 3 Important membership materials you will receive

Section 3.1 Your UnitedHealthcare member ID card

While you are a member of our plan, you must use your UnitedHealthcare member ID card whenever you get services covered by this plan and for prescription drugs you get at network pharmacies. You should also show the provider your Medicaid card, if applicable. Here's a sample UnitedHealthcare member ID card to show you what yours will look like:

Do NOT use your red, white, and blue Medicare card for covered medical services while you are a member of this plan. If you use your Medicare card instead of your UnitedHealthcare member ID card, you may have to pay the full cost of medical services yourself. Keep your Medicare card in a safe place. You may be asked to show it if you need hospital services, hospice services, or participate in Medicare approved clinical research studies also called clinical trials.

If your UnitedHealthcare member ID card is damaged, lost, or stolen, call Customer Service right away and we will send you a new card.

Section 3.2 Provider Directory

The **Provider Directory** lists our current network providers and durable medical equipment suppliers. **Network providers** are the doctors and other health care professionals, medical groups, durable medical equipment suppliers, hospitals, and other health care facilities that have an agreement with us to accept our payment and any plan cost-sharing as payment in full.

You must use network providers to get your medical care and services, except for covered routine dental services. If you go elsewhere without proper authorization you will have to pay in full. The only exceptions are emergencies, urgently needed services when the network is not available (that is, in situations when it is unreasonable or not possible to obtain services in-network), out-of-area dialysis services, and cases in which our plan authorizes use of out-of-network providers.

Members of this plan may use their Point of Service (POS) benefits to see non-network providers for covered routine dental services only. Please refer to Chapter 3 (Using the plan's coverage for your medical services) for more specific information about POS.

The most recent list of providers and suppliers is available on our website at myAARPMedicare.com.

If you don't have your copy of the **Provider Directory**, you can request a copy (electronically or in hardcopy form) from Customer Service. Requests for hard copy Provider Directories will be mailed to you within three business days.

Section 3.3 Pharmacy Directory

The pharmacy directory lists our network pharmacies. **Network pharmacies** are all of the pharmacies that have agreed to fill covered prescriptions for our plan members. You can use the Pharmacy Directory to find the network pharmacy you want to use. See Chapter 5, Section 2.5 for information on when you can use pharmacies that are not in the plan's network.

If you don't have the **Pharmacy Directory**, you can get a copy from Customer Service. You can also find this information on our website at myAARPMedicare.com.

Section 3.4 The plan's List of Covered Drugs (Formulary)

The plan has a **List of Covered Drugs (Formulary)**. We call it the "Drug List" for short. It tells which Part D prescription drugs are covered under the Part D benefit included in our plan. The drugs on this list are selected by the plan with the help of a team of doctors and pharmacists. The list must meet requirements set by Medicare. Medicare has approved the plan's Drug List.

The Drug List also tells you if there are any rules that restrict coverage for your drugs.

We will provide you a copy of the Drug List. To get the most complete and current information about which drugs are covered, you can visit the plan's website (myAARPMedicare.com) or call Customer Service.

Section 4 Your monthly costs for the plan

Your costs may include the following:	
□Plan Premium (Section 4.1)	
☐Monthly Medicare Part B Premium (Section 4.2)	
□Optional Supplemental Benefit Premium (Section 4.3)	
☐ Part D Late Enrollment Penalty (Section 4.4)	
☐ Income Related Monthly Adjusted Amount (Section 4.5)	

Medicare Part B and Part D premiums differ for people with different incomes. If you have questions about these premiums review your copy of Medicare & You 2024 handbook, the section called "2024 Medicare Costs." If you need a copy you can download it from the Medicare website (medicare.gov). Or, you can order a printed copy by phone at 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week. TTY users call 1-877-486-2048.

Section 4.1 Plan premium

You do not pay a separate monthly plan premium for our plan.

Section 4.2 Monthly Medicare Part B Premium

Many members are required to pay other Medicare premiums

You must continue paying your Medicare premiums to remain a member of the plan. This includes your premium for Part B. It may also include a premium for Part A which affects members who aren't eligible for premium free Part A.

Section 4.3 Optional Supplemental Benefit Premium

If you signed up for extra benefits, also called "optional supplemental benefits", then you pay an additional premium each month for these extra benefits. See Chapter 4, Section 2.2 for details. The premium amount for the Platinum Dental Rider is \$48.00.

Section 4.4 Part D Late Enrollment Penalty

Some members are required to pay a Part D late enrollment penalty. The Part D late enrollment penalty is an additional premium that must be paid for Part D coverage if at any time after your initial enrollment period is over, there is a period of 63 days or more in a row when you did not have Part D or other creditable prescription drug coverage. "Creditable prescription drug coverage" is coverage that meets Medicare's minimum standards since it is expected to pay, on average, at least as much as Medicare's standard prescription drug coverage. The cost of the late enrollment penalty depends on how long you went without Part D or other creditable prescription drug coverage. You will have to pay this penalty for as long as you have Part D coverage.

When you first enroll in our plan, we let you know the amount of the penalty.

You will not have to pay it if:	
□You receive "Extra Help" from Medicare to pay for your prescription drugs.	
□You have gone less than 63 days in a row without creditable coverage.	
□You have had creditable drug coverage through another source such as a former employer union, TRICARE, or Department of Veterans Affairs. Your insurer or your human resources department will tell you each year if your drug coverage is creditable coverage. This information may be sent to you in a letter or included in a newsletter from the plan. Keep this information because you may need it if you join a Medicare drug plan later.	ation
□ Note: Any notice must state that you had "creditable" prescription drug coverage that is expected to pay as much as Medicare's standard prescription drug plan pays.	
□ Note: The following are not creditable prescription drug coverage: prescription drug discount cards, free clinics, and drug discount websites.	

Medicare determines the amount of the penalty. Here is how it works:

□ If you went 63 days or more without Part D or other creditable prescription drug coverage after you were first eligible to enroll in Part D, the plan will count the number of full months that you

did not have coverage. The penalty is 1% for every month that you did not have creditable

coverage. For example, if you go 14 months without coverage, the penalty will be 14%.
☐ Then Medicare determines the amount of the average monthly premium for Medicare drug plans in the nation from the previous year. For 2024, this average premium amount is \$34.70.
☐ To calculate your monthly penalty, you multiply the penalty percentage and the average monthly premium and then round it to the nearest 10 cents. In the example here it would be 14% times \$34.70, which equals \$4.86. This rounds to \$4.90. This amount would be added to
the monthly premium for someone with a Part D late enrollment penalty.
There are three important things to note about this monthly Part D late enrollment penalty:
□First, the penalty may change each year , because the average monthly premium can change each year.
□Second, you will continue to pay a penalty every month for as long as you are enrolled in a plan that has Medicare Part D drug benefits, even if you change plans.
□Third, if you are <u>under</u> 65 and currently receiving Medicare benefits, the Part D late enrollment penalty will reset when you turn 65. After age 65, your Part D late enrollment penalty will be based only on the months that you don't have coverage after your initial enrollment period for aging into Medicare.

If you disagree about your Part D late enrollment penalty, you or your representative can ask for a review. Generally, you must request this review **within 60 days** from the date on the first letter you receive stating you have to pay a late enrollment penalty. However, if you were paying a penalty before joining our plan, you may not have another chance to request a review of that late enrollment penalty.

Section 4.5 Income Related Monthly Adjustment Amount

Some members may be required to pay an extra charge, known as the Part D Income Related Monthly Adjustment Amount, also known as IRMAA. The extra charge is figured out using your modified adjusted gross income as reported on your IRS tax return from 2 years ago. If this amount is above a certain amount, you'll pay the standard premium amount and the additional IRMAA. For more information on the extra amount you may have to pay based on your income, visit medicare.gov/drug-coverage-part-d/costs-for-medicare-drug-coverage/monthly-premium-for-drug-plans.

If you have to pay an extra amount, Social Security, not your Medicare plan, will send you a letter telling you what that extra amount will be. The extra amount will be withheld from your Social Security, Railroad Retirement Board, or Office of Personnel Management benefit check, no matter how you usually pay your plan premium, unless your monthly benefit isn't enough to cover the extra amount owed. If your benefit check isn't enough to cover the extra amount, you will get a bill from Medicare. You must pay the extra amount to the government. It cannot be paid with your monthly plan premium. If you do not pay the extra amount you will be disenrolled from the plan and lose prescription drug coverage.

If you disagree about paying an extra amount, you can ask Social Security to review the decision. To find out more about how to do this, contact Social Security at 1-800-772-1213 (TTY 1-800-325-0778).

Section 5 More information about your monthly premium

Section 5.1 There are several ways you can pay your plan premium

There are four ways you can pay your plan premium.

Option 1: Paying by check

We will send you a monthly bill for your monthly plan premium. Make your payment payable to UnitedHealthcare. Please see your bill for the mailing address and other information. Include your member ID number on your check or money order. If making a payment for more than one member, include a payment slip for each member. Include the member ID number for each member on the check or money order. All payments must be received on or before the due date shown on the monthly bill. If you need your monthly bill replaced, please call Customer Service.

Option 2: Electronic Funds Transfer

Instead of paying by check, you can have your monthly plan premium automatically deducted from your checking account. Your monthly payment will be deducted around the 5th of each month. If you wish to sign up for Electronic Funds Transfer (EFT), you may follow the instructions on your monthly bill, or you may call Customer Service.

Option 3: Paying by credit card

Instead of paying by check, you can pay your monthly plan premium with your credit card. If you wish to sign up to use your credit card to pay your monthly plan premium please call Customer Service.

Option 4: Having your plan premium taken out of your monthly Social Security check

Changing the way you pay your premium. If you decide to change the option by which you pay your premium, it can take up to three months for your new payment method to take effect. While we are processing your request for a new payment method, you are responsible for making sure that your plan premium is paid on time. Please contact Customer Service to notify us of your premium payment option choice or if you'd like to change your existing option. (You can find our phone number on the cover of this booklet.)

What to do if you are having trouble paying your plan premium

Your plan premium is due in our office by the first day of the month. If we have not received your payment by the first day of the month, we will send you a delinquency notice. In addition, we have the right to pursue collection of these premium amounts you owe.

If you are having trouble paying your premium on time, please contact Customer Service to see if we can direct you to programs that will help with your costs.

If we end your membership because you did not pay your plan premium, you will have health coverage under Original Medicare. In addition, you may not be able to receive Part D coverage until the following year if you enroll in a new plan during the annual enrollment period. (If you go without creditable drug coverage for more than 63 days, you may have to pay a Part D late enrollment penalty for as long as you have Part D coverage.)

At the time we end your membership, you may still owe us for premiums you have not paid. We have the right to pursue collection of the premiums you owe. If you request enrollment in one of our plans and have unpaid premiums in a current or prior plan of ours, we have the right to require payment of any premium amounts you owe, before allowing you to enroll.

If you think we have wrongfully ended your membership, you can make a complaint (also called a grievance); see Chapter 9 for how to file a complaint. If you had an emergency circumstance that was out of your control and it caused you to not be able to pay your Part D late enrollment penalty, if owed, within our grace period, you can make a complaint. For complaints, we will review our decision again. Chapter 9, Section 10 of this document tells how to make a complaint or you can call us at 1-866-261-7709 between 8 a.m.-8 p.m.: 7 Days Oct-Mar; M-F Apr-Sept. TTY users should call 711. You must make your request no later than 60 days after the date your membership ends.

Section 5.2 Can we change your monthly plan premium during the year?

No. We are not allowed to change the amount we charge for the plan's monthly plan premium during the year. If the monthly plan premium changes for next year we will tell you in September and the change will take effect on January 1.

However, in some cases, you may be able to stop paying a late enrollment penalty, if owed, or need to start paying a late enrollment penalty. This could happen if you become eligible for the "Extra Help" program or if you lose your eligibility for the "Extra Help" program during the year:

□If yo	u curi	rently	pay t	he Pai	rt D la	ate e	enrol	lme	nt p	ena	alty a	and	bec	ome	elię	gib	le fo	or "E	xtra	Help	"
duri	ng the	e year	, you	would	l be a	able	to st	ор	payi	ng y	you	r pe	enalty	y .							
-16																					

□ If you lose Extra Help, you may be subject to the late enrollment penalty if you go 63 days or more in a row without Part D or other creditable prescription drug coverage.

You can find out more about the "Extra Help" program in Chapter 2, Section 7.

Section 6 Keeping your plan membership record up to date

Your membership record has information from your enrollment form, including your address and telephone number. It shows your specific plan coverage including your Primary Care Provider and Medical Group/IPA.

The doctors, hospitals, pharmacists, and other providers in the plan's network need to have correct information about you. **These network providers use your membership record to know what**

services and drugs are covered and the cost-sharing amounts for you. Because of this, it is very important that you help us keep your information up to date.

Let us know about these changes:
□Changes to your name, your address, or your phone number.
□Changes in any other medical or drug insurance coverage you have (such as from your employer, your spouse or domestic partner's employer, Workers' Compensation, or Medicaid)
\Box If you have any liability claims, such as claims from an automobile accident.
☐ If you have been admitted to a nursing home.
☐ If you receive care in an out-of-area or out-of-network hospital or emergency room.
☐ If your designated responsible party (such as a caregiver) changes.
□If you are participating in a clinical research study. (Note: You are not required to tell your plan about the clinical research studies you intend to participate in but we encourage you to do so)
If any of this information changes, please let us know by calling Customer Service.
It is also important to contact Social Security if you move or change your mailing address. You car find phone numbers and contact information for Social Security in Chapter 2, Section 5.

Section 7 How other insurance works with our plan

Other insurance

Medicare requires that we collect information from you about any other medical or drug insurance coverage that you have. That's because we must coordinate any other coverage you have with your benefits under our plan. This is called Coordination of Benefits.

Once each year, we will send you a letter that lists any other medical or drug insurance coverage that we know about. Please read over this information carefully. If it is correct, you don't need to do anything. If the information is incorrect, or if you have other coverage that is not listed, please call Customer Service. You may need to give your plan member ID number to your other insurers (once you have confirmed their identity) so your bills are paid correctly and on time.

When you have other insurance (like employer group health coverage), there are rules set by Medicare that decide whether our plan or your other insurance pays first. The insurance that pays first is called the "primary payer" and pays up to the limits of its coverage. The one that pays second, called the "secondary payer," only pays if there are costs left uncovered by the primary coverage. The secondary payer may not pay all of the uncovered costs. If you have other insurance, tell your doctor, hospital, and pharmacy.

These r	ules apply for	employer	or union	group	health	plan	coverag	je:
□lf vo	u have retire	coverage	, Medica	re pays	s first.			

If your group health plan coverage is based on your or a family member's current employment,
who pays first depends on your age, the number of people employed by your employer, and
whether you have Medicare based on age, disability, or End-Stage Renal Disease (ESRD):

If you're under 65 and disabled and you or your family member is still working, your group health plan pays first if the employer has 100 or more employees or at least one employer in a multiple employer plan that has more than 100 employees.
☐ If you're over 65 and you or your spouse or domestic partner is still working, your group health plan pays first if the employer has 20 or more employees or at least one employer in a multiple employer plan that has more than 20 employees.
☐ If you have Medicare because of ESRD, your group health plan will pay first for the first 30 months after you become eligible for Medicare.
These types of coverage usually pay first for services related to each type:
□No-fault insurance (including automobile insurance)
□Liability (including automobile insurance)
□Black lung benefits
□Workers' Compensation
Medicaid and TRICARE never pay first for Medicare-covered services. They only pay after Medicare, employer group health plans, and/or Medigap have paid.

Section 3 State Health Insurance Assistance Program (free help, information, and answers to your questions about Medicare)

The State Health Insurance Assistance Program (SHIP) is a government program with trained counselors in every state. In your state, the SHIP is called California Health Insurance Counseling & Advocacy Program (HICAP).

Your SHIP is an independent (not connected with any insurance company or health plan) state program that gets money from the Federal government to give free local health insurance counseling to people with Medicare.

SHIP counselors can help you understand your Medicare rights, help you make complaints about your medical care or treatment, and help you straighten out problems with your Medicare bills. SHIP counselors can also help you with Medicare questions or problems and help you understand your Medicare plan choices and answer questions about switching plans.

Method to access SHIP and other resources Usist https://www.shiphelp.org (Click on SHIP LOCATOR in middle of page) Select your STATE from the list. This will take you to a page with phone numbers and resources specific to your state.

Section 4 Quality Improvement Organization

There is a designated Quality Improvement Organization serving Medicare beneficiaries in each state. For California, the Quality Improvement Organization is called Livanta BFCC-QIO Program.

Your state's Quality Improvement Organization has a group of doctors and other health care professionals who are paid by Medicare to check on and help improve the quality of care for people with Medicare. The state's Quality Improvement Organization is an independent organization. It is not connected with our plan.

You should contact your state's Quality Improvement Organization in any of these situations:

□You have a complaint about the quality of care you have received.
□You think coverage for your hospital stay is ending too soon.
☐You think coverage for your home health care, skilled nursing facility care, or Comprehensive
Outpatient Rehabilitation Facility (CORF) services are ending too soon.

Section 5 Social Security

Social Security is responsible for determining eligibility and handling enrollment for Medicare. U.S. citizens and lawful permanent residents who are 65 or older, or who have a disability or End-Stage Renal Disease and meet certain conditions, are eligible for Medicare. If you are already getting Social Security checks, enrollment into Medicare is automatic. If you are not getting Social Security checks, you have to enroll in Medicare. To apply for Medicare, you can call Social Security or visit your local Social Security office.

Social Security is also responsible for determining who has to pay an extra amount for their Part D drug coverage because they have a higher income. If you got a letter from Social Security telling you that you have to pay the extra amount and have questions about the amount or if your income went down because of a life-changing event, you can call Social Security to ask for reconsideration.

If you move or change your mailing address, it is important that you contact Social Security to let them know.

Section 6 Medicaid

Medicaid is a joint Federal and state government program that helps with medical costs for certain people with limited incomes and resources. Some people with Medicare are also eligible for Medicaid.

The programs offered through Medicaid help people with Medicare pay their Medicare costs, such as their Medicare premiums. These "Medicare Savings Programs" include:

- □ Qualified Medicare Beneficiary (QMB): Helps pay Medicare Part A and Part B premiums, and other cost-sharing (like deductibles, coinsurance, and copayments). (Some people with QMB are also eligible for full Medicaid benefits (QMB+).)
 □ Specified Low-Income Medicare Beneficiary (SLMB): Helps pay Part B premiums. (Some people with SLMB are also eligible for full Medicaid benefits (SLMB+).)
- Qualifying Individual (QI): Helps pay Part B premiums.
- Qualified Disabled & Working Individuals (QDWI): Helps pay Part A premiums.

Section 7 Information about programs to help people pay for their prescription drugs

The Medicare.gov website (medicare.gov/drug-coverage-part-d/costs-for-medicare-drug-coverage/costs-in-the-coverage-gap/5-ways-to-get-help-with-prescription-costs) provides information on how to lower your prescription drug costs. For people with limited incomes, there are also other programs to assist, described below.

Medicare's "Extra Help" Program

Medicare provides "Extra Help" to pay prescription drug costs for people who have limited income and resources. Resources include your savings and stocks, but not your home or car. If you qualify, you get help paying for any Medicare drug plan's monthly premium, yearly deductible, and prescription copayments. This "Extra Help" also counts toward your out-of-pocket costs.

If you automatically qualify for "Extra Help" Medicare will mail you a letter. You will not have to apply. If you do not automatically qualify you may be able to get "Extra Help" to pay for your prescription drug premiums and costs. To see if you qualify for getting "Extra Help," call:

boomption and promiting and boots. To boom you qualify for gotting "Extra Holp;" ball.
□ 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048, 24 hours a day, 7 days a week;
□The Social Security Office at 1-800-772-1213, between 8 am to 7 pm, Monday through Friday. TTY users should call 1-800-325-0778 (applications); or
Your State Medicaid Office (applications). (See Section 6 of this chapter for contact information.)

If you believe you have qualified for "Extra Help" and you believe that you are paying an incorrect cost-sharing amount when you get your prescription at a pharmacy, our plan has a process for you to either request assistance in obtaining evidence of your proper copayment level, or, if you already have the evidence, to provide this evidence to us.

\square Fax the information to 501-262-7070 or mail it to P.O. Box 29300, Hot Springs, AR 71903-9300.
□ When we receive the evidence showing your copayment level, we will update our system so
that you can pay the correct copayment when you get your next prescription at the pharmacy. If
you overpay your copayment, we will reimburse you. Either we will forward a check to you in the
amount of your overpayment or we will offset future copayments. If the pharmacy hasn't
collected a copayment from you and is carrying your copayment as a debt owed by you, we
may make the payment directly to the pharmacy. If a state paid on your behalf, we may make
payment directly to the state. Please contact Customer Service if you have questions.

What if you have coverage from a State Pharmaceutical Assistance Program (SPAP)?

Many states and the U.S. Virgin Islands offer help paying for prescriptions, drug plan premiums and/or other drug costs. If you are enrolled in a State Pharmaceutical Assistance Program (SPAP), or any other program that provides coverage for Part D drugs (other than "Extra Help"), you still get the 70% discount on covered brand name drugs. Also, the plan pays 5% of the costs of brand name drugs in the coverage gap. The 70% discount and the 5% paid by the plan are both applied to the price of the drug before any SPAP or other coverage.

AARP® Medicare Advantage from UHC CA-010P (HMO-POS) offers gap coverage for Covered Insulins. During the Coverage Gap stage, your out-of-pocket costs for Covered Insulins will be \$35 for a one-month retail supply. Please go to Chapter 6, Section 6 for more information about your coverage during the Coverage Gap stage. Note: This cost-sharing only applies to beneficiaries who do not qualify for a program that helps pay for your drugs ("Extra Help"). To find out which drugs are Covered Insulins, review the most recent Drug List we provided electronically. If you have questions about the Drug List, you can also call Customer Service.

What if you have coverage from an AIDS Drug Assistance Program (ADAP)? What is the AIDS Drug Assistance Program (ADAP)?

The AIDS Drug Assistance Program (ADAP) helps ADAP-eligible individuals living with HIV/AIDS have access to life-saving HIV medications. Medicare Part D prescription drugs that are also on the ADAP formulary qualify for prescription cost-sharing assistance. **Note:** To be eligible for the ADAP operating in your State, individuals must meet certain criteria, including proof of State residence and HIV status, low income as defined by the State, and uninsured/under-insured status.

If you change plans please notify your local ADAP enrollment worker so you can continue to receive assistance. For information on eligibility criteria, covered drugs, or how to enroll in the program, please call your state ADAP office listed below.

Section 9 Do you have "group insurance" or other health insurance from an employer?

If you (or your spouse or domestic partner) get benefits from your (or your spouse or domestic partner's) employer or retiree group as part of this plan, you may call the employer/union benefits administrator or Customer Service if you have any questions. You can ask about your (or your spouse or domestic partner's) employer or retiree health benefits, premiums, or the enrollment period. (Phone numbers for Customer Service are printed on the cover of this document.) You may also call 1-800-MEDICARE (1-800-633-4227; TTY: 1-877-486-2048) with questions related to your Medicare coverage under this plan.

If you have other prescription drug coverage through your (or your spouse or domestic partner's) employer or retiree group, please contact **that group's benefits administrator**. The benefits administrator can help you determine how your current prescription drug coverage will work with our plan.

Chapter 3

Using the plan for your medical services

Section 1 Things to know about getting your medical care as a member of our plan

This chapter explains what you need to know about using the plan to get your medical care covered. It gives definitions of terms and explains the rules you will need to follow to get the medical treatments, services, equipment, prescription drugs, and other medical care that are covered by the plan.

For the details on what medical care is covered by our plan and how much you pay when you get this care, use the benefits chart in the next chapter, Chapter 4 (Medical Benefits Chart, what is covered and what you pay).

section 1.1	what are "network providers" and "covered services"?
	re doctors and other health care professionals licensed by the state to provide ses and care. The term "providers" also includes hospitals and other health care
hospitals, and and your cost deliver covere	viders" are the doctors and other health care professionals, medical groups, other health care facilities that have an agreement with us to accept our payment sharing amount as payment in full. We have arranged for these providers to d services to members in our plan. The providers in our network bill us directly for you. When you see a network provider, you pay only your share of the cost for
and prescripti	vices" include all the medical care, health care services, supplies, equipment, on drugs that are covered by our plan. Your covered services for medical care are energy chart in Chapter 4. Your covered services for prescription drugs are

Section 1.2 Basic rules for getting your medical care covered by the plan

As a Medicare health plan, AARP® Medicare Advantage from UHC CA-010P (HMO-POS) must cover all services covered by Original Medicare and must follow Original Medicare's coverage rules.

The plan will generally cover your medical care as long as:

discussed in Chapter 5.

The care you receive is included in the plan's Medical Benefits Chart (this chart is in Chapter 4 of this document).
The care you receive is considered medically necessary. "Medically necessary" means that the services, supplies, equipment, or drugs are needed for the prevention, diagnosis, or treatment of your medical condition and meet accepted standards of medical practice.
You have a network primary care provider (a PCP) who is providing and overseeing your care. As a member of our plan, you must choose a network PCP (for more information about this, see Section 2.1 in this chapter).

While you are a member of our Point of Service (POS) plan you may use either network providers or out-of-network providers for covered routine dental services. Please see Ch. 3, Sec. 2.3.

Section 2	Using network and out-of-network providers to get your medical care
Section 2.1	You must choose a primary care provider (PCP) to provide and oversee your medical care

What is a "PCP" and what does the PCP do for you?

What is a PCP?

A primary care provider (PCP) is a network physician who is selected by you to provide and coordinate your covered services.

What types of providers may act as a PCP?

PCPs are generally physicians specializing in Internal Medicine, Family Practice or General Practice.

What is the role of my PCP?

Your relationship with your PCP is an important one because your PCP is responsible for your routine health care needs, for the coordination of all covered services provided to you, for maintaining a central medical record for you, and for ensuring continuity of care. If you need an appointment with a network specialist or other network provider who is not your PCP, you must obtain a referral from your PCP.

How do you choose your PCP?

You must select a PCP from the **Provider Directory** at the time of your enrollment.

Because your access to network specialists and hospitals is based upon your PCP selection, if there are specific hospitals or physicians or other providers that you want to use, be sure to find out if a PCP refers to those providers, as part of your selection process.

For a copy of the most recent **Provider Directory**, or for help in selecting a PCP, call Customer Service or visit the website listed in Chapter 2 of this booklet for the most up-to-date information about our network providers.

If you do not select a PCP at the time of enrollment, we may pick one for you. You may change your PCP at any time. See "Changing your PCP" below.

Changing your PCP

You may change your PCP for any reason, at any time. Also, it's possible that your PCP might leave our plan's network of providers and you would have to find a new PCP.

If you want to change your PCP within your contracted medical group/IPA, call Customer Service or go online. If the PCP is accepting additional plan members, the change will become effective on the first day of the following month. You will receive a new UnitedHealthcare member ID card that shows this change.

If you want to change to a PCP who is with a different contracted medical group/IPA, call Customer Service. If the new PCP is accepting additional plan members, and your request is received on or before the 24th of the month, the transfer will become effective on the first day of the following month. If your request is received after the 24th of the month, the transfer will become effective the first day of the second month following your request. For example, if we receive your change request on July 24th, your change is effective on August 1. If we receive your change request on July 25th, your change is effective on September 1. You will receive a new UnitedHealthcare member ID card that shows this change.

