1 | About This Plan

Which doctors, hospitals, and pharmacies can I use?

Cigna Preferred Plus Medicare (HMO) has a network of doctors, hospitals, and other providers. If you use providers that are not in our network, the plan may not pay for these services.

You must generally use network pharmacies to fill your prescriptions for covered Part D drugs.

You can see our plan's Provider and Pharmacy Directory on our website CignaMedicare.com.

What do we cover?

Like all Medicare health plans, we cover everything Original Medicare covers—and more.

- Our customers get all the benefits covered by Original Medicare.
- Our customers also get more than what is covered by Original Medicare. Some of the extra benefits are outlined in this Summary of Benefits.

We cover Part D drugs. In addition, we cover Part B drugs such as chemotherapy and some drugs administered by your provider.

- You can see the plan's complete Comprehensive Prescription Drug List, which lists the Part D prescription drugs along with any restrictions on our website, CignaMedicare.com.
- Or call us, and we will send you a copy of the plan's Comprehensive Prescription Drug List.

Initial Coverage Stage

The following chart shows the cost-sharing amounts for Part D drugs covered under this plan. You pay the following until your out-of-pocket drug costs reach \$2,000 for the calendar year.

Your costs may be different if you qualify for Extra Help. Your copay or coinsurance is based on the drug tier for your medication, which you can find in the plan Comprehensive Prescription Drug List on our website CignaMedicare.com. Or call us, and we will send you a copy of the Comprehensive Prescription Drug List.

Cost-sharing may vary depending on the customer's Part D coverage phase. Costs may differ based on pharmacy type or status, for example, preferred/non-preferred, mail order, long-term care (LTC), home infusion, and 30- or 90-/100-day supply.

You may get your drugs at preferred or standard network retail pharmacies or preferred mail order pharmacies. Your prescription drug copay will typically be less at a preferred network pharmacy because it has a preferred agreement with your plan.

You can get your prescription from an out-ofnetwork pharmacy, but you may pay more than you would pay at an in-network pharmacy. If you reside in a long-term care facility, you would pay the standard retail cost-sharing at an in-network pharmacy.

Catastrophic Coverage Stage

You qualify for the Catastrophic Coverage Stage when your out-of-pocket costs have reached the **\$2,000** limit for the calendar year. Once you are in the Catastrophic Coverage Stage, you will pay **\$0** for all covered Part D drugs through the end of the calendar year.

What You Pay For Insulin

You won't pay more than \$35 for a one-month supply of each insulin product covered by our plan, no matter what cost-sharing tier it's on.

If your insulin is on a tier where cost-sharing is lower than \$35, you will pay the lower cost for your insulin.

If your plan has a Part D deductible, the above will apply even if you haven't paid your deductible.

Benefits, features, and/or devices vary by plan/service area. Limitations, copayments, exclusions, and restrictions may apply. Contact the plan for more information.

Benefits, premiums, and/or copayments/coinsurance may change on January I of each year. You must continue to pay your Medicare Part B premium. Individuals may enroll in a plan only during specific times of the year and must have Medicare Parts A and B.

Out-of-network/non-contracted providers are under no obligation to treat plan members except in emergency situations. Please call our Customer Service number or see your *Evidence of Coverage* for more information, including the cost-sharing that applies to out-of-network services.
