# 1 | About This Plan

## Which doctors, hospitals, and pharmacies can I use?

**Cigna Premier Medicare (HMO-POS)** has a network of doctors, hospitals, and other providers. You may also choose to use providers that are out of network, usually for a higher copay or coinsurance.

You must generally use network pharmacies to fill your prescriptions for covered Part D drugs.

- › You can see our plan's *Provider and Pharmacy Directory* on our website **CignaMedicare.com**.

## What do we cover?

Like all Medicare health plans, we cover everything Original Medicare covers—and more.

- › Our customers get all the benefits covered by Original Medicare.
- › Our customers also get more than what is covered by Original Medicare. Some of the extra benefits are outlined in this *Summary of Benefits*.

We cover Part D drugs. In addition, we cover Part B drugs such as chemotherapy and some drugs administered by your provider.

- › You can see the plan's complete *Comprehensive Prescription Drug List*, which lists the Part D prescription drugs along with any restrictions on our website, **CignaMedicare.com**.

### Initial Coverage Stage

The following chart shows the cost-sharing amounts for Part D drugs covered under this plan. You pay the following until your out-of-pocket drug costs reach **\$2,000** for the calendar year.

Your costs may be different if you qualify for *Extra Help*. Your copay or coinsurance is based on the drug tier for your medication, which you can find in the plan *Comprehensive Prescription Drug List* on our website **CignaMedicare.com**. Or call us, and we will send you a copy of the *Comprehensive Prescription Drug List*.

Cost-sharing may vary depending on the customer's Part D coverage phase. Costs may differ based on pharmacy type or status, for example, preferred/non-preferred, mail order, long-term care (LTC), home infusion, and 30- or 90-/100-day supply.

You may get your drugs at preferred or standard network retail pharmacies or preferred mail order pharmacies. Your prescription drug copay will typically be less at a preferred network pharmacy because it has a preferred agreement with your plan.

You can get your prescription from an out-of-network pharmacy, but you may pay more than you would pay at an in-network pharmacy. If you reside in a long-term care facility, you would pay the standard retail cost-sharing at an in-network pharmacy.

### Catastrophic Coverage Stage

You qualify for the Catastrophic Coverage Stage when your out-of-pocket costs have reached the **\$2,000** limit for the calendar year. Once you are in the Catastrophic Coverage Stage, you will pay **\$0** for all covered Part D drugs through the end of the calendar year.

### What You Pay For Insulin

You won't pay more than **\$35** for a one-month supply of each insulin product covered by our plan, no matter what cost-sharing tier it's on.

If your insulin is on a tier where cost-sharing is lower than **\$35**, you will pay the lower cost for your insulin.

If your plan has a Part D deductible, the above will apply even if you haven't paid your deductible.

Benefits, features, and/or devices vary by plan/service area. Limitations, copayments, exclusions, and restrictions may apply. Contact the plan for more information.

Benefits, premiums, and/or copayments/coinsurance may change on January 1 of each year. You must continue to pay your Medicare Part B premium. Individuals may enroll in a plan only during specific times of the year and must have Medicare Parts A and B.

Out-of-network/non-contracted providers are under no obligation to treat plan members except in emergency situations. Please call our Customer Service number or see your *Evidence of Coverage* for more information, including the cost-sharing that applies to out-of-network services.