Neither the plan nor Medicare will pay for services, supplies, treatments, surgeries, and/or drug therapies for which a referral is required, but was not obtained from your PCP or us, except for emergency services, urgently needed services, out-of-area dialysis and post-stabilization care services, or when you have a prior authorization for an out-of-network provider.

Please refer to Chapter 4, Section 2.1 for more information about which services require prior authorization.

Please refer to the **Provider Directory** for a listing of plan specialists available through your network or you may consult the **Provider Directory** online at the website listed in Chapter 2 of this booklet.

If you use an out-of-network provider for routine dental services, your share of the costs for your covered services are described in "Covered Routine Dental Benefits" in Chapter 4.

When you select a PCP it is important to remember that your PCP will choose the network specialist to whom you will be referred based upon his or her referring practices and hospital affiliation. The presence of a particular network specialist in this directory does not mean that your PCP will refer you to that provider.

What if a specialist or another network provider leaves our plan?

It is important that you know that we may make changes to the hospitals, doctors, and specialists (providers) that are part of your plan during the year. If your doctor or specialist does leave your plan you have certain rights and protections that are summarized below:

furnish you with uninterrupted access to qualified doctors and specialists.
□We will notify you that your provider is leaving our plan so that you have time to select a new provider.
 If your primary care or behavioral health provider leaves our plan, we will notify you if you have seen that provider within the past three years.
☐ If any of your other providers leave our plan, we will notify you if you are assigned to the provider, currently receive care from them, or have seen them within the past three months.
□We will assist you in selecting a new qualified in-network provider that you may access for continued care.
□ If you are currently undergoing medical treatment or therapies with your current provider, you have the right to request, and we will work with you to ensure, that the medically necessary treatment or therapies you are receiving continues.
□We will provide you with information about the different enrollment periods available to you and options you may have for changing plans.
□We will arrange for any medically necessary covered benefit outside of our provider network, but at in-network cost sharing, when an in-network provider or benefit is unavailable or inadequate to meet your medical needs.
□If you find out your doctor or specialist is leaving your plan, please contact us so we can assist you in finding a new provider to manage your care.
□If you believe we have not furnished you with a qualified provider to replace your previous provider or that your care is not being appropriately managed, you have the right to file a qualit of care complaint to the QIO, a quality of care grievance to the plan, or both. Please see

You may call Customer Service for assistance at the number listed in Chapter 2 of this booklet. Some services require prior authorization from the plan in order to be covered. Obtaining prior authorization is the responsibility of the PCP or treating provider. Services and items requiring prior authorization are listed in Medical Benefits Chart in Chapter 4, Section 2.1.

Section 2.4 How to get care from out-of-network providers

As a member of our plan, you can choose to receive care from out-of-network providers for routine dental services only. For more information see the "Covered Routine Dental Benefits" in Chapter 4. Otherwise, care that you receive from out-of-network providers will not be covered unless the care meets one of the three exceptions described in Section 1.2 of this chapter. For information about getting out-of-network care when you have a medical emergency or urgent need for care, please see Section 3 in this chapter.

Section 3 How to get services when you have an emergency or urgent need for care or during a disaster Section 3.1 Getting care if you have a medical emergency

What is a "medical emergency" and what should you do if you have one?

A "medical emergency" is when you, or any other prudent layperson with an average knowledge of health and medicine, believe that you have medical symptoms that require immediate medical attention to prevent your loss of life (and, if you are a pregnant woman, loss of an unborn child), loss of a limb or function of a limb, or loss of or serious impairment to a bodily function. The medical symptoms may be an illness, injury, severe pain, or a medical condition that is quickly getting worse.

If you have a medical emergency:

□ Get help as quickly as possible. Call 911 for help or go to the nearest emergency room or hospital. Call for an ambulance if you need it. You do not need to get approval or a referral first from your PCP. You do not need to use a network doctor. You may get covered emergency medical care whenever you need it, anywhere in the world.

What is covered if you have a medical emergency?

Our plan covers ambulance services in situations where getting to the emergency room in any other way could endanger your health. We also cover medical services during the emergency.

The doctors who are giving you emergency care will decide when your condition is stable and the medical emergency is over.

After the emergency is over you are entitled to follow-up care to be sure your condition continues to be stable. Your doctors will continue to treat you until your doctors contact us and make plans for additional care. Your follow-up care will be covered by our plan. If your emergency care is provided by out-of-network providers, we will try to arrange for network providers to take over your care as soon as your medical condition and the circumstances allow.

What if it wasn't a medical emergency?

Sometimes it can be hard to know if you have a medical emergency. For example, you might go in for emergency care – thinking that your health is in serious danger – and the doctor may say that it wasn't a medical emergency after all. If it turns out that it was not an emergency, as long as you reasonably thought your health was in serious danger, we will cover your care.

However, after the doctor has said that it was **not** an emergency, we will cover additional care **only** if you get the additional care in one of these two ways:

□You go to a network provider to get the additional care.
□-or- The additional care you get is considered "urgently needed services" and you follow the
rules for getting this urgent care (for more information about this, see Section 3.2 below).

Section 3.2 Getting care when you have an urgent need for services

What are "urgently needed services"?

An urgently needed service is a non-emergency situation requiring immediate medical care but, given your circumstances, it is not possible or not reasonable to obtain these services from a network provider. The plan must cover urgently needed services provided out-of-network. Some examples of urgently needed services are i) a severe sore throat that occurs over the weekend or ii) an unforeseen flare-up of a known condition when you are temporarily outside the service area.

You should always try to obtain urgently needed services from network providers. However, if providers are temporarily unavailable or inaccessible and it is not reasonable to wait to obtain care from your network provider when the network becomes available, we will cover urgently needed services that you get from an out-of-network provider. Check your **Provider Directory** for a list of network Urgent Care Centers.

Our plan covers worldwide emergency and urgently needed services outside the United States under the following circumstances: emergency services, including emergency or urgently needed care and emergency ambulance transportation from the scene of an emergency to the nearest medical treatment facility. Transportation back to the United States from another country is not covered. Pre-scheduled, pre-planned treatments (including dialysis for an ongoing condition) and/ or elective procedures are not covered.

Section 3.3 Getting care during a disaster

If the Governor of your state, the U.S. Secretary of Health and Human Services, or the President of the United States declares a state of disaster or emergency in your geographic area, you are still entitled to care from your plan.

Please visit the following website: uhc.com/disaster-relief-info or contact Customer Service for information on how to obtain needed care during a disaster.

If you cannot use a network provider during a disaster, your plan will allow you to obtain care from out-of-network providers at in-network cost-sharing. If you cannot use a network pharmacy during a disaster, you may be able to fill your prescription drugs at an out-of-network pharmacy. Please see Chapter 5, Section 2.5 for more information.

Section 4 What if you are billed directly for the full cost of your services?

Section 4.1 You can ask us to pay our share of the cost of covered services

If you have paid more than your plan cost-sharing for covered services, or if you have received a bill for the full cost of covered medical services, go to Chapter 7 (Asking us to pay our share of a bill you have received for covered medical services or drugs) for information about what to do.

Section 4.2 If services are not covered by our plan, you must pay the full cost

Our plan covers all medically necessary services as listed in the Medical Benefits Chart in Chapter 4 of this document. If you receive services not covered by our plan or services obtained out-of-network and were not authorized, you are responsible for paying the full cost of services.

For covered services that have a benefit limitation, you also pay the full cost of any services you get after you have used up your benefit for that type of covered service. For example, if your plan covers one routine physical exam per year and you receive that routine physical but choose to have a second routine physical within the same year, you pay the full cost of the second routine physical. Any amounts that you pay after you have reached the benefit limitation do not count toward your annual out-of-pocket maximum. (See Chapter 4 for more information on your plan's out-of-pocket maximum.)

Section 5 How are your medical services covered when you are in a "clinical research study"?

Section 5.1 What is a "clinical research study"?

A clinical research study (also called a "clinical trial") is a way that doctors and scientists test new types of medical care, like how well a new cancer drug works. Certain clinical research studies are approved by Medicare. Clinical research studies approved by Medicare typically request volunteers to participate in the study.

Once Medicare approves the study, and you express interest, someone who works on the study will contact you to explain more about the study and see if you meet the requirements set by the scientists who are running the study. You can participate in the study as long as you meet the requirements for the study **and** you have a full understanding and acceptance of what is involved if you participate in the study.

If you participate in a Medicare-approved study, Original Medicare pays most of the costs for the covered services you receive as part of the study. If you tell us that you are in a qualified clinical trial, then you are only responsible for in-network cost-sharing for the services in that trial. If you paid more, for example, if you already paid the Original Medicare cost-sharing amount, we will reimburse the difference between what you paid and the in-network cost-sharing. However, you will need to provide documentation to show us how much you paid. When you are in a clinical research study, you may stay enrolled in our plan and continue to get the rest of your care (the care that is not related to the study) through our plan.

If you want to participate in any Medicare-approved clinical research study, you do **not** need to tell us or get approval from us or your PCP. The providers that deliver your care as part of the clinical research study do **not** need to be part of our plan's network of providers. Please note that this does not include benefits for which our plan is responsible that include, as a component, a clinical trial or registry to assess the benefit. These include certain benefits specified under national coverage determinations (NCDs) and investigational device trials (IDE) and may be subject to prior authorization and other plan rules.

Although you do not need to get our plan's permission to be in a clinical research study, covered for Medicare Advantage enrollees by Original Medicare, we encourage you to notify us in advance when you choose to participate in Medicare-qualified clinical trials.

If you participate in a study that Medicare has not approved you will be responsible for paying all costs for your participation in the study.

Section 5.2 When you participate in a clinical research study, who pays for what?

Once you join a Medicare-approved clinical research study, Original Medicare covers the routine
items and services you receive as part of the study, including:
\square Room and board for a hospital stay that Medicare would pay for even if you weren't in a study
☐ An operation or other medical procedure if it is part of the research study.
☐Treatment of side effects and complications of the new care.

After Medicare has paid its share of the cost for these services, our plan will pay the difference between the cost-sharing in Original Medicare and your in-network cost-sharing as a member of our plan. This means you will pay the same amount for the services you receive as part of the study as you would if you received these services from our plan. However, you are required to submit documentation showing how much cost-sharing you paid. Please see Chapter 7 for more information for submitting requests for payments.

Here's an example of how the cost-sharing works: Let's say that you have a lab test that costs \$100 as part of the research study. Let's also say that your share of the costs for this test is \$20 under Original Medicare, but the test would be \$10 under our plan's benefits. In this case, Original Medicare would pay \$80 for the test and you would pay the \$20 copay required under Original Medicare. You would then notify your plan that you received a qualified clinical trial service and submit documentation such as a provider bill to the plan. The plan would then directly pay you \$10. Therefore, your net payment is \$10, the same amount you would pay under our plan's benefits. Please note that in order to receive payment from your plan, you must submit documentation to your plan such as a provider bill.

When you are part of a clinical research study, **neither Medicare nor our plan will pay for any of the following:**

□Generally, Medicare will not pay for the new item or service that the study is testing unless
Medicare would cover the item or service even if you were not in a study.
□ Items or services provided only to collect data, and not used in your direct health care. For
example, Medicare would not pay for monthly CT scans done as part of the study if your
medical condition would normally require only one CT scan.

Do you want to know more?

You can get more information about joining a clinical research study by visiting the Medicare website to read or download the publication "Medicare and Clinical Research Studies." (The publication is available at: medicare.gov/Pubs/pdf/02226-Medicare-and-Clinical-Research-Studies.pdf.) You can also call 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week. TTY users should call 1-877-486-2048.

Section 6 Rules for getting care in a "religious non-medical health care institution"

Section 6.1 What is a religious non-medical health care institution?

A religious non-medical health care institution is a facility that provides care for a condition that would ordinarily be treated in a hospital or skilled nursing facility. If getting care in a hospital or a skilled nursing facility is against a member's religious beliefs, we will instead provide coverage for care in a religious non-medical health care institution. This benefit is provided only for Part A inpatient services (non-medical health care services).

Section 6.2 Receiving care from a religious non-medical health care institution To get care from a religious non-medical health care institution, you must sign a legal decument.

To get care from a religious non-medical health care institution, you must sign a legal document that says you are conscientiously opposed to getting medical treatment that is "non-excepted."
"Non-excepted" medical care or treatment is any medical care or treatment that is voluntary and not required by any federal, state, or local law.
□ "Excepted" medical treatment is medical care or treatment that you get that is not voluntary or is required under federal, state, or local law.
To be covered by our plan, the care you get from a religious non-medical health care institution must meet the following conditions:
☐The facility providing the care must be certified by Medicare.
□Our plan's coverage of services you receive is limited to non-religious aspects of care.
□If you get services from this institution that are provided to you in a facility, the following conditions apply:
☐ You must have a medical condition that would allow you to receive covered services for inpatient hospital care or skilled nursing facility care.

You are covered for unlimited days in the hospital, as long as your stay meets Medicare coverage guidelines. The coverage limits are described under **inpatient hospital care** in the medical benefits chart in Chapter 4.

or your stay will not be covered.

□ and - you must get approval in advance from our plan before you are admitted to the facility

Section 7 Rules for ownership of durable medical equipment Section 7.1 Will you own the durable medical equipment after making a certain number of payments under our plan?

Durable medical equipment (DME) includes items such as oxygen equipment and supplies, wheelchairs, walkers, powered mattress systems, crutches, diabetic supplies, speech generating devices, IV infusion pumps, nebulizers, and hospital beds ordered by a provider for use in the home. The member always owns certain items, such as prosthetics. In this section, we discuss other types of DME that you must rent.

In Original Medicare, people who rent certain types of DME own the equipment after paying copayments for the item for 13 months. As a member of our plan, however, you usually will not acquire ownership of rented DME items no matter how many copayments you make for the item while a member of our plan, even if you made up to 12 consecutive payments for the DME item

under Original Medicare before you joined our plan. Under certain limited circumstances we will transfer ownership of the durable medical equipment item. Call Customer Service for more information.

What happens to payments you made for durable medical equipment if you switch to Original Medicare?

If you did not acquire ownership of the DME item while in our plan, you will have to make 13 new consecutive payments after you switch to Original Medicare in order to own the item. The payments made while enrolled in your plan do not count.

Example 1: You made 12 or fewer consecutive payments for the item in Original Medicare and then joined our plan. The payments you made in Original Medicare do not count.

Example 2: You made 12 or fewer consecutive payments for the item in Original Medicare and then joined our plan. You were in our plan but did not obtain ownership while in our plan. You then go back to Original Medicare. You will have to make 13 consecutive new payments to own the item once you join Original Medicare again. All previous payments (whether to our plan or to Original Medicare) do not count.

Section 7.2 Rules for oxygen equipment, supplies, and maintenance

What oxygen benefits are you entitled to?

f you qualify for Medicare oxygen equipment coverage our plan will cover:	
□Rental of oxygen equipment	
□Delivery of oxygen and oxygen contents	
☐Tubing and related oxygen accessories for the delivery of oxygen and oxygen contents	
☐Maintenance and repairs of oxygen equipment	
f you leave our plan or no longer medically require oxygen equipment, then the oxygen equipment must be returned.	∍nt

What happens if you leave your plan and return to Original Medicare?

Original Medicare requires an oxygen supplier to provide you services for five years. During the first 36 months you rent the equipment. The remaining 24 months the supplier provides the equipment and maintenance (you are still responsible for the copayment for oxygen). After five years you may choose to stay with the same company or go to another company. At this point, the five-year cycle begins again, even if you remain with the same company, requiring you to pay copayments for the first 36 months. If you join or leave our plan, the five-year cycle starts over.

Chapter 4

Medical Benefits Chart (what is covered and what you pay)

Section 1 Understanding your out-of-pocket costs for covered services

This chapter provides a medical benefits chart that lists your covered services and shows how much you will pay for each covered service as a member of AARP® Medicare Advantage from UHC CA-010P (HMO-POS). Later in this chapter, you can find information about medical services that are not covered. It also explains limits on certain services.

Section 1.1 Types of out-of-pocket costs you may pay for your covered services

To understand the payment information we give you in this chapter, you need to know about the types of out-of-pocket costs you may pay for your covered services.

□A "copayment" is the fixed amount you pay each time you receive certain medical services
You pay a copayment at the time you get the medical service. (The medical benefits chart in
Section 2 tells you more about your copayments.)
The increase in the presented a very pay of the total and of contain medical continue.

□ "Coinsurance" is the percentage you pay of the total cost of certain medical services. You pay a coinsurance at the time you get the medical service. (The medical benefits chart in Section 2 tells you more about your coinsurance.)

Most people who qualify for Medicaid or for the Qualified Medicare Beneficiary (QMB) program should never pay deductibles, copayments or coinsurance for Medicare-covered services. Be sure to show your proof of Medicaid or QMB eligibility to your provider, if applicable.

Section 1.2 What is the most you will pay for Medicare Part A and Part B covered medical services?

Because you are enrolled in a Medicare Advantage Plan, there is a limit on the amount you have to pay out-of-pocket each year for in-network medical services that are covered under Medicare Part A and Part B. This limit is called the maximum out-of-pocket amount for medical services. For calendar year 2024 this amount is \$3,500.

The amounts you pay for your copayments and coinsurance for in-network covered services count toward this maximum out-of-pocket amount. The amounts you pay for your plan premium and for your Part D prescription drugs do not count toward your maximum out-of-pocket amount. In addition, amounts you pay for some services do not count toward your maximum out-of-pocket amount. These services are marked with an asterisk in the medical benefits chart. If you reach the maximum out-of-pocket amount of \$3,500, you will not have to pay any out-of-pocket costs for the rest of the year for in-network covered Part A and Part B services. However, you must continue to pay your plan premium and the Medicare Part B premium (unless your Part B premium is paid for you by Medi-Cal - Managed Care Operations Division Department of Health Care Services (Medicaid) or another third party).

Section 1.3 Our plan does not allow network providers to "balance bill" you

AARP® Medicare Advantage from UHC CA-010P (HMO-POS).
☐ Covered services that may need approval in advance are marked by a double dagger (^{††}) in the medical benefits chart.
 Network providers agree by contract to obtain prior authorization from the plan and agree not to balance bill you.
Other important things to know about our coverage:
□Like all Medicare health plans, we cover everything that Original Medicare covers. For some of these benefits, you pay more in our plan than you would in Original Medicare. For others, you pay less . (If you want to know more about the coverage and costs of Original Medicare, look in your Medicare & You 2024 handbook. View it online at medicare.gov or ask for a copy by calling 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week. TTY users should call 1-877-486-2048.)
□ For all Preventive services that are covered at no cost under Original Medicare, we also cover the service at no cost to you. However, if you also are treated or monitored for an existing medical condition during the visit when you receive the preventive service, a copayment will apply for the care received for the existing medical condition.
☐ If Medicare adds coverage for any new services during 2024, either Medicare or our plan will cover those services.
You will see this apple next to the Preventive services in the benefits chart.
Medically Necessary - means health care services, supplies, or drugs needed for the prevention, diagnosis, or treatment of your sickness, injury or illness that are all of the following as determined by us or our designee, within our sole discretion:
☐ In accordance with Generally accepted standards of medical practice .
☐ Most appropriate, in terms of type, frequency, extent, site and duration, and considered effective for your sickness, injury, or illness.
□Not mainly for your convenience or that of your doctor or other health care provider.
□Meet, but do not exceed your medical need, are at least as beneficial as an existing and available medically appropriate alternative, and are furnished in the most cost-effective manner that may be provided safely and effectively.

Generally accepted standards of medical practice are standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, relying primarily on controlled clinical trials, or, if not available, observational studies from more than one institution that suggest a causal relationship between the service or treatment and health outcomes.

If no credible scientific evidence is available, then standards that are based on Physician specialty society recommendations or professional standards of care may be considered. We reserve the right to consult expert opinion in determining whether health care services are Medically Necessary. The decision to apply Physician specialty society recommendations, the choice of expert and the determination of when to use any such expert opinion, shall be within our sole discretion.

Your hospital may ask for separate cost-sharing for certain outpatient hospital medical services for example but not limited to; radiological tests or Medicare Part B drugs administered while you are there. Your pharmacist will ask for a separate copayment for each prescription he or she fills. The specific cost-sharing that will apply depends on which services you receive. Hospice care	When you enroll in a Medicare-
You are eligible for the hospice benefit when your doctor and the hospice medical director have given you a terminal prognosis certifying that you're terminally ill and have 6 months or less to live if your illness runs its normal course. You may receive care from any Medicare-certified hospice program. Your plan is obligated to help you find Medicare-certified hospice programs in the plan's service area, including those the MA organization owns, controls, or has a financial interest in. Your hospice doctor can be a network provider or an out-of-network provider.	certified hospice program, your hospice services and your Part A and Part B services related to your terminal prognosis are paid for by Original Medicare, not AARP® Medicare Advantage from UHC CA-010P (HMO-POS).
Covered services include:	
□Drugs for symptom control and pain relief	
Short-term respite care	
☐Home care	
When you are admitted to a hospice you have the right to remain in your plan; if you chose to remain in your plan you must continue to pay plan premiums.	
For hospice services and for services that are covered by Medicare Part A or B and are related to your terminal prognosis: Original Medicare (rather than our plan) will pay your hospice provider for your hospice services and any Part A and Part B services related to your terminal prognosis.	

Services that are covered for you	What you must pay when you get these services
While you are in the hospice program, your hospice provider will bill Original Medicare for the services that Original Medicare pays for. You will be billed Original Medicare costsharing.	
For services that are covered by Medicare Part A or B and are not related to your terminal prognosis: If you need non-emergency, non-urgently needed services that are covered under Medicare Part A or B and that are not related to your terminal prognosis, your cost for these services depends on whether you use a provider in our plan's network and follow plan rules (such as if there is a requirement to obtain prior authorization):	
☐ If you obtain the covered services from a network provider and follow plan rules for obtaining service, you only pay the plan cost-sharing amount for in-network services	
☐ If you obtain the covered services from an out-of- network provider, you pay the cost-sharing under Fee- for-Service Medicare (Original Medicare)	
For services that are covered by AARP® Medicare Advantage from UHC CA-010P (HMO-POS) but are not covered by Medicare Part A or B: AARP® Medicare Advantage from UHC CA-010P (HMO-POS) will continue to cover plan-covered services that are not covered under Part A or B whether or not they are related to your terminal prognosis. You pay your plan cost-sharing amount for these services.	
For drugs that may be covered by the plan's Part D benefit: If these drugs are unrelated to your terminal hospice condition you pay cost-sharing. If they are related to your terminal hospice condition then you pay Original Medicare cost-sharing. Drugs are never covered by both hospice and our plan at the same time. For more information, please see Chapter 5, Section 9.4 (What if you're in Medicare-certified hospice).	

Services that are covered for you	What you must pay when you get these services
Note: If you need non-hospice care (care that is not related to your terminal prognosis), you should contact us to arrange the services. Getting your non-hospice care through our network providers will lower your share of the costs for the services.	
 Immunizations Covered Medicare Part B services include: □Pneumonia vaccine □Flu vaccine, one each flu season in the fall and winter, with additional flu vaccine shots if medically necessary □Hepatitis B vaccine if you are at high or intermediate risk of getting Hepatitis B □COVID-19 vaccine □Other vaccines if you are at risk and they meet Medicare Part B coverage rules We also cover some vaccines under our Part D prescription drug benefit, such as shingles or tetanus booster shots. See Chapter 6 for more information about coverage and applicable cost-sharing. 	There is no coinsurance, copayment, or deductible for the pneumonia, flu, Hepatitis B, or COVID-19 vaccines. There is no coinsurance, copayment, or deductible for all other Medicare-covered immunizations.

You or your doctor may need to provide more information about how a Medicare Part B prescription drug is used in order to determine coverage. There may be effective, lowercost drugs that treat the same medical condition. If you are prescribed a new Part B medication or have not recently filled the medication under Part B, you may be required to try one or more of these other drugs before the plan will cover your drug. If you have already tried other drugs or your doctor thinks they are not right for you, you or your doctor can ask the plan to cover the Part B drug. (For more information, see Chapter 9, What to do if you have a problem or complaint (coverage decisions, appeals, complaints).) Please contact Customer Service for more information. We also cover some vaccines under our Part B and Part D prescription drug benefit. Chapter 5 explains the Part D prescription drug benefit, including rules you must follow to have prescriptions covered. What you pay for your Part D prescription drugs through our plan is explained in Chapter 6.

Exclusions:

- 1. Services performed by an out-of-network dentist if your plan does not have out-of-network coverage.
- 2. Dental services that are not necessary.
- 3. Hospitalization or other facility charges.
- 4. Any dental procedure performed solely for cosmetic and/or aesthetic reasons.
- 5. Any dental procedure not directly associated with a dental disease.
- 6. Any procedure not performed in a dental setting.
- 7. Reconstructive surgery of any type, including reconstructive surgery related to a dental disease, injury, or congenital anomaly.
- 8. Procedures that are considered experimental, investigational or unproven. This includes pharmacological regimens not accepted by the American Dental Association Council on dental therapeutics. The fact that an experimental, investigational or unproven service, treatment, device or pharmacological regimen is the only available treatment for a particular condition will not result in coverage if the procedure is considered to be experimental, investigational or unproven in the treatment of that particular condition.
- 9. Service for injuries or conditions covered by workmen's compensation or employer liability laws, and services that are provided without cost to the covered persons by any municipality, county, or other political subdivision. This exclusion does NOT apply to any services covered by Medicaid or Medicare.
- 10. Expenses for dental procedures begun prior to the covered person's eligibility with the plan.
- 11. Dental services rendered (including otherwise covered dental services) after the date on which individual coverage under the policy terminates, including dental services for dental conditions arising prior to the date on which individual coverage under the policy terminates.
- 12. Services rendered by a provider with the same legal residence as a covered person or who is a member of a covered person's family, including a spouse, brother, sister, parent or child
- 13. Charges for failure to keep a scheduled appointment without giving the dental office 24 hours notice, sales tax, or duplicating/copying patient records.
- 14. Implants and implant-related services.

- 15. Tooth bleaching and/or enamel microabrasion
- 16. Veneers
- 17. Orthodontics
- 18. Sustained release of therapeutic drug (D9613)
- 19. COVID screening, testing, and vaccination
- 20. Charges aligned to dental case management, case presentation, consultation with other medical professionals or translation/sign language services.
- 21. Space Maintenance
- 22. Any unspecified procedure by report (Dental codes: D##99)

Disclaimer: Treatment plans and recommended dental procedures may vary. Talk to your dentist about treatment options, risks, benefits, and fees. CDT code changes are issued annually by the American Dental Association. Procedure codes may be altered during the plan year in accordance with discontinuation of certain dental codes.

Section 2.2 Extra "optional supplemental" benefits you can buy

Our plan offers some extra benefits that are not covered by Original Medicare and not included in your benefits package as a plan member. These extra benefits are called "**Optional Supplemental Benefits.**" If you want these optional supplemental benefits, you must sign up for them and you may have to pay an additional premium for them. The optional supplemental benefits described in this section are subject to the same appeals process as any other benefits.

Adding Optional Supplemental Benefits to your plan

You must be enrolled in the plan in order to purchase an Optional Supplemental Rider. Purchasing an Optional Supplemental Rider is optional. You can purchase the rider at the time you enroll in your plan or within 3 months after the effective date of your plan.

Enrolling in Optional Supplemental Benefits

To enroll in an Optional Supplemental Rider, call Customer Service at the number listed on the cover. In general, completed requests to elect an Optional Supplemental Rider received by the last day of the month will be effective the first day of the following month.

Disenrolling from an Optional Supplemental Plan

If you wish to disenroll from an Optional Supplemental Rider, you may call Customer Service at the number listed on the cover.

