### What you should know

- **Plan type:** Aetna Medicare Premier (PPO) is a PPO plan. This is a Medicare Advantage plan that covers prescription drugs. You can use in-network and out-of-network providers. You will typically pay more for out-of-network care.
- **Primary Care Provider (PCP):** You have the option to choose a PCP. We recommend choosing a PCP because when we know who your provider is we can better support your care.
- **Referrals:** Aetna Medicare Premier (PPO) doesn't require a referral from a PCP to see a specialist. Keep in mind, some providers may require a recommendation or treatment plan from your provider in order to see you.
- Prior authorizations: Your provider will work with us to get approval before you receive certain services or drugs.
- Helpful resources: To find provider directories, network pharmacies, and other plan information, visit <u>AetnaMedicare.com/H5521-110</u>. The Contact Quick Reference chart at the end of this document contains important phone numbers and websites. For coverage and costs of Original Medicare, look in the *Medicare & You* handbook. Before making an enrollment decision, it is important that you fully understand our benefits and rules. If you have any questions, you can call and speak to a customer service representative at **1-833-859-6031 (TTY: 711)**. From October 1 to March 31, you can call us 7 days a week from 8 AM to 8 PM local time. From April 1 to September 30, we're here Monday through Friday from 8 AM to 8 PM local time.

Understanding the benefits	
	The <i>Evidence of Coverage</i> (EOC) provides a complete list of all coverage and services. It is important to review plan coverage, costs, and benefits before you enroll. Visit <a href="AetnaMedicare.com">AetnaMedicare.com</a> or call <b>1-833-859-6031 (TTY: 711)</b> to view a copy of the EOC.
	Review the provider directory (or ask your doctor) to make sure the doctors you see now are in the network. If they are not listed, it means you will likely have to select a new doctor.
	Review the pharmacy directory to make sure the pharmacy you use for any prescription medicine is in the network. If the pharmacy is not listed, you will likely have to select a new pharmacy for your prescriptions.
	Review the formulary to make sure your drugs are covered.
Understanding important rules	
	Effect on Current Coverage. If you are currently enrolled in a Medicare Advantage plan, your current Medicare Advantage healthcare coverage will end once your new Medicare Advantage coverage starts. If you have Tricare, your coverage may be affected once your new Medicare Advantage coverage starts. Please contact Tricare for more information. If you have a Medigap plan, once your Medicare Advantage coverage starts, you may want to drop your Medigap policy because you will be paying for coverage you cannot use.
	In addition to your monthly plan premium, you must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month.
	Benefits, premiums and/or copayments/co-insurance may change on January 1, 2026.
	Our plan allows you to see providers outside of our network (non-contracted providers). However, while we will pay for covered services, the provider must agree to treat you. Except in an emergency or urgent situation, non-contracted providers may deny care. In addition, you will pay a higher copay for services received by non-contracted providers.
