1 | About This Plan

Who can enroll?

This plan is available to anyone who has Medicare and full Medical Assistance from the state (Medicaid). Premiums, copays, coinsurance, and deductibles may vary based on the level of Medicaid and *Extra Help* you receive. Contact the plan for further details.

You can enroll in this plan if you are in one of these Medicaid categories:

Qualified Medicare Beneficiary (QMB):

While QMB status provides you with Medicaid coverage of your Medicare cost-share, you are not eligible for full Medicaid benefits. This means that Medicaid pays only your Part A and Part B premiums, deductibles and cost-share amounts. Medicaid does not cover your Part D prescription drug copays nor does it pay for services that Medicare Part A or Part B does not cover.

Qualified Medicare Beneficiary Plus (QMB+):

As a QMB+, not only is your Medicare cost-share covered by Medicaid, but you also are eligible for full Medicaid benefits. Medicaid pays your Part A and Part B premiums, deductibles and cost-share amounts. This means you pay your Part D prescription drug copays—and nothing else.

Specified Low-Income Medicare Beneficiary (SLMB+):

As a SLMB+, you are eligible for full Medicaid benefits. In addition, Medicaid pays your Part B premium. Further, additional limited assistance from your state Medicaid agency may be available to help you pay any Medicare

cost-share amounts. When both Medicare and Medicaid provide coverage for a service you receive, your cost-share is typically 0%; however, when Medicaid does not provide coverage for such service or other benefit, you may be required to pay a cost-share amount.

Full Benefits Dual Eligible (FBDE): You are eligible for full Medicaid benefits as an FBDE; further, Medicaid may provide limited assistance with Medicare cost-share amounts. When both Medicare and Medicaid provide coverage for a service you receive, your cost-share is typically 0%; however, when Medicaid does not provide coverage for such service or other benefit, you may be required to pay a cost-share amount.

If your category of Medicaid eligibility changes, your cost-share may also increase or decrease. You must recertify your Medicaid enrollment to continue to receive your Medicare coverage.

Which doctors, hospitals, and pharmacies can I use?

Cigna TotalCare Plus (HMO D-SNP) has a network of doctors, hospitals, and other providers. If you use providers that are not in our network, the plan may not pay for these services.

You must generally use network pharmacies to fill your prescriptions for covered Part D drugs.

- › You can see our plan's *Provider and Pharmacy Directory* on our website **CignaMedicare.com**.

What do we cover?

Like all Medicare health plans, we cover everything Original Medicare covers—and more.

- › Our customers get all the benefits covered by Original Medicare.
- › Our customers also get more than what is covered by Original Medicare. Some of the extra benefits are outlined in this *Summary of Benefits*.

We cover Part D drugs. In addition, we cover Part B drugs such as chemotherapy and some drugs administered by your provider.

- › You can see the plan's complete *Comprehensive Prescription Drug List*, which lists the Part D prescription drugs along with any restrictions on our website, **CignaMedicare.com**.
- › Or call us, and we will send you a copy of the plan's *Comprehensive Prescription Drug List*.