Optional Supplemental Rider disenrollment requests received by the last day of the month will be effective the first day of the following month. Members will be responsible for their Optional Supplemental Rider premium payment for the following month if the disenrollment request is received after the last day of the current month. Disenrollment from an Optional Supplemental Rider will not result in disenrollment from your health plan.

Non-payment of plan premiums for an Optional Supplemental Rider will not result in disenrollment from your health plan, only the loss of the Optional Supplemental Rider and your return to the basic benefit plan.

If you have a procedure in progress at the time of your termination of your Rider, your Dental Office will complete the procedure. If we cancel your Dental Office's contract, or if your Dental Office cancels their contract with us, it will be our responsibility to see that you receive your Dental Benefits at another Dental Office.

Refund of Premium

Members enrolled in an Optional Supplemental Plan have a monthly plan premium and are entitled to a refund for any overpayments of plan premiums made during the course of the year or at the time of disenrollment. Overpayments of Optional Supplemental Plan premiums will be refunded as necessary or upon request or disenrollment. We will refund any overpayments within 30 business days of notification. We may apply your overpayment of Optional Supplemental benefit plan premiums to your monthly health plan premiums, if any.

Platinum Dental Rider

The Optional Supplemental Rider coverage described below is only applicable to Members who have enrolled into the dental rider and are paying the associated monthly premium.

If you have not already enrolled into this Optional Supplemental Rider and you would like to enroll in it, you should call the Customer Service number listed on the back cover of this booklet. You can enroll into the Rider at the time you enroll in your plan or within 3 months after the effective date of your plan. For members who stay on a plan from year to year your plan effective is January 1st of the plan year, therefore you can enroll into the rider during AEP for a January 1st effective date or within the first 3 months of that plan year.

Introducing the Platinum Dental Rider

We know that having choices in selecting health care benefits is important to you. The Platinum Dental Rider is an optional supplemental benefit package that can be purchased to replace any dental benefits that may already be offered within your Medicare Advantage plan. The Platinum Dental Rider cannot be combined with any other dental benefits that may be included in your plan. It is offered to you for a monthly premium of \$48.00. This is in addition to any plan premium you may have for your Medicare Advantage plan.

Covered Platinum Dental Rider Benefits:

Α	Innual Maximum: \$1,500
	☐ As a part of the Platinum Dental Rider you get coverage for non-Medicare covered preventive and other necessary dental services such as: ☐ Exams
	□ Cleanings (Prophylaxis, Periodontal Maintenance, & Deep Cleanings)□ X-rays
	□ Fillings □ Crowns
	□ Bridges □ Root Canals
	□ Extractions □ Partial Dentures □ Complete Dentures
	□\$0 copay for preventive and diagnostic dental care such as exams, routine cleanings, x-rays, and fluoride.
	□A 50% coinsurance applies to dentures and bridges (coinsurance applies to the actual dentures and bridges, not to modifications and adjustments for existing dentures or bridges).
	□All other covered comprehensive services are offered at a \$0 copay (including modification and adjustments to dentures and bridges).
	Some covered services may consider prior tooth history and procedures in conjunction with frequency limitations. If you wish to discuss detailed information about your plan with your dentist or see the full list of covered dental services with associated frequency limitations, you can find it in the UHC Dental Medicare quick reference guide at uhcmedicaredentalproviderqrg.com
	□ Procedures used for cosmetic-only reasons (tooth bleaching/whitening, veneers, gingival recontouring, enamel microabrasion), orthodontics, space maintenance, implants and implant-

related services, sales tax, charges for failure to keep appointments, dental case management, dental charges related to COVID screening, testing and vaccination, and unspecified procedures by report are not covered by the plan.
□ After the annual maximum is exhausted, any remaining charges are your responsibility. Other limitations and exclusions are listed below.
□This dental plan offers access to the robust UHC Dental National Medicare Advantage Network Network dentists have agreed to provide services at a negotiated rate. If you see a network dentist, you cannot be billed more than that rate for covered services within the limitations of the plan. Any fees associated with non-covered services are your responsibility. □For assistance finding a provider, please use the dental provider search tool at myAARPMedicare.com. You may also call 1-866-261-7709 for help with finding a provider or scheduling a dental appointment
□This dental plan offers both in-network and out-of-network dental coverage. Out-of-network dentists are not contracted to accept plan payment as payment in full, so they might charge you for more than what the plan pays, even for services that have \$0 copayment. Seeing a provider from the robust dental network can therefore result in substantial savings. Benefits received out-of-network are subject to any in-network benefit maximums, limitations and/or exclusions.
□When you have covered dental services performed at a network dentist, the dentist will submit the claim on your behalf. When you see an out-of-network dentist, often the dentist will submit a claim on your behalf. If they do not, then you can submit it directly using the following instructions:
 ☐ The claim submission must contain the following information: ☐ Full member name and member ID number ☐ Full provider name and address ☐ List of dental services rendered with the corresponding ADA code(s)
 □ Proof of payment in the form of a receipt, check copy, EOB, or a ledger statement from the provider showing a positive payment against the services rendered □ Mail all required claim information within 365 days from the date of service to: P.O. Box 30567, Salt Lake City, UT 84130
 □ Payment will be sent to the address listed on your account. To update your address or for assistance with submitting claims, contact Customer Service at 1-866-261-7709 TTY 711. □ Claims are paid within 30 days and an Explanation of Payment (EOP) will accompany check payment
□Dentists may ask you to sign an informed consent document detailing the risks, benefits, costs and alternatives to all recommended treatments. If you would like to learn more how your dental plan coverage relates to your proposed dental treatment and costs, you may ask your dentist to obtain a pre-treatment cost calculation from UHC Dental. If the provider has question about how to obtain this information, they can contact UHC Dental using the number or websit on the back of your Member ID card. □For all other questions or more information, please call 1-866-261-7709 TTY 711 or visit myAARPMedicare.com

Recovery of Payments

We reserve the right to deduct from any benefits properly payable under the Platinum Dental Rider the amount of any payment that has been made:

- 1. In error
- 2. Due to a misstatement contained in a claim
- 3. Due to a misstatement made to get coverage
- 4. With respect to an ineligible person; this deduction may be made against any claim for benefits under the Dental Rider by you if such payment is made with respect to you. No request for a refund of all or a portion of a payment of a claim to you or to a dentist will be made after 24 months from the claim payment date. The only exceptions to this are when the payment was made because of fraud committed by you or the dentist, or if you or the dentist has otherwise agreed to make a refund for overpayment of a claim.

Discharge of Liability

Any payment made in accordance with the provisions of the Platinum Dental Rider shall fully discharge our liability to the extent of such payment.

Exclusions:

- 1. Services performed by an out-of-network dentist if your plan does not have out-of-network coverage.
- 2. Dental services that are not necessary.
- 3. Hospitalization or other facility charges.
- 4. Any dental procedure performed solely for cosmetic and/or aesthetic reasons.
- 5. Any dental procedure not directly associated with a dental disease.

- 7. Reconstructive surgery of any type, including reconstructive surgery related to a dental disease, injury, or congenital anomaly.
- 8. Procedures that are considered experimental, investigational or unproven. This includes pharmacological regimens not accepted by the American Dental Association Council on dental therapeutics. The fact that an experimental, investigational or unproven service, treatment, device or pharmacological regimen is the only available treatment for a particular condition will not result in coverage if the procedure is considered to be experimental, investigational or unproven in the treatment of that particular condition.
- 9. Service for injuries or conditions covered by workmen's compensation or employer liability laws, and services that are provided without cost to the covered persons by any municipality, county, or other political subdivision. This exclusion does NOT apply to any services covered by Medicaid or Medicare.
- 10. Expenses for dental procedures begun prior to the covered person's eligibility with the plan.
- 11. Dental services rendered (including otherwise covered dental services) after the date on which individual coverage under the policy terminates, including dental services for dental conditions arising prior to the date on which individual coverage under the policy terminates.

- 12. Services rendered by a provider with the same legal residence as a covered person or who is a member of a covered person's family, including a spouse, brother, sister, parent or child.
- 13. Charges for failure to keep a scheduled appointment without giving the dental office 24 hours notice, sales tax, or duplicating/copying patient records.

Disclaimer: Treatment plans and recommended dental procedures may vary. Talk to your dentist about treatment options, risks, benefits, and fees. CDT code changes are issued annually by the American Dental Association. Procedure codes may be altered during the plan year in accordance with discontinuation of certain dental codes.

Section 3 What services are not covered by the plan?

Section 3.1 Services we do not cover (exclusions)

This section tells you what services are "excluded" from Medicare coverage and therefore, are not covered by this plan.

The chart below lists services and items that either are not covered under any condition or are covered only under specific conditions.

If you get services that are excluded (not covered), you must pay for them yourself, except under the specific conditions listed below. Even if you receive the excluded services at an emergency facility, the excluded services are still not covered and our plan will not pay for them.

The only exception is if the service is appealed and decided upon appeal to be a medical service that we should have paid for or covered because of your specific situation. (For information about appealing a decision we have made to not cover a medical service, go to Chapter 9, Section 5.3 in this document.)

We regularly review new procedures, devices and drugs to determine whether or not they are safe and effective for members. New procedures and technology that are safe and effective are eligible to become covered services. If the technology becomes a covered service, it will be subject to all other terms and conditions of the plan, including medical necessity and any applicable member copayments, coinsurance, deductibles or other payment contributions.

In determining whether to cover a service, we use proprietary technology guidelines to review new devices, procedures and drugs, including those related to behavioral/mental health. When clinical necessity requires a rapid determination of the safe and effective use of a new technology or new application of an existing technology for an individual member, one of our medical directors makes a medical necessity determination based on individual member medical documentation, review of published scientific evidence, and, when appropriate, relevant specialty or professional opinion from an individual who has expertise in the technology.

Chapter 5

Using the plan's coverage for Part D prescription drugs

Section 1 Introduction

This chapter **explains rules for using your coverage for Part D drugs**. Please see Chapter 4 for Medicare Part B drug benefits and hospice drug benefits.

Section 1.1 Basic rules for the plan's Part D drug coverage

The plan will generally cover your drugs as long as you follow these basic rules:
You must have a provider (a doctor, dentist, or other prescriber) write you a prescription which must be valid under applicable state law.
Your prescriber must not be on Medicare's Exclusion or Preclusion Lists.
You generally must use a network pharmacy to fill your prescription. (See Section 2, Fill your prescriptions at a network pharmacy or through the plan's mail-order service.)
Your drug must be on the plan's List of Covered Drugs (Formulary) (we call it the Drug List for short). (See Section 3, Your drugs need to be on the plan's Drug List.)
Your drug must be used for a medically accepted indication. A "medically accepted indication" is a use of the drug that is either approved by the Food and Drug Administration or supported by certain references. (See Section 3 for more information about a medically accepted indication.)

Section 2 Fill your prescription at a network pharmacy or through the plan's mail-order service

Section 2.1 Use a network pharmacy

In most cases, your prescriptions are covered **only** if they are filled at the plan's network pharmacies. (See Section 2.5 for information about when we would cover prescriptions filled at out-of-network pharmacies.)

A network pharmacy is a pharmacy that has a contract with the plan to provide your covered prescription drugs. The term "covered drugs" means all of the Part D prescription drugs that are on the plan's Drug List.

Section 2.2 Network pharmacies

How do you find a network pharmacy in your area?

To find a network pharmacy, you can look in your **Pharmacy Directory**, visit our website (myAARPMedicare.com), and/or call Customer Service.

You may go to any of our network pharmacies.

What if the pharmacy you have been using leaves the network?

If the pharmacy you have been using leaves the plan's network, you will have to find a new pharmacy that is in the network. To find another pharmacy in your area, you can get help from

Customer Service or use the **Pharmacy Directory**. You can also find information on our website at myAARPMedicare.com.

What if you need a specialized pharmacy?

S	Some prescriptions must be filled at a specialized pharmacy. Specialized pharmacies include:
	□Pharmacies that supply drugs for home infusion therapy.
	□ Pharmacies that supply drugs for residents of a long-term care (LTC) facility. Usually, a LTC facility (such as a nursing home) has its own pharmacy. If you have any difficulty accessing your Part D benefits in an LTC facility, please contact Customer Service.
	□ Pharmacies that serve the Indian Health Service / Tribal / Urban Indian Health Program (not available in Puerto Rico). Except in emergencies, only Native Americans or Alaska Natives have access to these pharmacies in our network.
	□ Pharmacies that dispense drugs that are restricted by the FDA to certain locations or that require special handling, provider coordination, or education on their use. (Note: This scenario should happen rarely.)

To locate a specialized pharmacy, look in your **Pharmacy Directory** or call Customer Service.

Section 2.3 Using the plan's mail-order service

Our plan's mail-order service allows you to order up to a 100-day supply.

To get order forms and information about filling your prescriptions by mail you may contact our preferred mail service pharmacy, OptumRx[™]. OptumRx can be reached at 1-877-889-6358, or for the hearing impaired, (TTY) 711, 24 hours a day, 7 days a week. Please reference your **Pharmacy Directory** to find the mail service pharmacies in our network. If you use a mail-order pharmacy not in the plan's network, your prescription will not be covered.

Usually a mail-order pharmacy order will be delivered to you in no more than 10 business days. However, sometimes your mail-order may be delayed. If your mail-order is delayed, please follow these steps:

If your prescription is on file at your local pharmacy, go to your pharmacy to fill the prescription. If your delayed prescription is not on file at your local pharmacy, then please ask your doctor to call in a new prescription to your pharmacist. Or, your pharmacist can call the doctor's office for you to request the prescription. Your pharmacist can call the Pharmacy help desk at 1-877-889-6510, (TTY) 711, 24 hours a day, 7 days a week if he/she has any problems, questions, concerns, or needs a claim override for a delayed prescription.

New prescriptions the pharmacy receives directly from your doctor's office.

The pharmacy will automatically fill and deliver new prescriptions it receives from health care
providers, without checking with you first, if either:

□You used mail-order services with this plan in the past, or
□You sign up for automatic delivery of all new prescriptions received directly from health care
providers. You may request automatic delivery of all new prescriptions at any time by phone of
mail.

If you receive a prescription automatically by mail that you do not want, and you were not contacted to see if you wanted it before it shipped, you may be eligible for a refund.

If you used mail order in the past and do not want the pharmacy to automatically fill and ship each new prescription, please contact us by phone or mail.

If you have never used our mail-order delivery and/or decide to stop automatic fills of new prescriptions, the pharmacy will contact you each time it gets a new prescription from a health care provider to see if you want the medication filled and shipped immediately. It is important that you respond each time you are contacted by the pharmacy, to let them know whether to ship, delay, or cancel the new prescription.

Refills on mail-order prescriptions. For refills of your drugs, you have the option to sign up for an automatic refill program. Under this program we will start to process your next refill automatically when our records show you should be close to running out of your drug. The pharmacy will contact you prior to shipping each refill to make sure you are in need of more medication, and you can cancel scheduled refills if you have enough of your medication or if your medication has changed. If you choose not to use our auto-refill program but still want the mail-order pharmacy to send you your prescription, please contact your pharmacy 10 days before your current prescription will run out. This will ensure your order is shipped to you in time.

To opt out of our program that automatically prepares mail-order refills, please contact us by calling Optum Rx at 1-877-889-5802.

If you receive a refill automatically by mail that you do not want, you may be eligible for a refund.

Please keep your mail order pharmacy informed about the best way(s) to contact you, so the pharmacy can reach you to confirm your order before shipping. You can do this by contacting the mail order pharmacy when you set up your auto refill program and also when you receive notifications about upcoming refill shipments.

Section 2.4 How can you get a long-term supply of drugs?

When you get a long-term supply of drugs, your cost-sharing may be lower. The plan offers two ways to get a long-term supply (also called an "extended supply") of "maintenance" drugs on our plan's Drug List. (Maintenance drugs are drugs that you take on a regular basis, for a chronic or long-term medical condition.)

- 1. Some retail pharmacies in our network allow you to get a long-term supply of maintenance drugs. Your Pharmacy Directory tells you which pharmacies in our network can give you a long-term supply of maintenance drugs. You can also call Customer Service for more information.
- 2. You may also receive maintenance drugs through our mail-order program. Please see Section 2.3 for more information.

Section 2.5 When can you use a pharmacy that is not in the plan's network?

Your prescription may be covered in certain situations

Generally, we cover drugs filled at an out-of-network pharmacy **only** when you are not able to use a network pharmacy. To help you, we have network pharmacies outside of our service area where

you can get your prescriptions filled as a member of our plan. **Please check first with Customer Service** to see if there is a network pharmacy nearby. You will most likely be required to pay the difference between what you pay for the drug at the out-of-network pharmacy and the cost that we would cover at an in-network pharmacy.

Here are the circumstances when we would cover prescriptions filled at an out-of-network pharmacy:

□ Prescriptions for a medical emergency We will cover prescriptions that are filled at an out-of-network pharmacy if the prescriptions are related to care for a medical emergency or urgently needed care, are included in our Drug List without restrictions, and are not excluded from Medicare Part D coverage. □ Coverage when traveling or out of the service area When traveling within the U.S. you have access to network pharmacies nationwide. Bring your prescriptions and medication with you and be sure to check the pharmacy directory for your travel plans to locate a network pharmacy while traveling. If you are leaving the country, you may be able to obtain a greater day supply to take with you before leaving for the country where there are no network pharmacies available. □ If you are unable to obtain a covered drug in a timely manner within the service area because a network pharmacy that provides 24-hour service is not within reasonable driving distance. □If you are trying to fill a prescription drug not regularly stocked at an accessible network retail or preferred mail-order pharmacy (including high cost and unique drugs). □ If you need a prescription while a patient in an emergency department, provider based clinic, outpatient surgery, or other outpatient setting.

How do you ask for reimbursement from the plan?

If you must use an out-of-network pharmacy, you will generally have to pay the full cost (rather than your normal cost share) at the time you fill your prescription. You can ask us to reimburse you for our share of the cost. (Chapter 7, Section 2 explains how to ask the plan to pay you back.)

Section 3 Your drugs need to be on the plan's Drug List Section 3.1 The Drug List tells which Part D drugs are covered

The plan has a "List of Covered Drugs (Formulary)." In this Evidence of Coverage, we call it the Drug List for short.

The drugs on this list are selected by the plan with the help of a team of doctors and pharmacists. The list meets Medicare's requirements and has been approved by Medicare.

The drugs on the Drug List are only those covered under Medicare Part D.

We will generally cover a drug on the plan's Drug List as long as you follow the other coverage rules explained in this chapter and the use of the drug is a medically accepted indication. A "medically accepted indication" is a use of the drug that is **either**:

□Approved by the Food a	and Drug A	Administration	for the	diagnosis	or cor	ndition fo	or which	ı it is
being prescribed.								

□ – **or** – Supported by certain references, such as the American Hospital Formulary Service Drug Information and the DRUGDEX Information System.

The Drug List includes brand name drugs and generic drugs.

A brand name drug is a prescription drug that is sold under a trademarked name owned by the drug manufacturer. Brand name drugs that are more complex than typical drugs (for example, drugs that are based on a protein) are called biological products. On the drug list, when we refer to "drugs," this could mean a drug or a biological product.

A generic drug is a prescription drug that has the same active ingredients as the brand name drug. Generally, generics work just as well as the brand name drug and usually cost less. There are generic drug substitutes available for many brand name drugs.

What is not on the Drug List?

please see Chapter 9.

The plan does not cover all prescription drugs.

□ In some cases, the law does not allow any Medicare plan to cover certain types of drugs (for
more information about this, see Section 7.1 in this chapter).
□ In other cases, we have decided not to include a particular drug on the Drug List. In some
cases, you may be able to obtain a drug that is not on the drug list. For more information.

Section 3.2 There are 5 "cost-sharing tiers" for drugs on the Drug List

Every drug on the plan's Drug List is in one of 5 cost-sharing tiers. In general, the higher the cost-sharing tier, the higher your cost for the drug:

- Tier 1 Preferred Generic Lower-cost, commonly used generic drugs.
- Tier 2 Generic Many generic drugs. This tier also contains supplemental drugs that are approved by the FDA, but have been otherwise excluded from coverage under Medicare Part D. Your plan has made these drugs available to you as an enhanced benefit on your Drug List.
- Tier 3 Preferred Brand Many common brand name drugs, called preferred brands, and some higher-cost generic drugs.
- Tier 3 Covered Insulin Drugs Covered insulins \$35 maximum copay for each 1-month supply until the catastrophic stage. ¹
- Tier 4 Non-preferred Drug Non-preferred generic and non-preferred brand name drugs.
- Tier 5 Specialty Tier Unique and/or very high-cost brand and generic drugs.

To find out which cost-sharing tier your drug is in, look it up in the plan's Drug List.

The amount you pay for drugs in each cost-sharing tier is shown in Chapter 6 (What you pay for your Part D prescription drugs).

¹ You will pay a maximum of \$35 for each 1-month supply of Part D covered insulin drugs through all drug payment stages, except the Catastrophic drug payment stage, where you pay \$0.

Section 3.3 How can you find out if a specific drug is on the Drug List?

You have four ways to find out:

- 1. Check the most recent Drug List we provided electronically.
- 2. Visit the plan's website (myAARPMedicare.com). The Drug List on the website is always the most current.
- 3. Call Customer Service to find out if a particular drug is on the plan's Drug List or to ask for a copy of the list.
- 4. Use the plan's "Real-Time Benefit Tool" (myAARPMedicare.com or by calling Customer Service). With this tool you can search for drugs on the "Drug List" to see an estimate of what you will pay and if there are alternative drugs on the "Drug List" that could treat the same condition.

Section 4 There are restrictions on coverage for some drugs

Section 4.1 Why do some drugs have restrictions?

For certain prescription drugs, special rules restrict how and when the plan covers them. A team of doctors and pharmacists developed these rules to encourage you and your provider to use drugs in the most effective ways. To find out if any of these restrictions apply to a drug you take or want to take, check the Drug List. If a safe, lower-cost drug will work just as well medically as a higher-cost drug, the plan's rules are designed to encourage you and your provider to use that lower-cost option.

Please note that sometimes a drug may appear more than once in our Drug List. This is because the same drugs can differ based on the strength, amount, or form of the drug prescribed by your health care provider, and different restrictions or cost-sharing may apply to the different versions of the drug (for instance, 10 mg versus 100 mg; one per day versus two per day; tablet versus liquid).

Section 4.2 What kinds of restrictions?

The sections below tell you more about the types of restrictions we use for certain drugs.

If there is a restriction for your drug, it usually means that you or your provider will have to take extra steps in order for us to cover the drug. Contact Customer Service to learn what you or your provider would need to do to get coverage for the drug. If you want us to waive the restriction for you, you will need to use the coverage decision process and ask us to make an exception. We may or may not agree to waive the restriction for you. (See Chapter 9)

Restricting brand name drugs when a generic version is available

Generally, a generic drug works the same as a brand name drug and usually costs less. In most cases, when a generic version of a brand name drug is available, our network pharmacies will provide you the generic version instead of the brand name drug. However, if your provider has told us the medical reason that the generic drug will not work for you OR has written "No substitutions" on your prescription for a brand name drug OR has told us the medical reason that neither the generic drug nor other covered drugs that treat the same condition will work for you, then we will cover the brand name drug. (Your share of the cost may be greater for the brand name drug than for the generic drug.)

What is a compounded drug?

A compounded drug is created by a pharmacist by combining or mixing ingredients to create a prescription medication customized to the needs of an individual patient.

Does my Part D plan cover compounded drugs?

Generally compounded drugs are non-formulary drugs (not covered) by your plan. You may need to ask for and receive an approved coverage determination from us to have your compounded drug covered. Compounded drugs may be Part D eligible if they meet all of the following requirements:

- 1. Contains at least one FDA, or Compendia, approved drug ingredient, and all ingredients in the compound (including their intended route of administration) are supported in the Compendia.
- 2. Does not contain a non-FDA approved or Part D excluded drug ingredient
- 3. Does not contain an ingredient covered under Part B. (If it does, the compound may be covered under Part B rather than Part D)
- 4. Prescribed for a medically accepted condition

The chart below explains the basic requirements for how a compound with 2 or more ingredients may or may not be covered under Part D rules, as well as potential costs to you.

Compound Type	Medicare Coverage
Compound containing a Part B eligible ingredient	Compound is covered only by Part B
Compound containing all ingredients eligible for Part D coverage and all ingredients are approved for use in a compound	Compound may be covered by Part D upon approved coverage determination
Compound containing ingredients eligible for Part D coverage and approved for use in a compound, and ingredients excluded from Part D coverage (for example, over the counter drugs, etc.)	Compound may be covered by Part D upon approved coverage determination. However, the ingredients excluded from Part D coverage will not be covered and you are not responsible for the cost of those ingredients excluded from Part D coverage
Compound containing an ingredient not approved or supported for use in a compound	Compound is not covered by Part D. You are responsible for the entire cost

What do I have to pay for a covered compounded drug?

A compounded drug that is Part D eligible may require an approved coverage determination to be covered by your plan. You will pay the non-preferred drug copay or coinsurance amount for compounded drugs that are approved. No further tier cost share reduction is allowed or available.

Getting plan approval in advance

For certain drugs, you or your provider need to get approval from the plan before we will agree to cover the drug for you. This is called "**prior authorization**." This is put in place to ensure medication safety and help guide appropriate use of certain drugs. If you do not get this approval, your drug might not be covered by the plan.

Trying a different drug first

This requirement encourages you to try less costly but usually just as effective drugs before the plan covers another drug. For example, if Drug A and Drug B treat the same medical condition, the plan may require you to try Drug A first. If Drug A does not work for you, the plan will then cover Drug B. This requirement to try a different drug first is called "**step therapy.**"

Quantity limits

For certain drugs, we limit how much of a drug you can get each time you fill your prescription. For example, if it is normally considered safe to take only one pill per day for a certain drug, we may limit coverage for your prescription to no more than one pill per day.

☐You can reque	st an exception and a	sk the plan to cover	the drug or remove	restrictions from
the drug.				

You may be able to get a temporary supply

Under certain circumstances, the plan must provide a temporary supply of a drug that you are already taking. This temporary supply gives you time to talk with your provider about the change in coverage and decide what to do.

To be eligible for a temporary supply, the drug you have been taking must no longer be on the plan's Drug List OR is now restricted in some way.

∃If you are a new member, we will cover a temporary supply of your drug during the first 90 days of your membership in the plan.
If you were in the plan last year, we will cover a temporary supply of your drug during the first 90 days of the calendar year.
This temporary supply will be for at least a 30-day supply. If your prescription is written for fewe days, we will allow multiple fills to provide up to at least a 30-day supply of medication. The prescription must be filled at a network pharmacy. (Please note that the long-term care pharmacy may provide the drug in smaller amounts at a time to prevent waste.)
For those members who have been in the plan for more than 90 days and reside in a long-term care facility and need a supply right away: We will cover at least a 31-day emergency supply of a particular drug, or less if your prescription is written for fewer days. This is in addition to the above temporary supply.

☐ For those current members with level of care changes:

There may be unplanned transitions such as hospital discharges (including psychiatric hospitals) or level of care changes (i.e., changing long-term care facilities, exiting and entering a long-term care facility, ending Part A coverage within a skilled nursing facility, or ending hospice coverage and reverting to Medicare coverage) that can occur anytime. If you are prescribed a drug that is not on our Drug List or your ability to get your drugs is restricted in some way, you are required to use the plan's exception process. For most drugs, you may request a one-time temporary supply of at least 30 days to allow you time to discuss alternative treatment with your doctor or to request a Drug List (formulary) exception. If your doctor writes your prescription for fewer days, you may refill the drug until you've received at least a 30 day supply.

