What is coinsurance?

Coinsurance is a portion or part of the total cost, typically as a percentage. With this plan, you pay part of the cost of Tier 3, Tier 4 and Tier 5 drugs. For example, if your coinsurance is 25% and the total cost of your prescription is \$100, you would pay \$25. The plan pays the rest. You pay the full cost of your drugs until you meet the deductible, then you'll start paying the coinsurance amount.

Prescription drug payment stages			
Deductible	There is no deductible for drugs in Tier 1 and 2. Your coverage for these drugs starts in the Initial Coverage stage. There is a \$270 deductible for drugs in Tier 3, 4 and 5. You pay the full cost for your drugs in these tiers until you reach the deductible amount. Then you move to the Initial Coverage stage.		
Initial Coverage	In this stage, you'll pay your plan copays or coinsurance. The plan pays the rest. Once you, and others on your behalf, have paid a combined total of \$2,100, which includes the amount you paid towards your deductible, you move to the Catastrophic Coverage stage.

About this plan

UHC Medicare Advantage NV-001P (HMO-POS) is a Medicare Advantage HMOPOS plan with a Medicare contract.

To join this plan, you must be entitled to Medicare Part A, be enrolled in Medicare Part B, live within our service area listed below, and be a United States citizen or lawfully present in the United States.

Our service area includes these counties in:

Use network providers and pharmacies

UHC Medicare Advantage NV-001P (HMO-POS) has a network of doctors, hospitals, pharmacies and other providers. For routine dental services, you can use providers that are not in our network. This health plan requires you to select a primary care provider (PCP) from the network. Your PCP can handle most routine health care needs and will be responsible to coordinate your care. If you need to see a network specialist or other network provider, you may need to get a referral from your PCP. We encourage you to find out which specialists and hospitals your PCP would recommend for you and would refer you to for care, prior to selecting them as your plan's PCP. If you use pharmacies that are not in our network, the plan may not pay for those drugs, or you may pay more than you pay at a network pharmacy.

You can go to **UHC.com/Medicare** to search for a network provider or pharmacy using the online directories. You can also view the plan Drug List (Formulary) to see what drugs are covered and if there are any restrictions.