For questions about a temporary supply, call Customer Service.

During the time when you are using a temporary supply of a drug, you should talk with your provider to decide what to do when your temporary supply runs out. You have two options:

1)You can change to another drug

Talk with your provider about whether there is a different drug covered by the plan that may work just as well for you. You can call Customer Service to ask for a list of covered drugs that treat the same medical condition. This list can help your provider find a covered drug that might work for you.

2)You can ask for an exception

You and your provider can ask the plan to make an exception and cover the drug in the way you would like it covered. If your provider says that you have medical reasons that justify asking us for an exception, your provider can help you request an exception. For example, you can ask the plan to cover a drug even though it is not on the plan's Drug List. Or you can ask the plan to make an exception and cover the drug without restrictions.

If you are a current member and a drug you are taking will be removed from the formulary or restricted in some way for next year, we will tell you about any change prior to the new year. You can ask for an exception before next year and we will give you an answer within 72 hours after we receive your request (or your prescriber's supporting statement). If we approve your request, we will authorize the coverage before the change takes effect.

If you and your provider want to ask for an exception, Chapter 9, Section 6.4 tells you what to do. It explains the procedures and deadlines that have been set by Medicare to make sure your request is handled promptly and fairly.

Section 5.3 What can you do if your drug is in a cost-sharing tier you think is too high?

If your drug is in a cost-sharing tier you think is too high, here are things you can do:

You can change to another drug

If your drug is in a cost-sharing tier you think is too high, talk to your provider. There may be a different drug in a lower cost-sharing tier that might work just as well for you. Call Customer Service to ask for a list of covered drugs that treat the same medical condition. This list can help your provider to find a covered drug that might work for you.

You can ask for an exception

You and your provider can ask the plan to make an exception in the cost-sharing tier for the drug so that you pay less for it. If your provider says that you have medical reasons that justify asking us for an exception, your provider can help you request an exception to the rule.

If you and your provider want to ask for an exception, Chapter 9, Section 6.4 tells what to do. It explains the procedures and deadlines that have been set by Medicare to make sure your request is handled promptly and fairly.

Drugs in our Specialty Tier are not eligible for this type of exception. We do not lower the costsharing amount for drugs in this tier.

Until that date, you probably won't see any increase in your payments or any added restrictions to your use of the drug.

We will not tell you about these types of changes directly during the current plan year. You will need to check the Drug List for the next plan year (when the list is available during the open enrollment period) to see if there are any changes to the drugs you are taking that will impact you during the next plan year.

Section 7 What types of drugs are not covered by the plan? Section 7.1 Types of drugs we do not cover

This section tells you what kinds of prescription drugs are "excluded." This means Medicare does not pay for these drugs.

If you get drugs that are excluded, you must pay for them yourself (except for certain excluded drugs covered under our enhanced drug coverage). If you appeal and the requested drug is found

To fill your prescription, provide your UnitedHealthcare member ID information, which can be found on your membership card, at the network pharmacy you choose. The network pharmacy will automatically bill the plan for **our** share of your drug cost. You will need to pay the pharmacy **your** share of the cost when you pick up your prescription.

Section 8.2 What if you don't have your UnitedHealthcare member ID information with you?

If you don't have your plan membership information with you when you fill your prescription, you or the pharmacy can call the plan to get the necessary information, or you can ask the pharmacy to look up your plan enrollment information.

If the pharmacy is not able to get the necessary information, you may have to pay the full cost of the prescription when you pick it up. (You can then ask us to reimburse you for our share. See Chapter 7, Section 2 for information about how to ask the plan for reimbursement.)

Section 9 Part D drug coverage in special situations Section 9.1 What if you're in a hospital or a skilled nursing facility for a stay that is covered by the plan?

If you are admitted to a hospital or to a skilled nursing facility for a stay covered by the plan, we will generally cover the cost of your prescription drugs during your stay. Once you leave the hospital or skilled nursing facility, the plan will cover your prescription drugs as long as the drugs meet all of our rules for coverage described in this Chapter.

Section 9.2 What if you're a resident in a long-term care (LTC) facility?

Usually, a long-term care (LTC) facility (such as a nursing home) has its own pharmacy, or uses a pharmacy that supplies drugs for all of its residents. If you are a resident of an LTC facility, you may get your prescription drugs through the facility's pharmacy or the one it uses, as long as it is part of our network.

Check your **Pharmacy Directory** to find out if your LTC facility's pharmacy or the one that it uses is part of our network. If it isn't, or if you need more information or assistance, please contact Customer Service. If you are in an LTC facility, we must ensure that you are able to routinely receive your Part D benefits through our network of LTC pharmacies.

What if you're a resident in a long-term care (LTC) facility and need a drug that is not on our Drug List or is restricted in some way?

Please refer to Section 5.2 about a temporary or emergency supply.

Section 9.3 What if you're also getting drug coverage from an employer or retiree group plan?

If you currently have other prescription drug coverage through your (or your spouse or domestic partner's) employer or retiree group please contact **that group's benefits administrator**. He or she can help you determine how your current prescription drug coverage will work with our plan. In general, if you have employee or retiree group coverage, the drug coverage you get from us will be **secondary** to your group coverage. That means your group coverage would pay first.

Special note about 'creditable coverage':

Each year your employer or retiree group should send you a notice that tells if your prescription drug coverage for the next calendar year is "creditable."

If the coverage from the group plan is "**creditable**," it means that the plan has drug coverage that is expected to pay, on average, at least as much as Medicare's standard prescription drug coverage.

Keep this notice about creditable coverage, because you may need it later. If you enroll in a Medicare plan that includes Part D drug coverage, you may need this notice to show that you have maintained creditable coverage. If you didn't get the creditable coverage notice, request a copy from the employer or retiree group's benefits administrator or the employer or union.

Section 9.4 What if you're in Medicare-certified hospice?

Hospice and our plan do not cover the same drug at the same time. If you are enrolled in Medicare hospice and require certain drugs (e.g., anti-nausea drugs, laxatives, pain medication or anti-anxiety drugs) that are not covered by your hospice because they are unrelated to your terminal illness and related conditions, our plan must receive notification from either the prescriber or your hospice provider that the drugs are unrelated before our plan can cover the drugs. To prevent delays in receiving these drugs that should be covered by our plan, ask your hospice provider or prescriber to provide notification before your prescription is filled.

In the event you either revoke your hospice election or are discharged from hospice, our plan should cover your drugs as explained in this document. To prevent any delays at a pharmacy when your Medicare hospice benefit ends, bring documentation to the pharmacy to verify your revocation or discharge.

Section 10 Programs on drug safety and managing medications

Section 10.1 Programs to help members use drugs safely

We conduct drug use reviews for our members to help make sure that they are getting safe and appropriate care.

We do a review each time you fill a prescription. We also review our records on a regular basis. During these reviews, we look for potential problems such as:

· · · · · · · · · · · · · · · · · · ·
□ Possible medication errors
□ Drugs that may not be necessary because you are taking another drug to treat the same condition
□ Drugs that may not be safe or appropriate because of your age or gender

The letter will tell you if we will limit coverage of these drugs for you, or if you'll be required to get the prescriptions for these drugs only from a specific doctor or pharmacy. You will have an opportunity to tell us which doctors or pharmacies you prefer to use, and about any other information you think is important for us to know. After you've had the opportunity to respond, if we decide to limit your coverage for these medications, we will send you another letter confirming the limitation. If you think we made a mistake or you disagree with our decision or with the limitation, you and your prescriber have the right to appeal. If you appeal, we will review your case and give you a decision. If we continue to deny any part of your request related to the limitations that apply to your access to medications, we will automatically send your case to an independent reviewer outside of our plan. See Chapter 9 for information about how to ask for an appeal.

You will not be placed in our DMP if you have certain medical conditions, such as active cancerrelated pain or sickle cell disease, you are receiving hospice, palliative, or end-of-life care, or live in a long-term care facility.

Section 10.3 Medication Therapy Management (MTM) programs to help members manage their medications

We have programs that can help our members with complex health needs. One program is called a Medication Therapy Management (MTM) program. These programs are voluntary and free. A team

of pharmacists and doctors developed the programs for us to help make sure that our members get the most benefit from the drugs they take.

Some members who take medications for different medical conditions and have high drug costs, or are in a DMP to help members use their opioids safely, may be able to get services through an MTM program. If you qualify for the program, a pharmacist or other health professional will give you a comprehensive review of all your medications. During the review, you can talk about your medications, your costs, and any problems or questions you have about your prescription and over-the-counter medications. You'll get a written summary which has a recommended to-do list that includes steps you should take to get the best results from your medications. You'll also get a medication list that will include all the medications you're taking, how much you take, and when and why you take them. In addition, members in the MTM program will receive information on the safe disposal of prescription medications that are controlled substances.

It's a good idea to talk to your doctor about your recommended to-do list and medication list. Bring the summary with you to your visit or anytime you talk with your doctors, pharmacists, and other health care providers. Also, keep your medication list up to date and keep it with you (for example, with your ID) in case you go to the hospital or emergency room.

If we have a program that fits your needs, we will automatically enroll you in the program and send you information. If you decide not to participate, please notify us and we will withdraw you. If you have any questions about these programs, please contact Customer Service.

Chapter 6

What you pay for your Part D prescription drugs

Are you currently getting help to pay for your drugs?

If you are in a program that helps pay for your drugs, some information in this Evidence of Coverage about the costs for Part D prescription drugs may not apply to you. We sent you a separate insert, called the "Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs" (also known as the "Low Income Subsidy Rider" or the "LIS Rider"), which tells you about your drug coverage. If you don't have this insert, please call Customer Service and ask for the "LIS Rider."

Section 1 Introduction

Section 1.1 Use this chapter together with other materials that explain your drug coverage

This chapter focuses on what you pay for Part D prescription drugs. To keep things simple, we use "drug" in this chapter to mean a Part D prescription drug. As explained in Chapter 5, not all drugs are Part D drugs – some drugs are covered under Medicare Part A or Part B and other drugs are excluded from Medicare coverage by law.

To understand the payment information, you need to know what drugs are covered, where to fill your prescriptions, and what rules to follow when you get your covered drugs. Chapter 5, Sections 1 through 4 explain these rules. When you use the plan's "Real-Time Benefit Tool" to look up drug coverage (see Chapter 5, Section 3.3), the cost shown is provided in "real time" meaning the cost you see in the tool reflects a moment in time to provide an estimate of the out-of-pocket costs you are expected to pay. You can also obtain information provided by the "Real-Time Benefit Tool" by calling Customer Service.

Section 1.2 Types of out-of-pocket costs you may pay for covered drugs

There are different types of out-of-pocket costs for Part D drugs. The amount that you pay for a drug is called "cost-sharing," and there are three ways you may be asked to pay.

The "deductible" is the amount you pay for drugs before our plan begins to pay its share.

"Copayment" is a fixed amount you pay each time you fill a prescription.

"Coinsurance" is a percentage of the total cost you pay each time you fill a prescription.

Section 1.3 How Medicare calculates your out-of-pocket costs

Medicare has rules about what counts and what does **not** count toward your out-of-pocket costs. Here are the rules we must follow to keep track of your out-of-pocket costs.

Your out-of-pocket costs include the payments listed below (as long as they are for Part D covered drugs and you followed the rules for drug coverage that are explained in Chapter 5):
□The amount you pay for drugs when you are in any of the following drug payment stages:
☐ The Initial Coverage Stage
☐ The Coverage Gap Stage
□ Any payments you made during this calendar year as a member of a different Medicare prescription drug plan before you joined our plan.
It matters who pays:
☐ If you make these payments yourself, they are included in your out-of-pocket costs.
□ These payments are also included in your out-of-pocket costs if they are made on your behalf by certain other individuals or organizations . This includes payments for your drugs made by a friend or relative, by most charities, by AIDS drug assistance programs, by a State Pharmaceutical Assistance Program that is qualified by Medicare, or by the Indian Health Service. Payments made by Medicare's "Extra Help" Program are also included. □ Some payments made by the Medicare Coverage Gap Discount Program are included in your out-of-pocket costs. The amount the manufacturer pays for your brand name drugs is included. But the amount the plan pays for your generic drugs is not included.
Moving on to the Catastrophic Coverage Stage: When you (or those paying on your behalf) have spent a total of \$8,000 in out-of-pocket costs within the calendar year, you will move from the Coverage Gap Stage to the Catastrophic Coverage Stage.
These payments are not included in your out-of-pocket costs
Your out-of-pocket costs do not include any of these types of payments:
□Drugs you buy outside the United States and its territories.
□Drugs that are not covered by our plan.
Drugs you get at an out-of-network pharmacy that do not meet the plan's requirements for out-of-network coverage.
□Prescription drugs covered by Part A or Part B.
☐ Payments you make toward drugs covered under our additional coverage but not normally covered in a Medicare Prescription Drug Plan.
□ Payments you make toward prescription drugs not normally covered in a Medicare Prescription Drug Plan.
\square Payments made by the plan for your brand or generic drugs while in the Coverage Gap.
□Payments for your drugs that are made by group health plans including employer health plans.
☐ Payments for your drugs that are made by certain insurance plans and government-funded health programs such as TRICARE and the Veterans Affairs.

□ Payments for your drugs made by a third-party with a legal obligation to pay for prescription costs (for example, Workers' Compensation).

Reminder: If any other organization such as the ones listed above pays part or all of your out-of-pocket costs for drugs, you are required to tell our plan by calling Customer Service.

How can you keep track of your out-of-pocket total?

- □ We will help you. The Part D Explanation of Benefits (EOB) report you receive includes the current amount of your out-of-pocket costs. When this amount reaches \$8,000, this report will tell you that you have left the Coverage Gap Stage and have moved on to the Catastrophic Coverage Stage.
- □ Make sure we have the information we need. Section 3.2 tells what you can do to help make sure that our records of what you have spent are complete and up to date.

Section 2 What you pay for a drug depends on which "drug payment stage" you are in when you get the drug

Section 2.1 What are the drug payment stages for our plan members?

There are four "drug payment stages" for your prescription drug coverage under AARP® Medicare Advantage from UHC CA-010P (HMO-POS). How much you pay depends on what stage you are in when you get a prescription filled or refilled. Details of each stage are in Sections 4 through 7 of this chapter. The stages are:

Stage 1: Yearly Deductible Stage

Stage 2: Initial Coverage Stage

Stage 3: Coverage Gap Stage

Stage 4: Catastrophic Coverage Stage

Section 3 We send you reports that explain payments for your drugs and which payment stage you are in Section 3.1 We send you a monthly summary called the "Part D Explanation of

Our plan keeps track of the costs of your prescription drugs and the payments you have made when you get your prescriptions filled or refilled at the pharmacy. This way, we can tell you when you have moved from one drug payment stage to the next. In particular, there are two types of costs we keep track of:

Section 4 There is no deductible for the plan

There is no deductible for your plan. You begin in the Initial Coverage Stage when you fill your first prescription of the year. See Section 5 for information about your coverage in the Initial Coverage Stage.

Section 5	During the Initial Coverage Stage, the plan pays its share of your drug costs and you pay your share	
Section 5.1	What you pay for a drug depends on the drug and where you fill your prescription	

During the Initial Coverage Stage, the plan pays its share of the cost of your covered prescription drugs, and you pay your share (your copayment or coinsurance amount). Your share of the cost will vary depending on the drug and where you fill your prescription.

The plan has 5 cost-sharing tiers

Every drug on the plan's Drug List is in one of 5 cost-sharing tiers. In general, the higher the cost-sharing tier number, the higher your cost for the drug:

- Tier 1 Preferred Generic Lower-cost, commonly used generic drugs.
- Tier 2 Generic Many generic drugs. This tier also contains supplemental drugs that are approved by the FDA, but have been otherwise excluded from coverage under Medicare Part D. Your plan has made these drugs available to you as an enhanced benefit on your Drug List.
- Tier 3 Preferred Brand Many common brand name drugs, called preferred brands, and some higher-cost generic drugs.
- Tier 3 Covered Insulin Drugs Covered Insulins \$35 maximum copay for each 1-month supply until the catastrophic stage. ¹
- Tier 4 Non-preferred Drug Non-preferred generic and non-preferred brand name drugs.
- Tier 5 Specialty Tier Unique and/or very high-cost brand and generic drugs.

To find out which cost-sharing tier your drug is in, look it up in the plan's Drug List.

Your pharmacy choices

How much you pay for a drug depends on whether you get the drug from:
□A network retail pharmacy
□A pharmacy that is not in the plan's network. We cover prescriptions filled at out-of-network pharmacies in only limited situations. Please see Chapter 5, Section 2.5 to find out when we will cover a prescription filled at an out-of-network pharmacy.
□The plan's mail-order pharmacy

For more information about these pharmacy choices and filling your prescriptions, see Chapter 5 and the plan's **Pharmacy Directory**.

Section 5.2 A table that shows your costs for a one-month supply of a drug

During the Initial Coverage Stage, your share of the cost of a covered drug will be either a copayment or coinsurance.

As shown in the table below, the amount of the copayment or coinsurance depends on which costsharing tier. Sometimes the cost of the drug is lower than your copayment. In these cases, you pay the lower price for the drug instead of the copayment.

Your share of the cost when you get a onemonth supply of a covered Part D prescription drug:

Tier	Standard retail cost- sharing (in-network) (up to a 30-day supply)	Long-term care (LTC) cost-sharing (up to a 31-day supply)	Out-of-network cost- sharing (Coverage is limited to certain situations; see Chapter 5 for details.) (up to a 30-day supply)
Cost-Sharing Tier 1 Preferred Generic	\$0 copayment	\$0 copayment	\$0 copayment*
Cost-Sharing Tier 2 Generic	\$12 copayment	\$12 copayment	\$12 copayment*
Cost-Sharing Tier 3 Preferred Brand	\$47 copayment	\$47 copayment	\$47 copayment*
Cost-Sharing Tier 3 Covered Insulin Drugs ¹	\$35 copayment	\$35 copayment	\$35 copayment*

¹ You will pay a maximum of \$35 for each 1-month supply of Part D covered insulin drugs through all drug payment stages, except the Catastrophic drug payment stage, where you pay \$0.

Your share of the cost when you get a onemonth supply of a covered Part D prescription drug:

Cost-Sharing Tier 4 Non-Preferred Drug	\$100 copayment	\$100 copayment	\$100 copayment*
Cost-Sharing Tier 5 Specialty Tier	33% coinsurance	33% coinsurance	33% coinsurance*

^{*}You will not be reimbursed for the difference between the Out-of-Network Pharmacy charge and the plan's In-Network allowable amount.

If you obtain less than a 100-day supply from the preferred mail-order pharmacy for any reason, the in-network standard retail cost-sharing amount applies.

Please see Section 9 of this chapter for more information on Part D vaccines and cost sharing for Part D vaccines.

Section 5.3 If your doctor prescribes less than a full month's supply, you may not have to pay the cost of the entire month's supply

Typically, the amount you pay for a prescription drug covers a full month's supply. There may be times when you or your doctor would like you to have less than a month's supply of a drug (for example, when you are trying a medication for the first time). You can also ask your doctor to prescribe, and your pharmacist to dispense, less than a full month's supply of your drugs, if this will help you better plan refill dates for different prescriptions.

If you receive less than a full month's supply of certain drugs, you will not have to pay for the full month's supply.

□ If you are responsible for coinsurance, you pay a percentage of the total cost of the drug. Since
the coinsurance is based on the total cost of the drug, your cost will be lower since the total
cost for the drug will be lower.
If you are responsible for a consument for the drug, you will only pay for the number of days of

Section 5.4 A table that shows your costs for a long-term (100-day) supply of a drug

¹ You will pay a maximum of \$35 for each 1-month supply of Part D covered insulin drugs through all drug payment stages, except the Catastrophic drug payment stage, where you pay \$0.

For some drugs, you can get a long-term supply (also called an "extended supply"). A long-term supply is a 100-day supply.

The table below shows what you pay when you get a long-term (100-day) supply of a drug.

Sometimes the cost of the drug is lower than your copayment. In these cases, you pay the lower price for the drug instead of the copayment.

Your share of the cost when you get a long-term supply of a covered Part D prescription drug:

Tier	Standard retail cost- sharing (in-network) (100-day supply)	Preferred Mail-order cost-sharing (100-day supply)	Standard Mail-order cost-sharing (100-day supply)			
Cost-Sharing Tier 1 Preferred Generic	\$0 copayment	\$0 copayment	\$0 copayment			
Cost-Sharing Tier 2 Generic	\$36 copayment	\$0 copayment	\$36 copayment			
Cost-Sharing Tier 3 Preferred Brand	\$141 copayment	\$131 copayment	\$141 copayment			
Cost-Sharing Tier 3 Covered Insulin Drugs 1	\$105 copayment	\$95 copayment	\$105 copayment			
Cost-Sharing Tier 4 Non-Preferred Drug	\$300 copayment	\$290 copayment	\$300 copayment			
Cost-Sharing Tier 5 Specialty Tier	N/A ²	N/A ²	N/A ²			

¹ You will pay a maximum of \$105 for each 3-month supply of Part D covered insulin drugs through all drug payment stages, except the Catastrophic drug payment stage, where you pay \$0.

² Limited to a 30-day supply

Section 5.5 You stay in the Initial Coverage Stage until your total drug costs for the year reach \$5,030

You stay in the Initial Coverage Stage until the total amount for the prescription drugs you have filled reaches the **\$5,030 limit for the Initial Coverage Stage**.

We offer additional coverage on some prescription drugs that are not normally covered in a Medicare Prescription Drug Plan. Payments made for these drugs will not count toward your initial coverage limit or total out-of-pocket costs. To find out which drugs our plan covers, refer to your Drug List (Formulary).

The Part D EOB that you receive will help you keep track of how much you, the plan, and any third parties, have spent on your behalf for your drugs during the year. Many people do not reach the \$5,030 limit in a year.

We will let you know if you reach this amount. If you do reach this amount, you will leave the Initial Coverage Stage and move on to the Coverage Gap Stage. See Section 1.3 on how Medicare calculates your out-of-pocket costs.

Section 6 Costs in the Coverage Gap Stage

The plan will cover generics and brands in the Coverage Gap Stage in the following cost-sharing tiers:

For generic drugs covered in Tier 1, you pay your cost-sharing amount (see Section 5 for these amounts) or no more than 25% of the cost for generic drugs and the plan pays the rest. Only the amount you pay counts and moves you through the coverage gap.

AARP® Medicare Advantage from UHC CA-010P (HMO-POS) offers gap coverage for Covered Insulin Drugs. During the Coverage Gap stage, your out-of-pocket costs for Covered Insulin Drugs will be \$35 for a one-month retail supply. To find out which drugs are Covered Insulin Drugs, review the most recent Drug List we provided electronically. If you have questions about the Drug List, you can also call Customer Service.

When you are in the Coverage Gap Stage and obtain drugs in Tiers 2, 3, 4 or 5, the Medicare Coverage Gap Discount Program provides manufacturer discounts on brand name drugs. You pay 25% of the negotiated price and a portion of the dispensing fee for brand name drugs. Both the amount you pay and the amount discounted by the manufacturer for brand name drugs count toward your out-of-pocket costs as if you had paid them and moves you through the coverage gap. You pay no more than 25% of the cost for generic drugs and the plan pays the rest. Only the amount you pay counts and moves you through the coverage gap.

You continue paying these costs until your yearly out-of-pocket payments reach a maximum amount that Medicare has set. Once you reach this amount \$8,000, you leave the Coverage Gap Stage and move to the Catastrophic Coverage Stage.

Medicare has rules about what counts and what does not count toward your out-of-pocket costs (Section 1.3).

Coverage Gap Stage coinsurance requirements do not apply to Part D covered insulin products and most adult Part D vaccines, including shingles, tetanus, and travel vaccines.

You won't pay more than \$35 for a one-month supply of each covered insulin product regardless of the cost-sharing tier.

Please see Section 9 of this chapter for more information on Part D vaccines and cost sharing for Part D vaccines.

Section 7 During the Catastrophic Coverage Stage, the plan pays the full cost for your covered Part D drugs

You enter the Catastrophic Coverage Stage when your out-of-pocket costs have reached the
\$8,000 limit for the calendar year. Once you are in the Catastrophic Coverage Stage, you will
stay in this payment stage until the end of the calendar year.
☐ During this payment stage, the plan pays the full cost for your covered Part D drugs. You pay nothing.
\square For excluded drugs covered under our enhanced benefit, you pay a \$12 copayment.

Section 8 Additional benefits information

This part of Chapter 6 talks about limitations of our plan.

- 1. Medications will not be covered if prescribed by physicians or other providers who are excluded or precluded from the Medicare program participation.
- 2. You may refill a non-opioid prescription when a minimum of seventy-five percent (75%) of the quantity is consumed based on the days supply.
- 3. You may refill an opioid prescription when a minimum of eighty-five percent (85%) of the quantity is consumed based on the days supply.
- 4. Costs for drugs that are not covered under Part D do not count toward your Out-of-Pocket costs.

Section 9 Part D Vaccines. What you pay for depends on how and where you get them

Important message about what you pay for vaccines – Some vaccines are considered medical benefits. Other vaccines are considered Part D drugs. You can find these vaccines listed in the plan's Drug List. Our plan covers most adult Part D vaccines at no cost to you. Refer to your plan's Drug List or contact Customer Service for coverage and cost sharing details about specific vaccines.

There are two parts to our coverage of Part D vaccinations:

☐The first part of coverage is the cost of the vaccine itself .
☐The second part of coverage is for the cost of giving you the vaccine . (This is sometimes
called the "administration" of the vaccine.)

Your costs for a Part D vaccination depend on three things:

Committee on Immunization Practices (ACIP).
☐ Most adult Part D vaccinations are recommended by ACIP and cost you nothing.
2. Where you get the vaccine.
☐ The vaccine itself may be dispensed by a pharmacy or provided by the doctor's office.
3. Who gives you the vaccine.
□ A pharmacist or another provider may give the vaccine in the pharmacy. Alternatively, a provider may give it in the doctor's office.
What you pay at the time you get the Part D vaccination can vary depending on the circumstances and what drug payment stage you are in.
Below are 4 examples of ways you might get a Part D vaccine.
Situation 1: You get your vaccination at the network pharmacy. (Whether you have this choice depends on where you live. Some states do not allow pharmacies to give certain vaccines.) Your cost-share may be lower when you use a network pharmacy. □ For most adult Part D vaccines, you will pay nothing.
 For other Part D vaccines, you will pay the pharmacy your coinsurance OR copayment for the vaccine itself which includes the cost of giving you the vaccine. Our plan will pay the remainder of the costs.
Situation 2: You get the Part D vaccination at your doctor's office and they submit a claim on your behalf.
☐ For most adult Part D vaccines, you will pay nothing.
□ For other Part D vaccines, you will pay your doctor your coinsurance OR copayment for the vaccine itself which includes the cost of giving you the vaccine. (Your doctor is not allowed to charge you more than your plan approved cost-share.)
☐ Our plan will pay the remainder of the costs.
Situation 3: You get the Part D vaccine at your doctor's office and ask them not to submit a claim on your behalf. (Your doctor is required to submit a claim unless you ask them not to.) Before giving you the vaccine, your doctor must tell you what your out-of-pocket costs will be.
 When you get the vaccine, you may have to pay for the entire cost of the vaccine itself and the cost for the provider to give it to you.
You can then ask our plan to pay our share of the cost by using the procedures that are described in Chapter 7.
□ For most adult Part D vaccines, you will be reimbursed the full amount you paid. For other Part D vaccines, you will be reimbursed the amount you paid less your normal coinsurance OR copayment for the vaccine (including administration), and

less any difference between the amount the doctor charges and what we normally pay. (If you get "Extra Help," we will reimburse you for this difference.) Situation 4: You buy the Part D vaccine itself at your pharmacy, and then take it to your doctor's office where they give you the vaccine. ☐ For most adult Part D vaccines, you will pay nothing for the vaccine itself. ☐ For other Part D vaccines, you will have to pay the pharmacy your coinsurance OR copayment for the vaccine itself. ☐ When your doctor gives you the vaccine, they will submit a claim for the administration of the vaccine. Depending on which drug payment stage you're in, you may have to pay an additional coinsurance OR copayment. ☐ If you ask your doctor not to submit a claim, you will pay the entire cost for this service. You can then ask our plan to pay our share of the cost by using the procedures described in Chapter 7. ☐ For most adult Part D vaccines, you will be reimbursed the full amount you paid. For other Part D vaccines, you will be reimbursed the amount you paid less any coinsurance OR copayment for the vaccine administration, and less any difference between the amount the doctor charges and what we normally pay. (If you get "Extra Help," we will reimburse you for this difference.)

Chapter 7

Asking us to pay our share of a bill you have received for covered medical services or drugs

Chapter 7: Asking us to pay our share of a bill you have received for covered medical services or drugs

137

Section 1 Situations in which you should ask us to pay our share of the cost of your covered services or drugs

Sometimes when you get medical care or a prescription drug, you may need to pay the full cost. Other times, you may find that you have paid more than you expected under the coverage rules of the plan. In these cases, you can ask our plan to pay you back (paying you back is often called "reimbursing" you). It is your right to be paid back by our plan whenever you've paid more than your share of the cost for medical services or drugs that are covered by our plan. There may be deadlines that you must meet to get paid back. Please see Section 2 of this chapter.

There may also be times when you get a bill from a provider for the full cost of medical care you have received or possibly for more than your share of cost-sharing as discussed in the document. First try to resolve the bill with the provider. If that does not work, send the bill to us instead of paying it. We will look at the bill and decide whether the services should be covered. If we decide they should be covered, we will pay the provider directly. If we decide not to pay it, we will notify the provider. You should never pay more than plan-allowed cost-sharing. If this provider is contracted you still have the right to treatment.

Here are examples of situations in which you may need to ask our plan to pay you back or to pay a bill you have received:

1. When you've received emergency or urgently needed medical care from a provider who is not in our plan's network

Outside the service area, you can receive emergency or urgently needed services from any provider in the United States, whether or not the provider is a part of our network. In these cases,

☐You are only responsible for paying your share of the cost for emergency or urgently	
needed services. Emergency providers are legally required to provide emergency care. If	î Î
you pay the entire amount yourself at the time you receive the care, ask us to pay you bad	ck
for our share of the cost. Send us the bill, along with documentation of any payments you	J
have made.	
\square You may get a bill from the provider asking for payment that you think you do not owe. Se	en
us this bill, along with documentation of any payments you have already made	

d us this bill, along with documentation of any payments you have already made.

L	١I	٠t	he	provi	der	İS	owed	an	√thing	, we	will	pay	v the	provide	er c	lirectl	٧.

□ If you have already paid more than your share of the cost of the service, we will determine how much you owed and pay you back for our share of the cost.

2. When a network provider sends you a bill you think you should not pay

Network providers should always bill the plan directly and ask you only for your share of the cost. But sometimes they make mistakes and ask you to pay more than your share.

You only have to pay your cost-sharing amount when you get covered services. We do not
allow network providers to add additional separate charges, called "balance billing." This
protection (that you never pay more than your cost-sharing amount) applies even if we pay

3. If you are retroactively enrolled in our plan

Sometimes a person's enrollment in the plan is retroactive. (This means that the first day of their enrollment has already passed. The enrollment date may even have occurred last year.)

If you were retroactively enrolled in our plan and you paid out-of-pocket for any of your covered services or drugs after your enrollment date, you can ask us to pay you back for our share of the costs. You will need to submit paperwork such as receipts and bills for us to handle the reimbursement.

4. When you use an out-of-network pharmacy to get a prescription filled

If you go to an out-of-network pharmacy, the pharmacy may not be able to submit the claim directly to us. When that happens, you will have to pay the full cost of your prescription.

Save your receipt and send a copy to us when you ask us to pay you back for our share of the cost. Remember that we only cover out-of-network pharmacies in limited circumstances. See Chapter 5, Section 2.5 for a discussion of these circumstances.

5. When you pay the full cost for a prescription because you don't have your UnitedHealthcare member ID card with you

If you do not have your UnitedHealthcare member ID card with you, you can ask the pharmacy to call the plan or to look up your plan enrollment information. However, if the pharmacy cannot get the enrollment information they need right away, you may need to pay the full cost of the prescription yourself.

Save your receipt and send a copy to us when you ask us to pay you back for our share of the cost.

6. When you pay the full cost for a prescription in other situations

for our share of the cost.

You may pay the full cost of the prescription because you find that the drug is not covered for some reason.

□ For example, the drug may not be on the plan's Drug List or it could have a requirement or
restriction that you didn't know about or don't think should apply to you. If you decide to get
the drug immediately, you may need to pay the full cost for it.
□Save your receipt and send a copy to us when you ask us to pay you back. In some
situations, we may need to get more information from your doctor in order to pay you back

Chapter 7: Asking us to pay our share of a bill you have received for covered medical services or drugs

139

7. When you utilize your worldwide emergency coverage, worldwide urgently needed services, or worldwide emergency transportation benefits

You will pay the full cost of emergency services received outside of the United States at the time you receive services. To receive reimbursement from us, you must do the following:

Pay your bill at the time it is received. We will reimburse you for the difference between the amount of your bill and your cost share for the services as outlined in Chapter 4 of this document.

Save all of your receipts and send us copies when you ask us to pay you back. In some situations, we may need to get more information from you or the provider who rendered services to you in order to pay you back for our share of the cost. Please see Chapter 7 Section 2.1 for expense reimbursement for worldwide services.

If you are being asked to pay your bill for worldwide emergency services and are unable to

make the payment, please call Customer Service for additional assistance and we may be able to help coordinate payment for covered services on your behalf.

All of the examples above are types of coverage decisions. This means that if we deny your request for payment, you can appeal our decision. Chapter 9 of this document has information about how to make an appeal.

Section 2 How to ask us to pay you back or to pay a bill you have received

You may request us to pay you back by sending us a request in writing. If you send a request in writing, send your bill and documentation of any payment you have made. It's a good idea to make a copy of your bill and receipt(s) for your records.

To make sure you are giving us all the information we need to make a decision, you can fill out our claim form to make your request for payment.

□You don't have to use the form, but it will help us process the information faster.
□Either download a copy of the form from our website (myAARPMedicare.com) or call

Mail your request for payment together with any bills or paid receipts to us at this address:

Part D Prescription drug payment requests:

OptumRx

P.O. Box 650287

Dallas, TX 75265-0287

Medical claims payment requests:

Customer Service and ask for the form.

UnitedHealthcare

P.O. Box 30968

Salt Lake City, UT 84130-0968

You must submit your Part C (medical) claim to us within 12 months of the date you received the service, item, or Part B drug.

Chapter 7: Asking us to pay our share of a bill you have received for covered medical services or drugs

140

You must submit your Part D (prescription drug) claim to us within 36 months of the date you received the service, item, or drug.

Section 3 We will consider your request for payment and say yes or no Section 3.1 We check to see whether we should cover the service or drug and how much we owe

When we receive your request for payment, we will let you know if we need any additional information from you. Otherwise, we will consider your request and make a coverage decision.

- □ If we decide that the medical care or drug is covered and you followed all the rules, we will pay for our share of the cost. If you have already paid for the service or drug, we will mail your reimbursement of our share of the cost to you. If you have not paid for the service or drug yet, we will mail the payment directly to the provider.
- □If we decide that the medical care or drug is **not** covered, or you did **not** follow all the rules, we will not pay for our share of the cost. We will send you a letter explaining the reasons why we are not sending the payment and your rights to appeal that decision.

Section 3.2 If we tell you that we will not pay for all or part of the medical care or drug, you can make an appeal

If you think we have made a mistake in turning down your request for payment or the amount we are paying, you can make an appeal. If you make an appeal, it means you are asking us to change the decision we made when we turned down your request for payment. The appeals process is a formal process with detailed procedures and important deadlines. For details on how to make this appeal, go to Chapter 9 of this document.

Chapter 8

Your rights and responsibilities

Section 1 Our plan must honor your rights and cultural sensitivities as a member of the plan

Section 1.1

You have a right to receive information about the organization, its services, its practitioners and providers and member rights and responsibilities. We must provide information in a way that works for you and consistent with your cultural sensitivities (in languages other than English, in braille, in large print, or other alternate formats, etc.)

Your plan is required to ensure that all services, both clinical and non-clinical, are provided in a culturally competent manner and are accessible to all enrollees, including those with limited English proficiency, limited reading skills, hearing incapacity, or those with diverse cultural and ethnic backgrounds. Examples of how a plan may meet these accessibility requirements include, but are not limited to provision of translator services, interpreter services, teletypewriters, or TTY (text telephone or teletypewriter phone) connection.

Our plan has free interpreter services available to answer questions from non-English speaking members. We can also give you information in braille, in large print, or other alternate formats at no cost if you need it. We are required to give you information about the plan's benefits in a format that is accessible and appropriate for you. To get information from us in a way that works for you, please call Customer Service.

Our plan is required to give female enrollees the option of direct access to a women's health specialist within the network for women's routine and preventive health care services.

If providers in the plan's network for a specialty are not available, it is the plan's responsibility to locate specialty providers outside the network who will provide you with the necessary care. In this case, you will only pay in-network cost-sharing. If you find yourself in a situation where there are no specialists in the plan's network that cover a service you need, call the plan for information on where to go to obtain this service at in-network cost-sharing.

If you have any trouble getting information from our plan in a format that is accessible and appropriate for you, seeing a women's health specialists or finding a network specialist, please call to file a grievance with Customer Service (phone numbers are printed on the cover of this booklet). You may also file a complaint with Medicare by calling 1-800-MEDICARE (1-800-633-4227) or directly with the Office for Civil Rights 1-800-368-1019 or TTY 1-800-537-7697.

Sección 1.1

Usted tiene derecho a recibir información sobre la organización, sus servicios, sus profesionales del cuidado de la salud y proveedores, además de los derechos y las responsabilidades de los miembros. Debemos brindarle información útil y en otros idiomas aparte del inglés, en braille, en letras grandes o en otros formatos alternativos

Para recibir información nuestra de una forma que le resulte conveniente, llame a Servicio al Cliente (los números de teléfono aparecen en la portada de esta guía).

Nuestro plan cuenta con personas y servicios gratuitos de intérpretes para responder las preguntas de los miembros discapacitados y los que no hablan inglés. Esta información está disponible sin costo en otros idiomas. También podemos proporcionarle información en braille, en letras grandes o en otros formatos alternativos sin costo, si es necesario. Se nos exige que le proporcionemos la información sobre los beneficios del plan en un formato que sea accesible y apropiado para usted. Para recibir información nuestra de una forma que le resulte conveniente, llame a Servicio al Cliente (los números de teléfono aparecen en la portada de esta guía) o comuníquese con nuestro Coordinador de Derechos Civiles.

Si tiene alguna dificultad para obtener información de nuestro plan en un formato que sea accesible y apropiado para usted, llame a Servicio al Cliente para presentar una queja formal (los números de teléfono aparecen en la portada de esta guía). También puede presentar una queja ante Medicare si llama al 1-800-MEDICARE (1-800-633-4227) o directamente ante la Oficina de Derechos Civiles. La información de contacto se incluye en esta **Evidencia de Cobertura** o con esta correspondencia o, para obtener información adicional, puede comunicarse con Servicio al Cliente.

Section 1.2 We must ensure that you get timely access to your covered services and drugs

You have the right to choose a primary care provider (PCP) in the plan's network to provide and arrange for your covered services (Chapter 3 explains more about this). You also have the right to go to a women's health specialist (such as a gynecologist) without a referral.

You have the right to get appointments and covered services from the plan's network of providers, within a reasonable amount of time. This includes the right to get timely services from specialists when you need that care. You also have the right to get your prescriptions filled or refilled at any of our network pharmacies without long delays.

How to Receive Care After Hours

If you need to talk to or see your Primary Care Provider after the office has closed for the day, call your Primary Care Provider's office. When the on-call physician returns your call he or she will advise you on how to proceed.

If you think that you are not getting your medical care or Part D drugs within a reasonable amount of time, Chapter 9 tells what you can do.

Section 1.3 We must protect the privacy of your personal health information

HEALTH PLAN NOTICES OF PRIVACY PRACTICES

THIS NOTICE DESCRIBES HOW <u>MEDICAL INFORMATION</u> ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

Medical Information Privacy Notice

Effective January 1, 2022

We¹ are required by law to protect the privacy of your health information. We are also required to send you this notice, which explains how we may use information about you and when we can give out or "disclose" that information to others. You also have rights regarding your health information that are described in this notice. We are required by law to abide by the terms of this notice.

The terms "information" or "health information" in this notice include any information we maintain that reasonably can be used to identify you and that relates to your physical or mental health condition, the provision of health care to you, or the payment for such health care. We will comply with the requirements of applicable privacy laws related to notifying you in the event of a breach of your health information.

We have the right to change our privacy practices and the terms of this notice. If we make a material change to our privacy practices, we will provide to you, in our next annual distribution, either a revised notice or information about the material change and how to obtain a revised notice.

We will provide you with this information either by direct mail or electronically, in accordance with applicable law. In all cases, if we maintain a website for your particular health plan, we will post the revised notice on your health plan website, myAARPMedicare.com. We reserve the right to make any revised or changed notice effective for information we already have and for information that we receive in the future.

UnitedHealth Group collects and maintains oral, written and electronic information to administer our business and to provide products, services and information of importance to our enrollees. We maintain physical, electronic and procedural security safeguards in the handling and maintenance of our enrollees' information, in accordance with applicable state and federal standards, to protect against risks such as loss, destruction or misuse.

How We Collect, Use, and Disclose Information

your privacy is protected.

We collect, use, and disclose your health information to provide that information:

\square To you or someone who has the legal right to act for you (your personal representative) in orde
to administer your rights as described in this notice; and
☐ To the Secretary of the Department of Health and Human Services, if necessary, to make sure

We have the right to collect, use, and disclose health information for your treatment, to pay for your health care and to operate our business. For example, we may use or disclose your health information:

- For Payment of premiums due us, to determine your coverage, and to process claims for health care services you receive, including for subrogation or coordination of other benefits you may have. For example, we may tell a doctor whether you are eligible for coverage and what percentage of the bill may be covered.
- For Treatment. We may collect, use, and disclose health information to aid in your treatment or the coordination of your care. For example, we may collect information from, or disclose information to, your physicians or hospitals to help them provide medical care to you.

- 1. Alcohol and Substance Abuse
- 2. Biometric Information
- 3. Child or Adult Abuse or Neglect, including Sexual Assault
- 4. Communicable Diseases
- 5. Genetic Information
- 6. HIV/AIDS
- 7. Mental Health
- 8. Minors' Information
- 9. Prescriptions
- 10. Reproductive Health
- 11. Sexually Transmitted Diseases

If a use or disclosure of health information described above in this notice is prohibited or materially limited by other laws that apply to us, it is our intent to meet the requirements of the more stringent law.

Except for uses and disclosures described and limited as set forth in this notice, we will use and disclose your health information only with a written authorization from you. This includes, except for limited circumstances allowed by federal privacy law, not using or disclosing psychotherapy notes about you, selling your health information to others, or using or disclosing your health information for certain promotional communications that are prohibited marketing communications under federal law, without your written authorization. Once you give us authorization to release your health information, we cannot guarantee that the recipient to whom the information is provided will not disclose the information. You may take back or "revoke" your written authorization at any time in writing, except if we have already acted based on your authorization. To find out where to mail your written authorization and how to revoke an authorization, contact the phone number listed on your health plan ID card.

What Are Your Rights

The following are your rights with respect to your health information:

■You have the right to ask to restrict uses or disclosures of your information for treatment, payment, or health care operations. You also have the right to ask to restrict disclosures to family members or to others who are involved in your health care or payment for your health care. We may also have policies on dependent access that authorize your dependents to request certain restrictions. Please note that while we will try to honor your request and wi permit requests consistent with our policies, we are not required to agree to any restriction.	II
□You have the right to ask to receive confidential communications of information in a different manner or at a different place (for example, by sending information to a P.O. treatment or stop taking medication, you accept full responsibility for what happens to your body as a result.

You have the right to give instructions about what is to be done if you are not able to make medical decisions for yourself

Sometimes people become unable to make health care decisions for themselves due to accidents or serious illness. You have the right to say what you want to happen if you are in this situation. This means that, **if you want to**, you can:

□ Fill out a written form to give someone the legal authority to make medical decisions for you if you ever become unable to make decisions for yourself.
□ Give your doctors written instructions about how you want them to handle your medical care if you become unable to make decisions for yourself.
The legal documents that you can use to give your directions in advance in these situations are called "advance directives." There are different types of advance directives and different names for them. Documents called "living will" and "power of attorney for health care" are examples of advance directives.
If you want to use an "advance directive" to give your instructions, here is what to do:
□ Get the form . You can get an advance directive form from your lawyer, from a social worker, or from some office supply stores. You can sometimes get advance directive forms from organizations that give people information about Medicare. You can also contact Customer Service for assistance in locating an advanced directive form.
□ Fill it out and sign it. Regardless of where you get this form, keep in mind that it is a legal document. You should consider having a lawyer help you prepare it.
Give copies to appropriate people. You should give a copy of the form to your doctor and to the person you name on the form who can make decisions for you if you can't. You may want to give copies to close friends or family members. Keep a copy at home.
If you know ahead of time that you are going to be hospitalized, and you have signed an advance directive, take a copy with you to the hospital .
☐ The hospital will ask you whether you have signed an advance directive form and whether you have it with you.
☐ If you have not signed an advance directive form, the hospital has forms available and will ask if

Remember, it is your choice whether you want to fill out an advance directive (including whether you want to sign one if you are in the hospital). According to law, no one can deny you care or discriminate against you based on whether or not you have signed an advance directive.

What if your instructions are not followed?

you want to sign one.

If you have signed an advance directive, and you believe that a doctor or hospital did not follow the instructions in it, you may file a complaint with the appropriate state-specific agency, for example, your State Department of Health. See Chapter 2, Section 3 for contact information regarding your state-specific agency.

Section 1.6 You have a right to voice complaints or appeals about the organization or the care it provides. You have the right to make complaints and to ask us to reconsider decisions we have made

If you have any problems, concerns, or complaints and need to request coverage, or make an appeal, Chapter 9 of this document tells what you can do.

Whatever you do - ask for a coverage decision, make an appeal, or make a complaint - we are required to treat you fairly.

Section 1.7 What can you do if you believe you are being treated unfairly or your rights are not being respected?

If it is about discrimination, call the Office for Civil Rights

If you believe you have been treated unfairly or your rights have not been respected due to your race, disability, religion, sex, health, ethnicity, creed (beliefs), age, sexual orientation, or national origin, you should call the Department of Health and Human Services' Office for Civil Rights at 1-800-368-1019 or TTY 1-800-537-7697, or call your local Office for Civil Rights.

Is it about something else?

about discrimination, you can get help dealing with the problem you are having:
□You can call Customer Service .

Section 2 You have some responsibilities as a member of the plan

Things you need to do as a member of the plan are listed below. If you have any questions, please call Customer Service.

Get familiar with your covered services and the rules you must follow to get these covered
services. Use this Evidence of Coverage to learn what is covered for you and the rules you
need to follow to get your covered services.
☐ Chapters 3 and 4 give the details about your medical services.
☐ Chapters 5 and 6 give the details about your Part D prescription drug coverage.
□ If you have any other health insurance coverage or prescription drug coverage in addition to our plan, you are required to tell us. Chapter 1 tells you about coordinating these benefits.
□Tell your doctor and other health care providers that you are enrolled in our plan. Show your UnitedHealthcare member ID card whenever you get your medical care or Part D prescription drugs.
□Help your doctors and other providers help you by giving them information, asking questions, and following through on your care.
 □ To help get the best care, tell your doctors and other health providers about your health problems. Follow the treatment plans and instructions that you and your doctors agree upor □ Make sure your doctors know all of the drugs you are taking, including over-the-counter
drugs, vitamins, and supplements.
$\hfill \square$ If you have any questions, be sure to ask and get an answer you can understand.
□ Be considerate . We expect all our members to respect the rights of other patients. We also expect you to act in a way that helps the smooth running of your doctor's office, hospitals, and other offices.
□ Pay what you owe. As a plan member, you are responsible for these payments:
☐ You must continue to pay your Medicare Part B premium to remain a member of the plan.
☐ For most of your medical services or drugs covered by the plan, you must pay your share of the cost when you get the service or drug.
If you are required to pay a late enrollment penalty, you must pay the penalty to keep your prescription drug coverage.
☐ If you are required to pay the extra amount for Part D because of your yearly income, you must continue to pay the extra amount directly to the government to remain a member of the plan.
$\hfill\square$ If you move outside of our plan service area, you cannot remain a member of our plan.
If you move within our plan service area, we need to know so we can keep your membership record up to date and know how to contact you.
$\hfill \square$ If you move, it is also important to tell Social Security (or the Railroad Retirement Board).

Chapter 9

What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

Chapter 9: What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

Section 1 Introduction

Section 1.1 What to do if you have a problem or concern

This chapter explains two types of processes for handling problems and concerns:

□ For some problems, you need to use the **process for coverage decisions and appeals**.

□ For other problems, you need to use the **process for making complaints**; also called grievances.

Both of these processes have been approved by Medicare. Each process has a set of rules, procedures, and deadlines that must be followed by us and by you.

The guide in Section 3 will help you identify the right process to use and what you should do.

Section 1.2 What about the legal terms?

There are legal terms for some of the rules, procedures, and types of deadlines explained in this chapter. Many of these terms are unfamiliar to most people and can be hard to understand. To make things easier, this chapter:

"making a complaint" rather than "filing a grievance," "coverage decision" rather than	ays
3	
"organization determination" or "coverage determination" or "at-risk determination" and	
"independent review organization" instead of "Independent Review Entity."	

☐ It also uses abbreviations as little as possible.

However, it can be helpful – and sometimes quite important – for you to know the correct legal terms. Knowing which terms to use will help you communicate more accurately to get the right help or information for your situation. To help you know which terms to use, we include legal terms when we give the details for handling specific types of situations.

Section 2 Where to get more information and personalized assistance

We are always available to help you. Even if you have a complaint about our treatment of you, we are obligated to honor your right to complain. Therefore, you should always reach out to customer service for help. But in some situations, you may also want help or guidance from someone who is not connected with us. Below are two entities that can assist you.

State Health Insurance Assistance Program (SHIP)

Each state has a government program with trained counselors. The program is not connected with us or with any insurance company or health plan. The counselors at this program can help you understand which process you should use to handle a problem you are having. They can also answer your questions, give you more information, and offer guidance on what to do.

The services of SHIP counselors are free. You will find phone numbers in Chapter 2, Section 3 of this document.

Medicare

You can also contact Medicare to get help. To contact Medicare:

- □You can call 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week. TTY users should call 1-877-486-2048.
- ☐ You can also visit the Medicare website (www.medicare.gov).

Section 3 To deal with your problem, which process should you use?

If you have a problem or concern, you only need to read the parts of this chapter that apply to your situation. The guide that follows will help.

Is your problem or concern about your benefits or coverage?

This includes problems about whether medical care (medical items, services and/or Part B prescription drugs) are covered or not, the way they are covered, and problems related to payment for medical care.

Yes.

Go on to the next section of this chapter, **Section 4**, "A guide to the basics of coverage decisions and appeals."

No.

Skip ahead to Section 10 at the end of this chapter: "How to make a complaint about quality of care, waiting times, customer service or other concerns."

Coverage decisions and appeals

Section 4 A guide to the basics of coverage decisions and appeals

Section 4.1 Asking for coverage decisions and making appeals: the big picture

Coverage decisions and appeals deal with problems related to your benefits and coverage for your medical care (services, items and Part B prescription drugs, including payment). To keep things simple, we generally refer to medical items, services and Medicare Part B prescription drugs as medical care. You use the coverage decision and appeals process for issues such as whether something is covered or not and the way in which something is covered.

Asking for coverage decisions prior to receiving benefits

A coverage decision is a decision we make about your benefits and coverage or about the amount we will pay for your medical care. For example, if your plan network doctor refers you to a medical specialist not inside the network, this referral is considered a favorable coverage decision unless either your network doctor can show that you received a standard denial notice for this medical

160

specialist, or the Evidence of Coverage makes it clear that the referred service is never covered under any condition. You or your doctor can also contact us and ask for a coverage decision if your doctor is unsure whether we will cover a particular medical service or refuses to provide medical care you think that you need. In other words, if you want to know if we will cover medical care before you receive it, you can ask us to make a coverage decision for you. In limited circumstances a request for a coverage decision will be dismissed, which means we won't review the request. Examples of when a request will be dismissed include if the request is incomplete, if someone makes the request on your behalf but isn't legally authorized to do so or if you ask for your request to be withdrawn. If we dismiss a request for a coverage decision, we will send a notice explaining why the request was dismissed and how to ask for a review of the dismissal.

We are making a coverage decision for you whenever we decide what is covered for you and how much we pay. In some cases, we might decide medical care is not covered or is no longer covered by Medicare for you. If you disagree with this coverage decision, you can make an appeal.

Making an appeal

If we make a coverage decision, whether before or after a benefit is received and you are not satisfied, you can "appeal" the decision. An appeal is a formal way of asking us to review and change a coverage decision we have made.

Under certain circumstances, which we discuss later, you can request an expedited or "fast appeal" of a coverage decision. Your appeal is handled by different reviewers than those who made the original decision. When you appeal a decision for the first time, this is called a Level 1 appeal. In this appeal, we review the coverage decision we made to check to see if we were properly following the rules.

When we have completed the review, we give you our decision. In limited circumstances a request for a Level 1 appeal will be dismissed, which means we won't review the request. Examples of when a request will be dismissed include if the request is incomplete, if someone makes the request on your behalf but isn't legally authorized to do so or if you ask for your request to be withdrawn. If we dismiss a request for a Level 1 appeal, we will send a notice explaining why the request was dismissed and how to ask for a review of the dismissal.

If we say no to all or part of your Level 1 appeal for medical care, your appeal will automatically go on to a Level 2 appeal conducted by an independent review organization that is not connected to us.

□You do not need to do anything to start a Level 2 appeal. Medicare rules require we automatically send your appeal for medical care to Level 2 if we do not fully agree with your Level 1 appeal.
\square See Section 5.4 of this chapter for more information about Level 2 appeals.
□For Part D drug appeals, if we say no to all or part of your appeal, you will need to ask for a Level 2 appeal. Part D appeals are discussed further in Section 6 of this chapter.
If you are not satisfied with the decision at the Level 2 appeal, you may be able to continue through additional levels of appeal (Section 9 in this chapter explains the Level 3, 4, and 5 appeals processes).

Section 4.3 Which section of this chapter gives the details for your situation?

There are four different situations that involve coverage decisions and appeals. Since each situation has different rules and deadlines, we give the details for each one in a separate section:

□ Section 5 of this chapter: "Your medical care: How to ask for a coverage decision or make an appeal"

162

□Section 6 of this chapter: "Your Part D prescription drugs: How to ask for a coverage decision or make an appeal of a coverage decision"

nursing facility care, and Comprehensive Outpatient Rehabilitation Facility (CORF) services)

Section 5 Your medical care: How to ask for a coverage decision or make an appeal of a coverage decision

Section 5.1 This section tells what to do if you have problems getting coverage for medical care or if you want us to pay you back for our share of the cost of your care

This section is about your benefits for medical care. These benefits are described in Chapter 4 of this document: **Medical Benefits Chart (what is covered and what you pay)**. In some cases, different rules apply to a request for a Part B prescription drug. In those cases, we will explain how the rules for Part B prescription drugs are different from the rules for medical items and services.

This section tells what you can do if you are in any of the five following situations:

- 1. You are not getting certain medical care you want, and you believe that this care is covered by our plan. **Ask for a coverage decision. Section 5.2.**
- 2. Our plan will not approve the medical care your doctor or other medical provider wants to give you, and you believe that this care is covered by the plan. **Ask for a coverage decision. Section 5.2.**
- 3. You have received medical care that you believe should be covered by the plan, but we have said we will not pay for this care. **Make an appeal. Section 5.3.**
- 4. You have received and paid for medical care that you believe should be covered by the plan, and you want to ask our plan to reimburse you for this care. **Send us the bill. Section 5.5.**
- 5. You are being told that coverage for certain medical care you have been getting that we previously approved will be reduced or stopped, and you believe that reducing or stopping this care could harm your health. **Make an appeal. Section 5.3.**

Note: If the coverage that will be stopped is for hospital care, home health care, skilled nursing facility care, or Comprehensive Outpatient Rehabilitation Facility (CORF) services, you need to read Sections 7 and 8 of this Chapter. Special rules apply to these types of care.

163

Section 5.2 Step-by-step: How to ask for a coverage decision

Legal Terms	When a coverage decision involves your medical care, it is called an "organization determination."
	A "fast coverage decision" is called an "expedited determination."

Step 1: Decide if you need a "standard coverage decision" or a "fast coverage decision".

A "standard coverage decision" is usually made within 14 days or 72 hours for Part B drugs. A "fast coverage decision" is generally made within 72 hours, for medical services, or 24 hours for Part B drugs. In order to get a fast coverage decision, you must meet two requirements:

□You may only ask for coverage for medical items and/or services (not requests for payment f items and/or services already received).	or
□You can get a fast coverage decision only if using the standard deadlines could cause serion harm to your health or hurt your ability to function.	us
□If your doctor tells us that your health requires a "fast coverage decision," we will automatically agree to give you a fast coverage decision.	
□If you ask for a fast coverage decision on your own, without your doctor's support, we will decide whether your health requires that we give you a fast coverage decision. If we do not approve a fast coverage decision, we will send you a letter that:	
☐ Explains that we will use the standard deadlines.	
 Explains if your doctor asks for the fast coverage decision, we will automatically give you a fast coverage decision. 	
 Explains that you can file a "fast complaint" about our decision to give you a standard coverage decision instead of the fast coverage decision you requested. 	

Step 2: Ask our plan to make a coverage decision or fast coverage decision.

Start by calling, writing, or faxing our plan to make your request for us to authorize or provide coverage for the medical care you want. You, your doctor, or your representative can do this. Chapter 2 has contact information.

164

Step 3: We consider your request for medical care coverage and give you our answer.

For standard coverage decisions we use the standard deadlines.

This means we will give you an answer within 14 calendar days after we receive your request for a medical item or service. If your request is for a Medicare Part B prescription drug, we will give you an answer within 72 hours after we receive your request.

- □ However, if you ask for more time, or if we need more information that may benefit you we can take up to 14 more days if your request is for a medical item or service. If we take extra days, we will tell you in writing. We can't take extra time to make a decision if your request is for a Medicare Part B prescription drug.
- □ If you believe we should not take extra days, you can file a "fast complaint". We will give you an answer to your complaint as soon as we make the decision. (The process for making a complaint is different from the process for coverage decisions and appeals. See Section 10 of this chapter for information on complaints.)

For Fast Coverage decisions we use an expedited timeframe

A fast coverage decision means we will answer within 72 hours if your request is for a medical item or service. If your request is for a Medicare Part B prescription drug, we will answer within 24 hours.

- □ However, if you ask for more time, or if we need more information that may benefit you we can take up to 14 more days. If we take extra days, we will tell you in writing. We can't take extra time to make a decision if your request is for a Medicare Part B prescription drug.
- □ If you believe we should **not** take extra days, you can file a "fast complaint." (See Section 10 of this chapter for information on complaints.) We will call you as soon as we make the decision.
- If our answer is no to part or all of what you requested, we will send you a written statement that explains why we said no.

Step 4: If we say no to your request for coverage for medical care, you can appeal.

□ If we say no, you have the right to ask us to reconsider this decision by making an appeal. This means asking again to get the medical care coverage you want. If you make an appeal, it means you are going on to Level 1 of the appeals process.

Section 5.3 Step-by-step: How to make a Level 1 appeal

Legal Terms	An appeal to the plan about a medical care coverage decision is called a plan "reconsideration."

Chapter 9: What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

165

A "fast appeal" is also called an "expedited reconsideration."

Step 1: Decide if you need a "standard appeal" or a "fast appeal."

A standard appeal is usually made within 30 days or 7 days for Part B drugs. A fast appeal is generally made within 72 hours.

- If you are appealing a decision we made about coverage for care that you have not yet received, you and/or your doctor will need to decide if you need a "fast appeal." If your doctor tells us that your health requires a "fast appeal," we will give you a fast appeal.
- □ The requirements for getting a "fast appeal" are the same as those for getting a "fast coverage decision" in Section 5.2 of this chapter.

Step 2: Ask our plan for an appeal or a fast appeal

- □ If you are asking for a standard appeal, submit your standard appeal in writing. Chapter 2 has contact information.
- □ If you are asking for a fast appeal, make your appeal in writing or call us. Chapter 2 has contact information.
- □You must make your appeal request within 60 calendar days from the date on the written notice we sent to tell you our answer on the coverage decision. If you miss this deadline and have a good reason for missing it, explain the reason your appeal is late when you make your appeal. We may give you more time to make your appeal. Examples of good cause may include a serious illness that prevented you from contacting us or if we provided you with incorrect or incomplete information about the deadline for requesting an appeal.
- □You can ask for a copy of the information regarding your medical decision. You and your doctor may add more information to support your appeal.

Step 3: We consider your appeal and we give you our answer.

- □When our plan is reviewing your appeal, we take a careful look at all of the information. We check to see if we were following all the rules when we said no to your request.
- □We will gather more information if needed, possibly contacting you or your doctor.

Chapter 9: What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

166

Deadlines for a "fast appeal"
□For fast appeals, we must give you our answer within 72 hours after we receive your appeal. We will give you our answer sooner if your health requires us to.
☐ However, if you ask for more time, or if we need more information that may benefit you, we can take up to 14 more calendar days if your request is for a medical item or service. If we take extra days, we will tell you in writing. We can't take extra time if your request is for a Medicare Part B prescription drug.
□ If we do not give you an answer within 72 hours (or by the end of the extended time period if we took extra days), we are required to automatically send your request on to Level 2 of the appeals process, where it will be reviewed by an independent review organization. Section 5.4 explains the Level 2 appeal process.
□ If our answer is yes to part or all of what you requested, we must authorize or provide the coverage we have agreed to provide within 72 hours after we receive your appeal.
□ If our answer is no to part or all of what you requested, we will send you our decision in writing and automatically forward your appeal to the independent review organization for a Level 2 appeal. The independent review organization will notify you in writing when it receives your appeal.
Deadlines for a "standard appeal"
□For standard appeals, we must give you our answer within 30 calendar days after we receive your appeal. If your request is for a Medicare Part B prescription drug you have not yet received, we will give you our answer within 7 calendar days after we receive your appeal. We will give you our decision sooner if your health condition requires us to.
☐ However, if you ask for more time, or if we need more information that may benefit you, we can take up to 14 more calendar days if your request is for a medical item or service. If we take extra days, we will tell you in writing. We can't take extra time to make a decision if your request is for a Medicare Part B prescription drug.
If you believe we should not take extra days, you can file a "fast complaint". When you file a fast complaint, we will give you an answer to your complaint within 24 hours. (See Section 10 of this chapter for information on complaints.)
If we do not give you an answer by the deadline (or by the end of the extended time period), we will send your request to a Level 2 appeal, where an independent review organization will review the appeal. Section 5.4 explains the Level 2 appeal process.
□ If our answer is yes to part or all of what you requested, we must authorize or provide the coverage within 30 calendar days if your request is for a medical item or service, or within 7 calendar days if your request is for a Medicare Part B prescription drug.
☐ If our plan says no to part or all of your appeal, we will automatically send your appeal to the independent review organization for a Level 2 appeal.

167

Section 5.4	Step-by-step: How a Level 2 appeal is done
Legal Term	The formal name for the "independent review organization" is the
	"Independent Review Entity." It is sometimes called the "IRE."

The independent review organization is an independent organization hired by Medicare. It is not connected with us and is not a government agency. This organization decides whether the decision we made is correct or if it should be changed. Medicare oversees its work.

Step 1: The independent review organization reviews your appeal.

	□We will send the information about your appeal to this organization. This information is called your "case file." You have the right to ask us for a copy of your case file.
	☐You have a right to give the independent review organization additional information to support your appeal.
	□ Reviewers at the independent review organization will take a careful look at all of the information related to your appeal.
f	you had a "fast" appeal at Level 1, you will also have a "fast" appeal at Level 2
	☐ For the "fast appeal" the review organization must give you an answer to your Level 2 appeal within 72 hours of when it receives your appeal.
	□ However, if your request is for a medical item or service and the independent review organization needs to gather more information that may benefit you, it can take up to 14 more calendar days . The independent review organization can't take extra time to make a decision if your request is for a Medicare Part B prescription drug.
f	you had a "standard" appeal at Level 1, you will also have a "standard" appeal at Level 2
	□ For a "standard appeal" if your request is for a medical item or service, the review organization must give you an answer to your Level 2 Appeal within 30 calendar days of when it receives your appeal. If your request is for a Medicare Part B prescription drug, the review organization must give you an answer to your Level 2 appeal within 7 calendar days of when it receives your appeal.
	□ However, if your request is for a medical item or service and the independent review organization needs to gather more information that may benefit you, it can take up to 14 more calendar days . The independent review organization can't take extra time to make a decision if your request is for a Medicare Part B prescription drug.

168

Step 2: The independent review organization gives you their answer.

The independent review organization will tell you its decision in writing and explain the reasons for

	If the review organization says yes to part or all of a request for a medical item or service, we must authorize the medical care coverage within 72 hours or provide the service within 14 calendar days after we receive the decision from the review organization for standard requests. For expedited requests, we have 72 hours from the date we receive the decision from the review organization.
	If the review organization says yes to part or all of a request for a Medicare Part B
	prescription drug, we must authorize or provide the Part B prescription drug within 72 hours after we receive the decision from the review organization for standard requests . For expedited requests we have 24 hours from the date we receive the decision from the review organization.
	If this organization says no to part or all of your appeal, it means they agree with us that you
	request (or part of your request) for coverage for medical care should not be approved. (This is called "upholding the decision" or "turning down your appeal.") In this case, the independent review organization will send you a letter:
	☐ Explaining its decision.
	□ Notifying you of the right to a Level 3 appeal if the dollar value of the medical care coverage meets a certain minimum. The written notice you get from the independent review organization will tell you the dollar amount you must meet to continue the appeals process.
	☐ Telling you how to file a Level 3 appeal.
2	Step 3: If your case meets the requirements, you choose whether you want to take

\Box There are three additional levels in the appeals process after Level 2 (for a total of five levels of
appeal). If you want to go to a Level 3 appeal the details on how to do this are in the written
notice you get after your Level 2 appeal.

☐ The Level 3 appeal is handled by an Administrative Law Judge or attorney adjudicator. Section 9 in this chapter explains the Level 3, 4, and 5 appeals processes.

Section 5.5 What if you are asking us to pay you for our share of a bill you have received for medical care?

Chapter 7 describes when you may need to ask for reimbursement or to pay a bill you have received from a provider. It also tells how to send us the paperwork that asks us for payment.

169

Asking for reimbursement is asking for a coverage decision from us

If you send us the paperwork asking for reimbursement, you are asking for a coverage decision. To make this decision, we will check to see if the medical care you paid for is covered. We will also check to see if you followed all the rules for using your coverage for medical care.

- □ If we say yes to your request: If the medical care is covered and you followed all the rules, we will send you the payment for our share of the cost within 60 calendar days after we receive your request. If you haven't paid for the medical care, we will send the payment directly to the provider.
- □ If we say no to your request: If the medical care is not covered, or you did not follow all the rules, we will not send payment. Instead, we will send you a letter that says we will not pay for the medical care and the reasons why.

If you do not agree with our decision to turn you down, **you can make an appeal**. If you make an appeal, it means you are asking us to change the coverage decision we made when we turned down your request for payment.

To make this appeal, follow the process for appeals that we describe in Section 5.3. For appeals concerning reimbursement, please note:

- □We must give you our answer within 60 calendar days after we receive your appeal. If you are asking us to pay you back for medical care you have already received and paid for, you are not allowed to ask for a fast appeal.
- □If the independent review organization decides we should pay, we must send you or the provider the payment within 30 calendar days. If the answer to your appeal is yes at any stage of the appeals process after Level 2, we must send the payment you requested to you or to the provider within 60 calendar days.

Section 6 Your Part D prescription drugs: How to ask for a coverage decision or make an appeal

Section 6.1 This section tells you what to do if you have problems getting a Part D drug or you want us to pay you back for a Part D drug

Your benefits include coverage for many prescription drugs. To be covered, the drug must be used for a medically accepted indication. (See Chapter 5 for more information about a medically accepted indication.) For details about Part D drugs, rules, restrictions, and costs please see Chapters 5 and 6. **This section is about your Part D drugs only.** To keep things simple, we generally say "drug" in the rest of this section, instead of repeating "covered outpatient prescription drug" or "Part D drug" every time. We also use the term "drug list" instead of "List of Covered Drugs" or "Formulary."

□ If you do not know if a drug is covered or if you meet the rules, you can ask us. Some drugs require that you get approval from us before we will cover it.

Chapter 9: What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

170

□ If your pharmacy tells you that your prescription cannot be filled as written, the pharmacy will give you a written notice explaining how to contact us to ask for a coverage decision.

Part D coverage decisions and appeals

Legal Term	An initial coverage decision about your Part D drugs is called a "coverage determination."

A coverage decision is a decision we make about your benefits and coverage or about the amount we will pay for your drugs. This section tells what you can do if you are in any of the following situations:

- □ Asking to cover a Part D drug that is not on the plan's **List of Covered Drugs**. **Ask for an exception**. **Section 6.2**
- □ Asking to waive a restriction on the plan's coverage for a drug (such as limits on the amount of the drug you can get). Ask for an exception. Section 6.2
- □ Asking to pay a lower cost-sharing amount for a covered drug on a higher cost-sharing tier **Ask** for an exception. Section 6.2
- □ Asking to get pre-approval for a drug. **Ask for a coverage decision. Section 6.4**
- □ Pay for a prescription drug you already bought. Ask us to pay you back. Section 6.4

If you disagree with a coverage decision we have made, you can appeal our decision.

This section tells you both how to ask for coverage decisions and how to request an appeal.

Section 6.2 What is an exception?

Legal Terms	Asking for coverage of a drug that is not on the Drug List is sometimes called asking for a "formulary exception."
	Asking for removal of a restriction on coverage for a drug is sometimes called asking for a "formulary exception."
	Asking to pay a lower price for a covered non-preferred drug is sometimes called asking for a "tiering exception."

If a drug is not covered in the way you would like it to be covered, you can ask us to make an "exception." An exception is a type of coverage decision.

For us to consider your exception request, your doctor or other prescriber will need to explain the medical reasons why you need the exception approved. Here are three examples of exceptions that you or your doctor or other prescriber can ask us to make:

Chapter 9: What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

1 Covering a Part D drug for you that is not on our Drug List. If we agree to cover a drug not

171

	on the Drug List, you will need to pay the cost-sharing amount that applies to drugs in Tier 4. For Tier 4 insulin drugs that are not on the Drug List, you will pay no more than:
	□ \$35 for a 1-month retail supply
	□\$105 for a 3-month retail supply
	□ \$105 for a 3-month standard mail supply
	□\$95 for a 3-month preferred mail supply
Y	ou cannot ask for an exception to the cost-sharing amount we require you to pay for the drug.
	Removing a restriction for a covered drug . Chapter 5 describes the extra rules or restrictions that apply to certain drugs on our Drug List . If we agree to make an exception and waive a restriction for you, you can ask for an exception to the copayment or coinsurance amount we require you to pay for the drug.
	Changing coverage of a drug to a lower cost-sharing tier. Every drug on our plan's Drug List is in one of 5 cost-sharing tiers. In general, the lower the cost-sharing tier number, the less you will pay as your share of the cost of the drug.
	☐ If our Drug List contains alternative drug(s) for treating your medical condition that are in a lower cost-sharing tier than your drug, you can ask us to cover your drug at the cost-sharing amount that applies to the alternative drug(s).
	☐ If the drug you're taking is a biological product you can ask us to cover your drug at a lower cost-sharing. This would be the lowest tier that contains biological product alternatives for treating your condition.
	☐ If the drug you're taking is a brand name drug you can ask us to cover your drug at the cost-sharing amount that applies to the lowest tier that contains brand name alternatives for treating your condition.
	☐ If the drug you're taking is a generic drug you can ask us to cover your drug at the cost- sharing amount that applies to the lowest tier that contains either brand or generic alternatives for treating your condition.
	☐ You cannot ask us to change the cost-sharing tier for any drug in Tier 5 Specialty Tier.
	☐ If we approve your tiering exception request and there is more than one lower cost-sharing tier with alternative drugs you can't take, you will usually pay the lowest amount.

Your doctor must tell us the medical reasons

Section 6.3

Your doctor or other prescriber must give us a statement that explains the medical reasons for requesting an exception. For a faster decision, include this medical information from your doctor or other prescriber when you ask for the exception.

Important things to know about asking for exceptions

Typically, our Drug List includes more than one drug for treating a particular condition. These different possibilities are called "alternative" drugs. If an alternative drug would be just as effective

172

as the drug you are requesting and would not cause more side effects or other health problems, we will generally **not** approve your request for an exception. If you ask us for a tiering exception, we will generally not approve your request for an exception unless all the alternative drugs in the lower cost-sharing tier(s) won't work as well for you or are likely to cause an adverse reaction or other harm.

We can say yes or no to your request

- □If we approve your request for an exception, our approval usually is valid until the end of the plan year. This is true as long as your doctor continues to prescribe the drug for you and that drug continues to be safe and effective for treating your condition.
- ☐ If we say no to your request, you can ask for another review by making an appeal.

Section 6.4 Step-by-step: How to ask for a coverage decision, including an exception

Legal Term A "fast coverage decision" is called an "expedited coverage determination."

Step 1: Decide if you need a "standard coverage decision" or a "fast coverage decision."

"Standard coverage decisions" are made within 72 hours after we receive your doctor's statement. "Fast coverage decisions" are made within 24 hours after we receive your doctor's statement.

If your health requires it, ask us to give you a "fast coverage decision." To get a fast coverage decision, you must meet two requirements:

□You must be asking for a drug you have not yet received . (You cannot ask for fast of decision to be paid back for a drug you have already bought.)	overage

□ If you ask for a fast coverage decision on your own, without your doctor or prescribed we will decide whether your health requires that we give you a fast coverage decision not approve a fast coverage decision, we will send you a letter that:	
\square Explains that we will use the standard deadlines.	
☐ Explains if your doctor or other prescriber asks for the fast coverage decision, we automatically give you a fast coverage decision.	will

173

☐ Tells you how you can file a "fast complaint" about our decision to give you a standard coverage decision instead of the fast coverage decision you requested. We will answer your complaint within 24 hours of receipt.

Step 2: Request a "standard coverage decision" or a "fast coverage decision."

Start by calling, writing, or faxing our plan to make your request for us to authorize or provide coverage for the medical care you want. You can also access the coverage decision process through our website. We must accept any written request, including a request submitted on the CMS Model Coverage Determination Request Form, which is available on our website. Chapter 2 has contact information. To assist us in processing your request, please be sure to include your name, contact information, and information identifying which denied claim is being appealed. You, your doctor, (or other prescriber) or your representative can do this. You can also have a lawyer act on your behalf. Section 4 of this chapter tells how you can give written permission to someone else to act as your representative.

□ If you are requesting an exception, provide the "supporting statement," which is the medical reasons for the exception. Your doctor or other prescriber can fax or mail the statement to us. Or your doctor or other prescriber can tell us on the phone and follow up by faxing or mailing a written statement if necessary.

Step 3: We consider your request and give you our answer.

Deadlines for a "fast" coverage decision

Uve must generally give you our answer within 24 hours after we receive your request.

If we do not meet this deadline, we are required to send your request on to Level 2 of the appeals process, where it will be reviewed by an independent review organization.
□ If our answer is yes to part or all of what you requested, we must provide the coverage we have agreed to provide within 24 hours after we receive your request or doctor's statement supporting your request.
□ If our answer is no to part or all of what you requested, we will send you a written statement that explains why we said no. We will also tell you how you can appeal.

Legal Terms	An appeal to the plan about a Part D drug coverage decision is called a plan "redetermination."

Step 1: Decide if you need a "standard appeal" or a "fast appeal."

A "standard appeal" is usually made within 7 days. A "fast appeal" is generally made within 72 hours. If your health requires it, ask for a "fast appeal"

□The requirements for getting a "fast appeal" are the same as those for getting a "fast coverage decision" in Section 6.4 of this chapter.

Step 2: You, your representative, doctor or other prescriber must contact us and make your Level 1 appeal. If your health requires a quick response, you must ask for a "fast appeal."

- □ For standard appeals, submit a written request. Chapter 2 has contact information.
- □ For fast appeals either submit your appeal in writing or call us at 1-866-261-7709. Chapter 2 has contact information.
- □ We must accept any written request, including a request submitted on the CMS Model Coverage Determination Request Form, which is available on our website. Please be sure to include your name, contact information, and information regarding your claim to assist us in processing your request.
- □You must make your appeal request within 60 calendar days from the date on the written notice we sent to tell you our answer on the coverage decision. If you miss this deadline and have a good reason for missing it, explain the reason your appeal is late when you make your appeal. We may give you more time to make your appeal. Examples of good cause may include a serious illness that prevented you from contacting us or if we provided you with incorrect or incomplete information about the deadline for requesting an appeal.
- ☐ You can ask for a copy of the information in your appeal and add more information. You and your doctor may add more information to support your appeal.

Step 3: We consider your appeal and we give you our answer.

□When we are reviewing your appeal, we take another careful look at all of the information about your coverage request. We check to see if we were following all the rules when we said no to your request. We may contact you or your doctor or other prescriber to get more information.

Deadlines for a "fast appeal"

- □ For fast appeals, we must give you our answer within 72 hours after we receive your appeal. We will give you our answer sooner if your health requires us to.
 - ☐ If we do not give you an answer within 72 hours, we are required to send your request on to Level 2 of the appeals process, where it will be reviewed by an independent review organization. Section 6.6 explains the Level 2 appeals process.

Section 6.6	Step-by-step: How to make a Level 2 appeal
Legal Term	The formal name for the "Independent Review Organization" is the "Independent Review Entity." It is sometimes called the "IRE."

The independent review organization is an independent organization hired by Medicare. It is not connected with us and is not a government agency. This organization decides whether the decision we made is correct or if it should be changed. Medicare oversees its work.

177

Step 1: You (or your representative or your doctor or other prescriber) must contact the independent review organization and ask for a review of your case.

Step 2: The independent review organization reviews your appeal.

Reviewers at the independent review organization will take a careful look at all of the information related to your appeal.

Deadlines for "fast" appeal

□ If your health requires it, ask the independent review organization for a "fast appeal."
□ If the organization agrees to give you a "fast appeal," the organization must give you an answer to your Level 2 appeal within 72 hours after it receives your appeal request.

Deadlines for "standard" appeal

□For standard appeals, the review organization must give you an answer to your Level 2 appeal within 7 calendar days after it receives your appeal if it is for a drug you have not yet received. If you are requesting that we pay you back for a drug you have already bought, the review organization must give you an answer to your Level 2 appeal within 14 calendar days after it receives your request.

Step 3: The independent review organization gives you their answer.

For "fast" appeals

If the independent review organization says yes to part or all of what you requested, we must provide the drug coverage that was approved by the review organization within 24 hours after we receive the decision from the review organization.

Chapter 9: What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

178

For "standard" appeals

- □ If the independent review organization says yes to part or all of your request for coverage, we must provide the drug coverage that was approved by the review organization within 72 hours after we receive the decision from the review organization.
- □ If the independent review organization says yes to part or all of your request to pay you back for a drug you already bought, we are required to send payment to you within 30 calendar days after we receive the decision from the review organization.

What if the review organization says no to your appeal?

If this organization says no to part or all of your appeal, it means they agree with our decision not to approve your request (or part of your request). (This is called "upholding the decision." It is also called "turning down your appeal.") In this case, the independent review organization will send you a letter:

□Explaining its decision.	
□Notifying you of the right to a Level 3	appeal if the dollar value of the drug coverage you are
requesting meets a certain minimum	. If the dollar value of the drug coverage you are requesting
is too low, you cannot make another	appeal and the decision at Level 2 is final.

☐ Telling you the dollar value that must be in dispute to continue with the appeals process.

Step 4: If your case meets the requirements, you choose whether you want to take your appeal further.

□There are three additional	levels in the appeals process af	fter Level 2 (for a total	of five levels of
appeal).			

□ If you want to go on to a Level 3 appeal the details on how to do this are in the written notice you get after your Level 2 appeal decision.

□ The Level 3 appeal is handled by an Administrative Law Judge or attorney adjudicator. Section 9 in this chapter tells more about Levels 3, 4, and 5 of the appeals process.

Section 7 How to ask us to cover a longer inpatient hospital stay if you think you are being discharged too soon

When you are admitted to a hospital, you have the right to get all of your covered hospital services that are necessary to diagnose and treat your illness or injury.

During your covered hospital stay, your doctor and the hospital staff will be working with you to prepare for the day when you will leave the hospital. They will help arrange for care you may need after you leave.

☐ The day you leave the hospital is called your "discharge date."

2024 Evidence of Coverage for AARP® Medicare Advantage from UHC CA-010P (HMO-POS) Chapter 9: What to do if you have a problem or complaint (coverage decisions, appeals, 179 complaints) □When your discharge date is decided, your doctor or the hospital staff will tell you. □If you think you are being asked to leave the hospital too soon, you can ask for a longer hospital stay and your request will be considered. Section 7.1 During your inpatient hospital stay, you will get a written notice from Medicare that tells about your rights Within two days of being admitted to the hospital, you will be given a written notice called An Important Message from Medicare about Your Rights. Everyone with Medicare gets a copy of this notice. If you do not get the notice from someone at the hospital (for example, a caseworker or nurse), ask any hospital employee for it. If you need help, please call Customer Service or 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week (TTY 1-877-486-2048). 1. Read this notice carefully and ask questions if you don't understand it. It tells you: ☐ Your right to receive Medicare-covered services during and after your hospital stay, as ordered by your doctor. This includes the right to know what these services are, who will pay for them, and where you can get them. ☐ Your right to be involved in any decisions about your hospital stay. ☐ Where to report any concerns you have about the quality of your hospital care. Your right to request an immediate review of the decision to discharge you if you think you are being discharged from the hospital too soon. This is a formal, legal way to ask for a delay in your discharge date so that we will cover your hospital care for a longer time. 2. You will be asked to sign the written notice to show that you received it and understand your rights. ☐ You or someone who is acting on your behalf will be asked to sign the notice. ☐ Signing the notice shows **only** that you have received the information about your rights. The notice does not give your discharge date. Signing the notice does not mean you are agreeing on a discharge date. 3. **Keep your copy** of the notice handy so you will have the information about making an appeal (or reporting a concern about quality of care) if you need it. ☐ If you sign the notice more than two days before your discharge date, you will get another copy before you are scheduled to be discharged. ☐ To look at a copy of this notice in advance, you can call Customer Service or 1-800 MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week. TTY users should call 1-877-486-2048. You can also see the notice online at www.cms.gov/Medicare/Medicare-General-Information/BNI/HospitalDischargeAppealNotices.html. Section 7.2 Step-by-step: How to make a Level 1 appeal to change your hospital discharge date

Chapter 9: What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

180

If you want to ask for your inpatient hospital services to be covered by us for a longer time, you will need to use the appeals process to make this request. Before you start, understand what you need to do and what the deadlines are:

□Follow the process.
☐ Meet the deadlines.
□ Ask for help if you need it. If you have questions or need help at any time, please call
Customer Service. Or, call your State Health Insurance Assistance Program, a governmen
organization that provides personalized assistance.

During a Level 1 appeal, the Quality Improvement Organization reviews your appeal. It checks to see if your planned discharge date is medically appropriate for you.

The Quality Improvement Organization is a group of doctors and other health care professionals paid by the Federal government to check on and help improve the quality of care for people with Medicare. This includes reviewing hospital discharge dates for people with Medicare. These experts are not part of our plan.

Step 1: Contact the Quality Improvement Organization for your state and ask for an immediate review of your hospital discharge. You must act quickly.

How can you contact this organization?

□The written notice you received (An Important Message from Medicare About Your Rights)
tells you how to reach this organization. Or, find the name, address, and phone number of the
Quality Improvement Organization for your state in Chapter 2.

Act quickly:

duickly.
To make your appeal, you must contact the Quality Improvement Organization before you leave the hospital and no later than midnight the day of your discharge .
☐ If you meet this deadline, you may stay in the hospital after your discharge date without paying for it while you wait to get the decision from the Quality Improvement Organization.
☐ If you do not meet this deadline, and you decide to stay in the hospital after your planned discharge date, you may have to pay all of the costs for hospital care you receive after your planned discharge date.
If you miss the deadline for contacting the Quality Improvement Organization, and you still wish to appeal, you must make an appeal directly to our plan instead. For details about this other way to make your appeal, see Section 7.4.

Once you request an immediate review of your hospital discharge the Quality Improvement Organization will contact us. By noon of the day after we are contacted, we will give you a Detailed **Notice of Discharge**. This notice gives your planned discharge date and explains in detail the reasons why your doctor, the hospital, and we think it is right (medically appropriate) for you to be discharged on that date.

181

You can get a sample of the **Detailed Notice of Discharge** by calling Customer Service or 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week. (TTY users should call 1-877-486-2048.) Or you can see a sample notice online at www.cms.gov/Medicare/Medicare-General-Information/BNI/HospitalDischargeAppealNotices.

Step 2: The Quality Improvement Organization conducts an independent review of your case.

□Health professionals at the Quality Improvement Organization (we will call them "the reviewers") will ask you (or your representative) why you believe coverage for the services should continue. You don't have to prepare anything in writing, but you may do so if you wish.
The reviewers will also look at your medical information, talk with your doctor, and review information that the hospital and we have given to them.
By noon of the day after the reviewers told us of your appeal, you will get a written notice from us that gives your planned discharge date. This notice also explains in detail the reasons why your doctor, the hospital, and we think it is right (medically appropriate) for you to be discharged on that date.

Step 3: Within one full day after it has all the needed information, the Quality Improvement Organization will give you its answer to your appeal.

What happens if the answer is yes?

□If the review organization says yes , we must keep providing your covered inpatient hospita
services for as long as these services are medically necessary.

☐ You will have to keep paying your share of the costs (such as deductibles or copayments, if these apply). In addition, there may be limitations on your covered hospital services.

What happens if the answer is no?

\exists If the review organization says $oldsymbol{no}$, they are saying that your planned discharge date is medically
appropriate. If this happens, our coverage for your inpatient hospital services will end at
noon on the day after the Quality Improvement Organization gives you its answer to your
appeal.

□If the review organization says **no** to your appeal and you decide to stay in the hospital, then **you may have to pay the full cost** of hospital care you receive after noon on the day after the Quality Improvement Organization gives you its answer to your appeal.

Step 4: If the answer to your Level 1 appeal is no, you decide if you want to make another appeal.

Chapter 9: What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

182

□If the Quality Improvement Organization has said **no** to your appeal, **and** you stay in the hospital after your planned discharge date, then you can make another appeal. Making another appeal means you are going on to Level 2 of the appeals process.

Section 7.3 Step-by-step: How to make a Level 2 appeal to change your hospital discharge date

During a Level 2 appeal, you ask the Quality Improvement Organization to take another look at their decision on your first appeal. If the Quality Improvement Organization turns down your Level 2 appeal, you may have to pay the full cost for your stay after your planned discharge date.

Step 1: Contact the Quality Improvement Organization again and ask for another review.

☐ You must ask for this review **within 60 calendar days** after the day the Quality Improvement Organization said **no** to your Level 1 appeal. You can ask for this review only if you stay in the hospital after the date that your coverage for the care ended.

Step 2: The Quality Improvement Organization does a second review of your situation.

□ Reviewers at the Quality Improvement Organization will take another careful look at all of the information related to your appeal.

Step 3: Within 14 calendar days of receipt of your request for a Level 2 appeal, the reviewers will decide on your appeal and tell you their decision.

If the review organization says yes:

We must reimburse you for our share of the costs of hospital care you have received since
noon on the day after the date your first appeal was turned down by the Quality Improvement
Organization. We must continue providing coverage for your inpatient hospital care for as
long as it is medically necessary.

You must continue to pay your share of the costs and coverage limitations may apply.

If the review organization says no:

□It means they	agree with the	decision they	y made on y	your Level 1	l appeal.
----------------	----------------	---------------	-------------	--------------	-----------

☐ The notice you get will tell you in writing what you can do if you wish to continue with the review process.

your hospital discharge date?

You can appeal to us instead

As explained above, you must act quickly to start your Level 1 appeal of your hospital discharge date. If you miss the deadline for contacting the Quality Improvement Organization, there is another way to make your appeal.

If you use this other way of making your appeal, the first two levels of appeal are different.

Step-by-Step: How to make a Level 1 alternate appeal

Step 1: Contact our plan and ask for a "fast review."

□ **Ask for a "fast review."** This means you are asking us to give you an answer using the "fast" deadlines rather than the "standard" deadlines. Chapter 2 has contact information.

Step 2: We do a "fast" review of your planned discharge date, checking to see if it was medically appropriate.

□ During this review, we take a look at all of the information about your hospital stay. We check	tc
see if your planned discharge date was medically appropriate. We see if the decision about	
when you should leave the hospital was fair and followed all the rules.	

184

Step 3: We give you our decision within 72 hours after you ask for a "fast review".

- □ If we say yes to your appeal, it means we have agreed with you that you still need to be in the hospital after the discharge date. We will keep providing your covered inpatient hospital services for as long as they are medically necessary. It also means that we have agreed to reimburse you for our share of the costs of care you have received since the date when we said your coverage would end. (You must pay your share of the costs and there may be coverage limitations that apply.)
- □ If we say no to your appeal, we are saying that your planned discharge date was medically appropriate. Our coverage for your inpatient hospital services ends as of the day we said coverage would end.
 - ☐ If you stayed in the hospital **after** your planned discharge date, then **you may have to pay the full cost** of hospital care you received after the planned discharge date.

Step 4: If our plan says no to your appeal, your case will automatically be sent on to the next level of the appeals process.

We are required to send the information for your Level 2 appeal to the independent review
organization within 24 hours of when we tell you that we are saying no to your first appeal. (If
you think we are not meeting this deadline or other deadlines, you can make a complaint.
Section 10 of this chapter tells how to make a complaint.)

Requesting a fast-track appeal is a formal, legal way to request a change to our coverage decision about when to stop your care. 1. You receive a notice in writing at least two days before our plan is going to stop covering your care. The notice tells you: ☐ The date when we will stop covering the care for you. ☐ How to request a "fast track appeal" to request us to keep covering your care for a longer period of time. 2. You, or someone who is acting on your behalf, will be asked to sign the written notice to show that you received it. Signing the notice shows only that you have received the information about when your coverage will stop. Signing it does not mean you agree with the plan's decision to stop care. Section 8.3 Step-by-step: How to make a Level 1 appeal to have our plan cover your care for a longer time If you want to ask us to cover your care for a longer period of time, you will need to use the appeals process to make this request. Before you start, understand what you need to do and what the deadlines are. ☐ Follow the process. ■Meet the deadlines. □ Ask for help if you need it. The **Quality Improvement Organization** is a group of doctors and other health care experts paid by the Federal government to check on and help improve the quality of care for people with Medicare. This includes reviewing plan decisions about when it's time to stop covering certain kinds of medical care. These experts are not part of our plan.

187

Step 1: Make your Level 1 appeal: contact the Quality Improvement Organization and ask for a fast-track appeal. You must act quickly.

How can you contact this organization?

The written notice you received (Notice of Medicare Non-Coverage) tells you how to reach this organization. Or find the name, address, and phone number of the Quality Improvement Organization for your state in Chapter 2.

Act quickly:

- ☐ You must contact the Quality Improvement Organization to start your appeal by noon of the day before the effective date on the Notice of Medicare Non-Coverage.
- □ If you miss the deadline for contacting the Quality Improvement Organization, and you still wish to file an appeal, you must make an appeal directly to us instead. For details about this other way to make your appeal, see Section 8.5.

Step 2: The Quality Improvement Organization conducts an independent review of your case.

Legal Term

"Detailed Explanation of Non-Coverage." Notice that provides details on reasons for ending coverage.

What happens during this review?

- □ Health professionals at the Quality Improvement Organization ("the reviewers") will ask you, or your representative, why you believe coverage for the services should continue. You don't have to prepare anything in writing, but you may do so if you wish.
- ☐ The review organization will also look at your medical information, talk with your doctor, and review the information that our plan has given to them.
- □By the end of the day the reviewers tell us of your appeal, you will get the **Detailed Explanation** of **Non-Coverage** from us that explains in detail our reasons for ending our coverage for your services.

Step 3: Within one full day after they have all the information they need; the reviewers will tell you their decision.

What happens if the reviewers say yes?

□If the reviewers say **yes** to your appeal, then **we must keep providing your covered services for as long as it is medically necessary.**

188

□You will have to keep paying your share of the costs (such as deductibles or copaym	ents, if
these apply). There may be limitations on your covered services.	

What happens if the reviewers say no?

- □If the reviewers say no, then your coverage will end on the date we have told you.
- □ If you decide to keep getting the home health care, or skilled nursing facility care, or Comprehensive Outpatient Rehabilitation Facility (CORF) services **after** this date when your coverage ends, then **you will have to pay the full cost** of this care yourself.

Step 4: If the answer to your Level 1 appeal is no, you decide if you want to make another appeal.

□If reviewers say **no** to your Level 1 appeal – **and** you choose to continue getting care after your coverage for the care has ended – then you can make a Level 2 appeal.

Section 8.4 Step-by-step: How to make a Level 2 appeal to have our plan cover your care for a longer time

During a Level 2 appeal, you ask the Quality Improvement Organization to take another look at the decision on your first appeal. If the Quality Improvement Organization turns down your Level 2 appeal, you may have to pay the full cost for your home health care, or skilled nursing facility care, or Comprehensive Outpatient Rehabilitation Facility (CORF) services **after** the date when we said your coverage would end.

Step 1: Contact the Quality Improvement Organization again and ask for another review.

☐ You must ask for this review **within 60 days** after the day when the Quality Improvement Organization said **no** to your Level 1 appeal. You can ask for this review only if you continued getting care after the date that your coverage for the care ended.

Step 2: The Quality Improvement Organization does a second review of your situation.

□Reviewers at the Quality	Improvement	Organization	will take	another	careful	look a	t all	of the
information related to you	ır appeal.							

189

Step 3: Within 14 days of receipt of your appeal request, reviewers will decide on your appeal and tell you their decision.

What happens if the review organization says yes?

- □ We must reimburse you for our share of the costs of care you have received since the date when we said your coverage would end. We must continue providing coverage for the care for as long as it is medically necessary.
- □You must continue to pay your share of the costs and there may be coverage limitations that apply.

What happens if the review organization says no?

- □ It means they agree with the decision made to your Level 1 appeal.
- ☐ The notice you get will tell you in writing what you can do if you wish to continue with the review process. It will give you the details about how to go on to the next level of appeal, which is handled by an Administrative Law Judge or attorney adjudicator.

Step 4: If the answer is no, you will need to decide whether you want to take your appeal further.

- □There are three additional levels of appeal after Level 2, for a total of five levels of appeal. If you want to go on to a Level 3 appeal, the details on how to do this are in the written notice you get after your Level 2 appeal decision.
- □ The Level 3 appeal is handled by an Administrative Law Judge or attorney adjudicator. Section 9 in this chapter tells more about Levels 3, 4, and 5 of the appeals process.

Section 8.5 What if you miss the deadline for making your Level 1 appeal?

You can appeal to us instead

As explained above, you must act quickly to contact the Quality Improvement Organization to start your first appeal (within a day or two, at the most). If you miss the deadline for contacting this organization, there is another way to make your appeal. If you use this other way of making your appeal, the first two levels of appeal are different.

Step-by-Step: How to make a Level 1 Alternate Appeal

Legal Term	A "fast" review (or "fast appeal") is also called an "expedited
	appeal."

Step 1: Contact us and ask for a "fast review."

□ Ask for a "fast review." This means you are asking us to give you an answer using the "fast" deadlines rather than the "standard" deadlines. Chapter 2 has contact information.

Step 2: We do a "fast" review of the decision we made about when to end coverage for your services.

□During this review, we take another look at all of the information about your case. We check to see if we were following all the rules when we set the date for ending the plan's coverage for services you were receiving.

Step 3: We give you our decision within 72 hours after you ask for a "fast review".

□ If we say yes to your appeal, it means we have agreed with you that you need services longer, and will keep providing your covered services for as long as it is medically necessary. It also means that we have agreed to reimburse you for our share of the costs of care you have received since the date when we said your coverage would end. (You must pay your share of the costs and there may be coverage limitations that apply.)

□ If we say no to your appeal, then your coverage will end on the date we told you and we will not pay any share of the costs after this date.

□ If you continued to get home health care, or skilled nursing facility care, or Comprehensive Outpatient Rehabilitation Facility (CORF) services **after** the date when we said your coverage would end, then **you will have to pay the full cost** of this care.

Step 4: If we say no to your fast appeal, your case will automatically go on to the next level of the appeals process.

Legal Term	The formal name for the "independent review organization" is the
	"Independent Review Entity." It is sometimes called the "IRE."

191

Step-by-Step: Level 2 Alternate Appeal Process

During the Level 2 appeal, the **independent review organization** reviews the decision we made to your "fast appeal." This organization decides whether the decision should be changed. **The independent review organization is an independent organization that is hired by Medicare.** This organization is not connected with our plan and it is not a government agency. This organization is a company chosen by Medicare to handle the job of being the independent review organization. Medicare oversees its work.

Step 1: We automatically forward your case to the independent review organization.

□We are required to send the information for your Level 2 appeal to the independent review organization within 24 hours of when we tell you that we are saying no to your first appeal. (If you think we are not meeting this deadline or other deadlines, you can make a complaint. Section 10 of this chapter tells how to make a complaint.)

Step 2: The independent review organization does a "fast review" of your appeal. The reviewers give you an answer within 72 hours.

- □ If this organization says no to your appeal, it means they agree with the decision our plan made to your first appeal and will not change it.
 - ☐ The notice you get from the independent review organization will tell you in writing what you can do if you wish to go on to a Level 3 appeal.

Step 3: If the independent review organization says no to your appeal, you choose whether you want to take your appeal further.

\exists There are three additional levels of appeal after Level 2, for a total of five levels of appeal. If you
want to go on to a Level 3 appeal, the details on how to do this are in the written notice you get
after your Level 2 appeal decision.

Chapter 9: What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

192

□ A Level 3 appeal is reviewed by an Administrative Law Judge or attorney adjudicator. Section 9 in this chapter tells more about Levels 3, 4, and 5 of the appeals process.

Section 9 Taking your appeal to Level 3 and beyond

Section 9.1 Appeal Levels 3, 4, and 5 for Medical Service Requests

This section may be appropriate for you if you have made a Level 1 appeal and a Level 2 appeal, and both of your appeals have been turned down.

If the dollar value of the item or medical service you have appealed meets certain minimum levels, you may be able to go on to additional levels of appeal. If the dollar value is less than the minimum level, you cannot appeal any further. The written response you receive to your Level 2 appeal will explain how to make a Level 3 appeal.

For most situations that involve appeals, the last three levels of appeal work in much the same way. Here is who handles the review of your appeal at each of these levels.

Level 3 appeal: An Administrative Law Judge or an attorney adjudicator who works for the Federal government will review your appeal and give you an answer. □If the Administrative Law Judge or attorney adjudicator says yes to your appeal, the appeals process may or may not be over. Unlike a decision at a Level 2 appeal, we have the right to appeal a Level 3 decision that is favorable to you. If we decide to appeal, it will go to a Level 4 appeal. ☐ If we decide **not** to appeal, we must authorize or provide you with the medical care within 60 calendar days after receiving the Administrative Law Judge's or attorney adjudicator's decision. ☐ If we decide to appeal the decision, we will send you a copy of the Level 4 appeal request with any accompanying documents. We may wait for the Level 4 appeal decision before authorizing or providing the medical care in dispute. ☐ If the Administrative Law Judge or attorney adjudicator says no to your appeal, the appeals process may or may not be over. ☐ If you decide to accept this decision that turns down your appeal, the appeals process is ☐ If you do not want to accept the decision, you can continue to the next level of the review process. The notice you get will tell you what to do for a Level 4 appeal. Level 4 appeal: The Medicare Appeals Council (Council) will review your appeal

Level 4 appeal: The Medicare **Appeals Council** (Council) will review your appeal and give you an answer. The Council is part of the Federal government.

Making complaints

Section 10

How to make a complaint about quality of care, waiting times, customer service, or other concerns

Section 10.1 What kinds of problems are handled by the complaint process?

The complaint process is only used for certain types of problems. This includes problems related to quality of care, waiting times, and the customer service. Here are examples of the kinds of problems handled by the complaint process.

Complaint	Example
Quality of your medical care	☐Are you unhappy with the quality of the care you have received (including care in the hospital)?
Respecting your privacy	Did someone not respect your right to privacy or share confidential information?

195

Complaint Example	
Disrespect, poor customer service, or other negative behaviors	☐ Has someone been rude or disrespectful to you?☐ Are you unhappy with our Customer Service?☐ Do you feel you are being encouraged to leave the plan?
Waiting times	□ Are you having trouble getting an appointment, or waiting too long to get it? □ Have you been kept waiting too long by doctors, pharmacists, or other health professionals? Or by Customer Service or other staff at our plan? □ Examples include waiting too long on the phone, in the waiting or exam room, or getting a prescription.
Cleanliness	□Are you unhappy with the cleanliness or condition of a clinic, hospital, or doctor's office?
Information you get from us	□Did we fail to give you a required notice? □Is our written information hard to understand?
Timeliness (These types of complaints are all related to the timeliness of our actions related to coverage decisions and appeals)	If you have asked us for a coverage decision or made an appeal, and you think that we are not responding quickly enough, you can also make a complaint about our slowness. Here are examples: You asked us for a "fast coverage decision" or a "fast appeal," and we have said no; you can make a complaint. You believe we are not meeting the deadlines for coverage decisions or appeals; you can make a complaint. You believe we are not meeting deadlines for covering or reimbursing you for certain medical items or services or drugs that were approved; you can make a complaint. You believe we failed to meet required deadlines for forwarding your case to the independent review organization; you can make a complaint.

egal Terms	A "complaint" is also called a "grievance."
	"Making a complaint" is also called "filing a grievance."
	"Using the process for complaints" is also called "using the process for filing a grievance."
	A "fast complaint" is also called an "expedited grievance."

Section 10.3 Step-by-step: Making a complaint

Step 1: Contact us promptly - either by phone or in writing.

□ Usually, calling Customer Service is the first step. If there is anything else you need to do, Customer Service will let you know.

□ If you do not wish to call (or you called and were not satisfied), you can put your complaint in writing and send it to us. If you put your complaint in writing, we will respond to your complaint in writing.

□We must receive your complaint within 60 calendar days of the event or incident you are complaining about. If something kept you from filing your complaint (you were sick, we provided incorrect information, etc.) let us know and we might be able to accept your complaint past 60 days. We will address your complaint as quickly as possible but no later than 30 days after receiving it. Sometimes we need additional information, or you may wish to provide additional information. If that occurs, we may take an additional 14 days to respond to your complaint. If the additional 14 days is taken, you will receive a letter letting you know.

If your complaint is because we took 14 extra days to respond to your request for a coverage determination or appeal or because we decided you didn't need a fast coverage decision or a fast appeal, you can file a fast complaint. We will respond to you within 24 hours of receiving your complaint. The address and fax numbers for filing complaints are located in Chapter 2 under "How to contact us when you are making a complaint about your medical care" or for Part D prescription drug complaints "How to contact us when you are making a complaint about your Part D prescription drugs."

☐ The **deadline** for making a complaint is 60 calendar days from the time you had the problem you want to complain about.

Step 2: We look into your complaint and give you our answer.

Chapter 11 Legal notices

Section 1 Notice about governing law

The principal law that applies to this **Evidence of Coverage** document is Title XVIII of the Social Security Act and the regulations created under the Social Security Act by the Centers for Medicare & Medicaid Services, or CMS. In addition, other Federal laws may apply and, under certain circumstances, the laws of the state you live in. This may affect your rights and responsibilities even if the laws are not included or explained in this document.

Section 2 Notice about non-discrimination

We don't discriminate based on race, ethnicity, national origin, color, religion, sex, gender, age, sexual orientation, mental or physical disability, health status, claims experience, medical history, genetic information, evidence of insurability, or geographic location within the service area. All organizations that provide Medicare Advantage plans, like our plan, must obey Federal laws against discrimination, including Title VI of the Civil Rights Act of 1964, the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, the Americans with Disabilities Act, Section 1557 of the Affordable Care Act, all other laws that apply to organizations that get Federal funding, and any other laws and rules that apply for any other reason.

If you want more information or have concerns about discrimination or unfair treatment, please call the Department of Health and Human Services' Office for Civil Rights at 1-800-368-1019 (TTY 1-800-537-7697) or your local Office for Civil Rights. You can also review information from the Department of Health and Human Services' Office for Civil Rights at hhs.gov/ocr/index.html.

If you have a disability and need help with access to care, please call us at Customer Service. If you have a complaint, such as a problem with wheelchair access, Customer Service can help.

Section 3 Notice about Medicare Secondary Payer subrogation rights

We have the right and responsibility to collect for covered Medicare services for which Medicare is not the primary payer. According to CMS regulations at 42 CFR sections 422.108 and 423.462, our plan, as a Medicare Advantage Organization, will exercise the same rights of recovery that the Secretary exercises under CMS regulations in subparts B through D of part 411 of 42 CFR and the rules established in this section supersede any State laws.

Section 4 Third party liability and subrogation

If you suffer an illness or injury for which any third party is alleged to be liable or responsible due to any negligent or intentional act or omission causing illness or injury to you, you must promptly notify us of the illness or injury. We will send you a statement of the amounts we paid for services provided in connection with the illness or injury. If you recover any sums from any third party, we shall be reimbursed out of any such recovery from any third party for the payments we made on your behalf, subject to the limitations in the following paragraphs.

- 1)Our payments are less than the recovery amount. If our payments are less than the total recovery amount from any third party (the "recovery amount"), then our reimbursement is computed as follows:
 - a) First: Determine the ratio of the procurement costs to the recovery amount (the term "procurement costs" means the attorney fees and expenses incurred in obtaining a settlement or judgment).
 - b) **Second**: Apply the ratio calculated above to our payment. The result is our share of procurement costs.
 - c) **Third**: Subtract our share of procurement costs from our payments. The remainder is our reimbursement amount.
- 2)Our payments equal or exceed the recovery amount. If our payments equal or exceed the recovery amount, our reimbursement amount is the total recovery amount minus the total procurement costs.
- 3) We incur procurement costs because of opposition to our reimbursement. If we must bring suit against the party that received the recovery amount because that party opposes our reimbursement, our reimbursement amount is the lower of the following:
 - a) Our payments made on your behalf for services; or
 - b) the recovery amount, minus the party's total procurement cost.

Subject to the limitations stated above, you agree to grant us an assignment of, and a claim and a lien against, any amounts recovered through settlement, judgment or verdict. You may be required by us and you agree to execute documents and to provide information necessary to establish the assignment, claim, or lien to ascertain our right to reimbursement.

Section 5 Member liability

In the event we fail to reimburse provider's charges for covered services, you will not be liable fo
any sums owed by us. Neither the plan nor Medicare will pay for non-covered services except for
the following eligible expenses:
□Emergency services
□Lirgently needed services

□ Out-of-area and routine travel dialysis (must be received in a Medicare Certified Dialysis Facility

within the United States)

□Post-stabilization services

If you enter into a private contract with a non-network provider, neither the plan nor Medicare will pay for those services.

Section 6 Medicare-covered services must meet requirement of reasonable and necessary

In determining coverage, services must meet the reasonable and necessary requirements under Medicare in order to be covered under your plan, unless otherwise listed as a covered service. A service is "reasonable and necessary" if the service is:

□Safe and effective;
□Not experimental or investigational; and
□ Appropriate, including the duration and frequency that is considered appropriate for the
service, in terms of whether it is:

- 1. Furnished in accordance with accepted standards of medical practice for the diagnosis or treatment of the patient's condition or to improve the function of a malformed body member;
- 2. Furnished in a setting appropriate to the patient's medical needs and condition;
- 3. Ordered and furnished by qualified personnel;
- 4. One that meets, but does not exceed, the patient's medical need; and
- 5. At least as beneficial as an existing and available medically appropriate alternative.

Section 7 Non duplication of benefits with automobile, accident or liability coverage

If you are receiving benefits as a result of other automobile, accident or liability coverage, we will not duplicate those benefits. It is your responsibility to take whatever action is necessary to receive payment under automobile, accident, or liability coverage when such payments may reasonably be expected, and to notify us of such coverage when available. If we happen to duplicate benefits to which you are entitled under other automobile, accident or liability coverage, we may seek reimbursement of the reasonable value of those benefits from you, your insurance carrier, or your health care provider to the extent permitted under State and/or federal law. We will provide benefits over and above your other automobile, accident or liability coverage, if the cost of your health care services exceeds such coverage. You are required to cooperate with us in obtaining payment from your automobile, accident or liability coverage carrier. Your failure to do so may result in termination of your plan membership.

Section 8 Acts beyond our control

If, due to a natural disaster, war, riot, civil insurrection, complete or partial destruction of a facility, ordinance, law or decree of any government or quasi-governmental agency, labor dispute (when said dispute is not within our control), or any other emergency or similar event not within the control of us, network providers may become unavailable to arrange or provide health services pursuant to this Evidence of Coverage and Disclosure Information, then we shall attempt to arrange for covered services insofar as practical and according to our best judgment. Neither we nor any network provider shall have any liability or obligation for delay or failure to provide or arrange for covered services if such delay is the result of any of the circumstances described above.

Section 9 Contracting medical providers and network hospitals are independent contractors

The relationships between the plan and network providers and network hospitals are independent contractor relationships. None of the network providers or network hospitals or their physicians or employees are employees or agents of the plan. An agent would be anyone authorized to act on the plan's behalf.

Section 10 Technology assessment

We regularly review new procedures, devices and drugs to determine whether or not they are safe and efficacious for members. New procedures and technology that are safe and efficacious are eligible to become Covered Services. If the technology becomes a Covered Service, it will be subject to all other terms and conditions of the plan, including medical necessity and any applicable member copayments, coinsurance, deductibles or other payment contributions.

In determining whether to cover a service, we use proprietary technology guidelines to review new devices, procedures and drugs, including those related to behavioral/mental health. When clinical necessity requires a rapid determination of the safety and efficacy of a new technology or new application of an existing technology for an individual member, one of our Medical Directors makes a medical necessity determination based on individual member medical documentation, review of published scientific evidence, and, when appropriate, relevant specialty or professional opinion from an individual who has expertise in the technology.

Section 11 Member statements

In the absence of fraud, all statements made by you will be deemed representations and not warranties. No such representation will void coverage or reduce covered services under this Evidence of Coverage or be used in defense of a legal action unless it is contained in a written application.

Section 12 Information upon request

As a plan member, you have the right to request information on the following:		
☐General coverage and comparative plan information		
□Utilization control procedures		
□Quality improvement programs		
□Statistical data on grievances and appeals		
☐The financial condition of UnitedHealthcare Insurance Company or one of its affiliates

Section 14 Commitment of Coverage Decisions

UnitedHealthcare's Clinical Services Staff and Physicians make decisions on the health care services you receive based on the appropriateness of care and service and existence of coverage. Clinical Staff and Physicians making these decisions: 1. Do not specifically receive reward for issuing non-coverage (denial) decisions; 2. Do not offer incentives to physicians or other health care professionals to encourage inappropriate underutilization of care or services; and 3. Do not hire, promote, or terminate physicians or other individuals based upon the likelihood or the perceived likelihood that the individual will support or tend to support the denial of benefits.

Chapter 12

Definitions of important words

Chapter 12

Definitions of important words

Ambulatory Surgical Center – An Ambulatory Surgical Center is an entity that operates exclusively for the purpose of furnishing outpatient surgical services to patients not requiring hospitalization and whose expected stay in the center does not exceed 24 hours.

Annual Enrollment Period –The time period of October 15 until December 7 of each year when members can change their health or drug plans or switch to Original Medicare.

Appeal – An appeal is something you do if you disagree with our decision to deny a request for coverage of health care services or prescription drugs or payment for services or drugs you already received. You may also make an appeal if you disagree with our decision to stop services that you are receiving.

Balance Billing – When a provider (such as a doctor or hospital) bills a patient more than the plan's allowed cost-sharing amount. As a member of AARP® Medicare Advantage from UHC CA-010P (HMO-POS), you only have to pay our plan's allowed cost-sharing amounts when you get services covered by our plan. We do not allow network providers to "balance bill" or otherwise charge you more than the amount of cost-sharing your plan says you must pay.

Benefit period – The way that Original Medicare measures your use of hospital and skilled nursing facility (SNF) services. A benefit period begins the day you go into a hospital or skilled nursing facility. The benefit period ends when you have not received any inpatient hospital care (or skilled care in a SNF) for 60 days in a row. If you go into a hospital or a skilled nursing facility after one benefit period has ended, a new benefit period begins. You must pay the inpatient hospital deductible for each benefit period. There is no limit to the number of benefit periods.

Biological Product – A prescription drug that is made from natural and living sources like animal cells, plant cells, bacteria, or yeast. Biological products are more complex than other drugs and cannot be copied exactly, so alternative forms are called biosimilars. Biosimilars generally work just as well, and are as safe, as the original biological products.

Brand Name Drug – A prescription drug that is manufactured and sold by the pharmaceutical company that originally researched and developed the drug. Brand name drugs have the same active-ingredient formula as the generic version of the drug. However, generic drugs are manufactured and sold by other drug manufacturers and are generally not available until after the patent on the brand name drug has expired.

Catastrophic Coverage Stage – The stage in the Part D Drug Benefit that begins when you (or other qualified parties on your behalf) have spent \$8,000 for Part D covered drugs during the covered year. During this payment stage, the plan pays the full cost for your covered Part D drugs. You pay nothing.

Centers for Medicare & Medicaid Services (CMS) – The Federal agency that administers Medicare.

Chronic-Care Special Needs Plan – C-SNPs are SNPs that restrict enrollment to MA eligible individuals who have one or more severe or disabling chronic conditions, as defined under 42 CFR 422.2, including restricting enrollment based on the multiple commonly co-morbid and clinically-

linked condition groupings specified in 42 CFR 422.4(a)(1)(iv).

Clinical Research Study – A clinical research study is a way that doctors and scientists test new types of medical care, like how well a new cancer drug works. They test new medical care procedures or drugs by asking for volunteers to help with the study. This kind of study is one of the final stages of a research process that helps doctors and scientists see if a new approach works and if it is safe.

Coinsurance – An amount you may be required to pay, expressed as a percentage (for example 20%) as your share of the cost for services or prescription drugs. Coinsurance for in-network services is based upon contractually negotiated rates (when available for the specific covered service to which the coinsurance applies) or Medicare Allowable Cost, depending on our contractual arrangements for the service.

Compendia – Medicare-recognized reference books for drug information and medically accepted indications for Part D coverage.

Complaint – The formal name for "making a complaint" is "filing a grievance." The complaint process is used only for certain types of problems. This includes problems related to quality of care, waiting times, and the customer service you receive. It also includes complaints if your plan does not follow the time periods in the appeal process.

Comprehensive Outpatient Rehabilitation Facility (CORF) – A facility that mainly provides rehabilitation services after an illness or injury, including physical therapy, social or psychological services, respiratory therapy, occupational therapy and speech-language pathology services, and home environment evaluation services.

Copayment (or "copay") – An amount you may be required to pay as your share of the cost for a medical service or supply, like a doctor's visit, hospital outpatient visit, or a prescription drug. A copayment is a set amount (for example \$10), rather than a percentage.

Cost-Sharing – Cost-sharing refers to amounts that a member has to pay when services or drugs are received. (This is in addition to the plan's monthly premium.) Cost-sharing includes any combination of the following three types of payments: (1) any deductible amount a plan may impose before services or drugs are covered; (2) any fixed "copayment" amount that a plan requires when a specific service or drug is received; or (3) any "coinsurance" amount, a percentage of the total amount paid for a service or drug that a plan requires when a specific service or drug is received.

Cost-Sharing Tier – Every drug on the list of covered drugs is in one of 5 cost-sharing tiers. In general, the higher the cost-sharing tier, the higher your cost for the drug.

Coverage Determination – A decision about whether a drug prescribed for you is covered by the plan and the amount, if any, you are required to pay for the prescription. In general, if you bring your prescription to a pharmacy and the pharmacy tells you the prescription isn't covered under your plan, that isn't a coverage determination. You need to call or write to your plan to ask for a formal decision about the coverage. Coverage determinations are called "coverage decisions" in this document.

Covered Drugs - The term we use to mean all of the prescription drugs covered by our plan.

Covered Services – The term we use in this EOC to mean all of the health care services and supplies that are covered by our plan.

Creditable Prescription Drug Coverage – Prescription drug coverage (for example, from an employer or union) that is expected to pay, on average, at least as much as Medicare's standard prescription drug coverage. People who have this kind of coverage when they become eligible for Medicare can generally keep that coverage without paying a penalty, if they decide to enroll in Medicare prescription drug coverage later.

Custodial Care – Custodial care is personal care provided in a nursing home, hospice, or other facility setting when you do not need skilled medical care or skilled nursing care. Custodial care, provided by people who do not have professional skills or training, includes help with activities of daily living like bathing, dressing, eating, getting in or out of a bed or chair, moving around, and using the bathroom. It may also include the kind of health-related care that most people do themselves, like using eye drops. Medicare doesn't pay for custodial care.

Customer Service – A department within our plan responsible for answering your questions about your membership, benefits, grievances, and appeals.

Daily cost-sharing rate – A "daily cost-sharing rate" may apply when your doctor prescribes less than a full month's supply of certain drugs for you and you are required to pay a copayment. A daily cost-sharing rate is the copayment divided by the number of days in a month's supply. Here is an example: If your copayment for a one-month supply of a drug is \$30, and a one-month's supply in your plan is 30 days, then your "daily cost-sharing rate" is \$1 per day.

Daily Cost Share applies only if the drug is in the form of a solid oral dose (e.g., tablet or capsule) when dispensed for less than a one-month supply under applicable law. The Daily Cost Share requirements do not apply to either of the following:

- 1. Solid oral doses of antibiotics.
- 2. Solid oral doses that are dispensed in their original container or are usually dispensed in their original packaging to assist patients with compliance.

Deductible – The amount you must pay for health care or prescriptions before our plan pays.

Disenroll or **Disenrollment** – The process of ending your membership in our plan.

Dispensing Fee – A fee charged each time a covered drug is dispensed to pay for the cost of filling a prescription, such as the pharmacist's time to prepare and package the prescription.

Dual Eligible Special Needs Plans (D-SNP) – D-SNPs enroll individuals who are entitled to both Medicare (title XVIII of the Social Security Act) and medical assistance from a state plan under Medicaid (title XIX). States cover some Medicare costs, depending on the state and the individual's eligibility.

Durable Medical Equipment (DME) – Certain medical equipment that is ordered by your doctor for medical reasons. Examples include walkers, wheelchairs, crutches, powered mattress systems, diabetic supplies, IV infusion pumps, speech generating devices, oxygen equipment, nebulizers, or hospital beds ordered by a provider for use in the home.

Emergency – A medical emergency is when you, or any other prudent layperson with an average knowledge of health and medicine, believe that you have medical symptoms that require immediate medical attention to prevent loss of life (and, if you are a pregnant woman, loss of an unborn child), loss of a limb, or loss of function of a limb, or loss of or serious impairment to a bodily function. The medical symptoms may be an illness, injury, severe pain, or a medical

condition that is quickly getting worse.

Emergency Care – Covered services that are: 1) provided by a provider qualified to furnish emergency services; and 2) needed to treat, evaluate, or stabilize an emergency medical condition.

Evidence of Coverage (EOC) and Disclosure Information – This document, along with your enrollment form and any other attachments, riders, or other optional coverage selected, which explains your coverage, what we must do, your rights, and what you have to do as a member of our plan.

Exception – A type of coverage decision that, if approved, allows you to get a drug that is not on our formulary (a formulary exception), or get a non-preferred drug at a lower cost-sharing level (a tiering exception). You may also request an exception if our plan requires you to try another drug before receiving the drug you are requesting, or if our plan limits the quantity or dosage of the drug you are requesting (a formulary exception).

Extra Help – A Medicare or a state program to help people with limited income and resources pay Medicare prescription drug program costs, such as premiums, deductibles, and coinsurance.

Generic Drug – A prescription drug that is approved by the Food and Drug Administration (FDA) as having the same active ingredient(s) as the brand name drug. Generally, a "generic" drug works the same as a brand name drug and usually costs less.

Grievance – A type of complaint you make about our plan, providers, or pharmacies, including a complaint concerning the quality of your care. This does not involve coverage or payment disputes.

Home Health Aide – A person who provides services that do not need the skills of a licensed nurse or therapist, such as help with personal care (e.g., bathing, using the toilet, dressing, or carrying out the prescribed exercises).

Home Health Care – Skilled nursing care and certain other health care services that you get in your home for the treatment of an illness or injury. Covered services are listed in the Benefits Chart in Chapter 4, Section 2.1 under the heading "Home health agency care." If you need home health care services, our plan will cover these services for you provided the Medicare coverage requirements are met. Home health care can include services from a home health aide if the services are part of the home health plan of care for your illness or injury. They aren't covered unless you are also getting a covered skilled service. Home health services don't include the services of housekeepers, food service arrangements, or full-time nursing care at home.

Hospice – A benefit that provides special treatment for a member who has been medically certified as terminally ill, meaning having a life expectancy of 6 months or less. We, your plan, must provide you with a list of hospices in your geographic area. If you elect hospice and continue to pay premiums you are still a member of our plan. You can still obtain all medically necessary services as well as the supplemental benefits we offer.

Hospice Care – A special way of caring for people who are terminally ill and providing counseling for their families. Hospice care is physical care and counseling that is given by a team of people who are part of a Medicare-certified public agency or private company. Depending on the situation, this care may be given in the home, a hospice facility, a hospital, or a nursing home. Care from a hospice is meant to help patients in the last months of life by giving comfort and relief from pain. The focus is on care, not cure. For more information on hospice care visit medicare.gov and under "Search Tools" choose "Find a Medicare Publication" to view or download the publication

"Medicare Hospice Benefits." Or, call (1-800-633-4227). TTY users should call 1-877-486-2048. You may call 24 hours a day/7 days a week.

Hospital Inpatient Stay – A hospital stay when you have been formally admitted to the hospital for skilled medical services. Even if you stay in the hospital overnight, you might still be considered an "outpatient."

Income Related Monthly Adjustment Amount (IRMAA) – If your modified adjusted gross income as reported on your IRS tax return from 2 years ago is above a certain amount, you'll pay the standard premium amount and an Income Related Monthly Adjustment Amount, also known as IRMAA. IRMAA is an extra charge added to your premium. Less than 5% of people with Medicare are affected, so most people will not pay a higher premium.

Initial Coverage Limit - The maximum limit of coverage under the Initial Coverage Stage.

Initial Coverage Stage – This is the stage before your total drug costs including amounts you have paid and what your plan has paid on your behalf for the year have reached \$5,030.

Initial Enrollment Period – When you are first eligible for Medicare, the period of time when you can sign up for Medicare Part A and Part B. If you're eligible for Medicare when you turn 65, your Initial Enrollment Period is the 7-month period that begins 3 months before the month you turn 65, includes the month you turn 65, and ends 3 months after the month you turn 65.

Institutional Special Needs Plan (SNP) – A plan that enrolls eligible individuals who continuously reside or are expected to continuously reside for 90 days or longer in a long-term care (LTC) facility. These LTC facilities may include a skilled nursing facility (SNF); nursing facility (NF); (SNF/NF); an Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/IID); an inpatient psychiatric facility, and/or facilities approved by CMS that furnishes similar long-term, healthcare services that are covered under Medicare Part A, Medicare Part B, or Medicaid; and whose residents have similar needs and healthcare status to the other named facility types. An institutional Special Needs Plan must have a contractual arrangement with (or own and operate) the specific LTC facility(ies).

Institutional Equivalent Special Needs Plan (SNP) – A plan that enrolls eligible individuals living in the community but requiring an institutional level of care based on the State assessment. The assessment must be performed using the same respective State level of care assessment tool and administered by an entity other than the organization offering the plan. This type of Special Needs Plan may restrict enrollment to individuals that reside in a contracted assisted living facility (ALF) if necessary to ensure uniform delivery of specialized care.

List of Covered Drugs (Formulary or "Drug List") – A list of prescription drugs covered by the plan.

Low Income Subsidy (LIS) - See "Extra Help."

Maximum Out-of-Pocket Amount – The most that you pay out-of-pocket during the calendar year for in-network covered Part A and Part B services. Amounts you pay for your plan premiums, Medicare Part A and Part B premiums, and prescription drugs do not count toward the maximum out-of-pocket amount. See Chapter 4, Section **1.2** for information about your maximum out-of-pocket amount

Medicaid (or Medical Assistance) – A joint Federal and State program that helps with medical costs for some people with low incomes and limited resources. State Medicaid programs vary, but

most health care costs are covered if you qualify for both Medicare and Medicaid.

Medical Emergency – A medical emergency is when you, or any other prudent layperson with an average knowledge of health and medicine, believe that you have medical symptoms that require immediate medical attention to prevent loss of life, loss of a limb, or loss of function of a limb. The medical symptoms may be an illness, injury, severe pain, or a medical condition that is quickly getting worse.

Medically Accepted Indication – A use of a drug that is either approved by the Food and Drug Administration or supported by certain reference books.

Medically Necessary – Services, supplies, or drugs that are needed for the prevention, diagnosis, or treatment of your medical condition and meet accepted standards of medical practice.

Medicare – The Federal health insurance program for people 65 years of age or older, some people under age 65 with certain disabilities, and people with End-Stage Renal Disease (generally those with permanent kidney failure who need dialysis or a kidney transplant).

Medicare Advantage Open Enrollment Period – The time period from January 1 until March 31 when members in a Medicare Advantage plan can cancel their plan enrollment and switch to another Medicare Advantage plan, or obtain coverage through Original Medicare. If you choose to switch to Original Medicare during this period, you can also join a separate Medicare prescription drug plan at that time. The Medicare Advantage Open Enrollment Period is also available for a 3-month period after an individual is first eligible for Medicare.

Medicare Advantage (MA) Plan – Sometimes called Medicare Part C. A plan offered by a private company that contracts with Medicare to provide you with all your Medicare Part A and Part B benefits. A Medicare Advantage Plan can be an i) HMO, ii) PPO, a iii) Private Fee-for-Service (PFFS) plan, or a iv) Medicare Medical Savings Account (MSA) plan. Besides choosing from these types of plans, a Medicare Advantage HMO or PPO plan can also be a Special Needs Plan (SNP). In most cases, Medicare Advantage Plans also offer Medicare Part D (prescription drug coverage). These plans are called Medicare Advantage Plans with Prescription Drug Coverage.

Medicare Allowable Cost – The maximum price of a service for reimbursement purposes under Original Medicare.

Medicare Assignment – In Original Medicare, a doctor or supplier "accepts assignment" when he or she agrees to accept the Medicare-approved amount as full payment for covered services.

Medicare Coverage Gap Discount Program – A program that provides discounts on most covered Part D brand name drugs to Part D members who have reached the Coverage Gap Stage and who are not already receiving "Extra Help." Discounts are based on agreements between the Federal government and certain drug manufacturers.

Medicare-Covered Services – Services covered by Medicare Part A and Part B. All Medicare health plans must cover all of the services that are covered by Medicare Part A and B. The term Medicare-Covered Services does not include the extra benefits, such as vision, dental or hearing, that a Medicare Advantage plan may offer.

Medicare Health Plan – A Medicare health plan is offered by a private company that contracts with Medicare to provide Part A and Part B benefits to people with Medicare who enroll in the plan. This term includes all Medicare Advantage Plans, Medicare Cost Plans, Special Needs Plans, Demonstration/Pilot Programs, and Programs of All-inclusive Care for the Elderly (PACE).

Medicare Prescription Drug Coverage (Medicare Part D) – Insurance to help pay for outpatient prescription drugs, vaccines, biologicals, and some supplies not covered by Medicare Part A or Part B.

"Medigap" (Medicare Supplement Insurance) Policy – Medicare supplement insurance sold by private insurance companies to fill "gaps" in Original Medicare. Medigap policies only work with Original Medicare. (A Medicare Advantage Plan is not a Medigap policy.)

Member (Member of our plan, or "Plan Member") – A person with Medicare who is eligible to get covered services, who has enrolled in our plan, and whose enrollment has been confirmed by the Centers for Medicare & Medicaid Services (CMS).

Network – The doctors and other health care professionals, medical groups, hospitals, and other health care facilities or providers that have an agreement with us to provide covered services to our members and to accept our payment and any plan cost-sharing as payment in full. (See Chapter 1, Section 3.2)

Network Pharmacy – A pharmacy that contracts with our plan where members of our plan can get their prescription drug benefits. In most cases, your prescriptions are covered only if they are filled at one of our network pharmacies.

Network Provider – "Provider" is the general term for doctors, other health care professionals, hospitals, and other health care facilities that are licensed or certified by Medicare and by the State to provide health care services. "Network providers" have an agreement with our plan to accept our payment as payment in full, and in some cases to coordinate as well as provide covered services to members of our plan. Network providers are also called "plan providers."

Non-Preferred Network Mail-order Pharmacy – A network mail-order pharmacy that generally offers Medicare Part D covered drugs to members of our plan at higher cost-sharing levels than apply at a preferred network mail-order pharmacy.

Optional Supplemental Benefits – Non-Medicare-covered benefits that can be purchased for an additional premium and are not included in your package of benefits. You must voluntarily elect Optional Supplemental Benefits in order to get them.

Organization Determination – A decision our plan makes about whether items or services are covered or how much you have to pay for covered items or services. Organization determinations are called "coverage decisions" in this document.

Original Medicare ("Traditional Medicare" or "Fee-for-service" Medicare) – Original Medicare is offered by the government, and not a private health plan like Medicare Advantage Plans and prescription drug plans. Under Original Medicare, Medicare services are covered by paying doctors, hospitals, and other health care providers payment amounts established by Congress. You can see any doctor, hospital, or other health care provider that accepts Medicare. You must pay the deductible. Medicare pays its share of the Medicare-approved amount, and you pay your share. Original Medicare has two parts: Part A (Hospital Insurance) and Part B (Medical Insurance) and is available everywhere in the United States.

Out-of-Network Pharmacy – A pharmacy that does not have a contract with our plan to coordinate or provide covered drugs to members of our plan. Most drugs you get from out-of-network pharmacies are not covered by our plan unless certain conditions apply.

Out-of-Network Provider or Out-of-Network Facility - A provider or facility that does not have a

contract with our plan to coordinate or provide covered services to members of our plan. Out-of-network providers are providers that are not employed, owned, or operated by our plan.

Out-of-Pocket Costs – See the definition for "cost-sharing" above. A member's cost-sharing requirement to pay for a portion of services or drugs received is also referred to as the member's "out-of-pocket" cost requirement.

PACE plan – A PACE (Program of All-Inclusive Care for the Elderly) plan combines medical, social, and long-term care services for frail people to help people stay independent and living in their community (instead of moving to a nursing home) as long as possible, while getting the high quality care they need. People enrolled in PACE plans receive both their Medicare and Medicaid benefits through the plan. PACE is not available in all states. If you would like to know if PACE is available in your state, please contact Customer Service.

Part C – see "Medicare Advantage (MA) Plan."

Part D – The voluntary Medicare Prescription Drug Benefit Program.

Part D Drugs – Drugs that can be covered under Part D. We may or may not offer all Part D drugs. Certain categories of drugs have been excluded as covered Part D drugs by Congress. Certain categories of Part D drugs must be covered by every plan.

Part D Late Enrollment Penalty – An amount added to your monthly premium for Medicare drug coverage if you go without creditable coverage (coverage that is expected to pay, on average, at least as much as standard Medicare prescription drug coverage) for a continuous period of 63 days or more after you are first eligible to join a Part D plan.

Preferred Cost-Sharing – Preferred cost-sharing means lower cost-sharing for certain covered Part D drugs at certain network pharmacies.

Point of Service (POS) Plan – As a member of this Point of Service (POS) plan you may receive covered services from network providers. You may also receive covered routine dental services from providers who are not contracted with UnitedHealthcare.

Preferred Network Mail-order Pharmacy – A network mail-order pharmacy that generally offers Medicare Part D covered drugs to members of our plan that may have lower cost-sharing levels than at other network pharmacies or mail-order pharmacies.

Premium – The periodic payment to Medicare, an insurance company, or a health care plan for health or prescription drug coverage.

Prescription Drug Benefit Manager – Third party prescription drug organization responsible for processing and paying prescription drug claims, developing and maintaining the drug list (formulary), and negotiating discounts and rebates with drug manufacturers.

Primary Care Provider (PCP) – The doctor or other provider you see first for most health problems. In many Medicare health plans, you must see your primary care provider before you see any other health care provider.

Prior Authorization – For medical services it means a process where your PCP or treating provider must receive approval in advance before certain medical services will be provided or payable. For certain drugs it means a process where you or your provider must receive approval in advance before certain drugs will be provided or payable. Covered services that need prior authorization are marked in the Medical Benefits Chart in Chapter 4. Covered drugs that need prior authorization are

marked in the formulary.

Prosthetics and Orthotics – Medical devices including, but are not limited to, arm, back and neck braces; artificial limbs; artificial eyes; and devices needed to replace an internal body part or function, including ostomy supplies and enteral and parenteral nutrition therapy.

Provider – The doctor or other provider you see first for most health problems. In many Medicare health plans, you must see your primary care provider before you see any other health care provider.

Quality Improvement Organization (QIO) – A group of practicing doctors and other health care experts paid by the Federal government to check and improve the care given to Medicare patients.

Quantity Limits – A management tool that is designed to limit the use of selected drugs for quality, safety, or utilization reasons. Limits may be on the amount of the drug that we cover per prescription or for a defined period of time.

Real-Time Benefit Tool – A portal or computer application in which enrollees can look up complete, accurate, timely, clinically appropriate, enrollee-specific formulary and benefit information. This includes cost sharing amounts, alternative formulary medications that may be used for the same health condition as a given drug, and coverage restrictions (Prior Authorization, Step Therapy, Quantity Limits) that apply to alternative medications.

Referral – A formal recommendation by your Primary Care Provider (PCP) for you to receive care from a specialist or network provider.

Rehabilitation Services – These services include physical therapy, speech and language therapy, and occupational therapy.

Retail Walk-In Clinic – A provider location that generally does not require appointments and may be a standalone location or located in a retail store, supermarket or pharmacy. Walk-In Clinic Services are subject to the same cost-sharing as Urgent Care Centers. (See the Benefit Chart in Chapter 4)

Service Area – A geographic area where you must live to join a particular health plan. For plans that limit which doctors and hospitals you may use, it's also generally the area where you can get routine (non-emergency) services. The plan may disenroll you if you permanently move out of the plan's service area.

Skilled Nursing Facility (SNF) Care – Skilled nursing care and rehabilitation services provided on a continuous, daily basis, in a skilled nursing facility. Examples of care include physical therapy or intravenous injections that can only be given by a registered nurse or doctor.

Special Enrollment Period – A set time when members can change their health or drug plans or return to Original Medicare. Situations in which you may be eligible for a Special Enrollment Period include: if you move outside the service area, if you are getting "Extra Help" with your prescription drug costs, if you move into a nursing home, or if we violate our contract with you.

Special Needs Plan – A special type of Medicare Advantage Plan that provides more focused health care for specific groups of people, such as those who have both Medicare and Medicaid, who reside in a nursing home, or who have certain chronic medical conditions.

Standard Cost-sharing – Standard cost-sharing is cost-sharing other than preferred cost-sharing offered at a network pharmacy.

Step Therapy – A utilization tool that requires you to first try another drug to treat your medical condition before we will cover the drug your physician may have initially prescribed.

Supplemental Security Income (SSI) – A monthly benefit paid by Social Security to people with limited income and resources who are disabled, blind, or age 65 and older. SSI benefits are not the same as Social Security benefits.

Urgently Needed Services – Covered services that are not emergency services, provided when the network providers are temporarily unavailable or inaccessible or when the enrollee is out of the service area. For example, you need immediate care during the weekend. Services must be immediately needed and medically necessary.
