B. Frequently asked questions (FAQ)

The following table lists frequently asked questions.

Frequently Asked Questions	Answers
What's a Medi-Medi Plan?	A Medi-Medi Plan is a health plan that contracts with both Medicare and Medi-Cal to provide benefits of both programs to enrollees. It's for people age 21 and older. A Medi-Medi Plan is an organization made up of doctors, hospitals, pharmacies, providers of Long-term Services and Supports (LTSS), and other providers. It also has care coordinators to help you manage all your providers and services and supports. They all work together to provide the care you need.
Will I get the same Medicare and Medi-Cal benefits in Kaiser Permanente Dual Complete that I get now?	You'll get most of your covered Medicare and Medi-Cal benefits directly from Kaiser Permanente Dual Complete. You'll work with a team of providers who will help determine what services will best meet your needs. This means that some of the services you get now may change based on your needs, and your doctor and care team's assessment. You may also get other benefits outside of your health plan the same way you do now, directly from a State or county agency like In-Home Supportive Services (IHSS), specialty mental health and substance use disorder services, or regional center services. When you enroll in Kaiser Permanente Dual Complete, you and your care team will work together to develop a care plan to address your health and support needs, reflecting your personal preferences and goals. If you're taking any Medicare Part D drugs that Kaiser Permanente Dual Complete doesn't normally cover, you can get a temporary supply and we'll help you to transition to another drug or get an exception for Kaiser Permanente Dual Complete to cover your drug if medically necessary. For more information, call Member Services at the numbers listed at the bottom of this page.

If you have questions, please call Member Services at 1-800-443-0815 (TTY 711), 7 days a week, 8 a.m. to 8 p.m. The call is free. For more information, visit kp.org/medicare.

Frequently Asked Questions	Answers
Can I use the same doctors I use now? (continued on the next page)	Often that's the case. If your providers (including doctors, hospitals, therapists, pharmacies, and other health care providers) work with Kaiser Permanente Dual Complete and have a contract with us, you can keep going to them. • Providers with an agreement with us are “in-network.” Network providers participate in our plan. That means they accept members of our plan and provide services our plan covers. You must use the providers in Kaiser Permanente Dual Complete’s network. If you use providers or pharmacies that aren’t in our network, the plan may not pay for these services or drugs. • If you need urgent or emergency care or out-of-area dialysis services, you can use providers outside of Kaiser Permanente Dual Complete’s plan. • For Medi-Cal Services, you can go to an out-of-network provider without a referral or prior authorization for emergency services or for certain sensitive care services. You can also go to an out-of-network provider for out-of-area urgent care when you are in an area where we do not operate. If you need outpatient mental health services, you can go to either a network provider or a county mental health plan provider without prior authorization. You must have a referral or pre-approval for all other out-of-network services, or they will not be covered. Note: If you are an American Indian, you can get care at an Indian Health Care Provider outside of our provider network without a referral. • If you’re currently under treatment with a provider that’s out of Kaiser Permanente Dual Complete’s network, or have an established relationship with a provider that’s out of Kaiser Permanente Dual Complete’s network, call Member Services to check about staying connected and ask for continuity of care. You may be able to continue going to your Out-of-Network Provider for up to 12 months if you meet specific criteria and if the provider agrees to our terms and conditions. You must request

Frequently Asked Questions	Answers
Can I use the same doctors I use now? (continued from previous page)	continuity of care within 30 days of your enrollment. Call our Member Service department for more information on continuity of care services. To find out if your doctors are in the plan's network, call Member Services at the numbers listed at the bottom of this page or read Kaiser Permanente Dual Complete's provider and pharmacy directories on the plan's website at kp.org/directory. If Kaiser Permanente Dual Complete is new for you, we'll work with you to develop a care plan to address your needs.
What's a Kaiser Permanente Dual Complete care coordinator?	A Kaiser Permanente Dual Complete care coordinator is one main person for you to contact. This person helps to manage all your providers and services and make sure you get what you need.
What are Long-term Services and Supports (LTSS)?	Long-term Services and Supports (LTSS) are help for people who need assistance to do everyday tasks like bathing, toileting, getting dressed, making food, and taking medicine. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital. In some cases, a county or other agency may administer these services, and your care coordinator or care team will work with that agency.
What's a Multipurpose Senior Services Program (MSSP)?	A MSSP provides on-going care coordination with health care providers beyond what your health plan already provides and can connect you to other needed community services and resources. This program helps you get services that help you live independently in your home.
What happens if I need a service but no one in Kaiser Permanente Dual Complete's network can provide it?	Most services will be provided by our network providers. If you need a service that can't be provided within our network, Kaiser Permanente Dual Complete will pay for the cost of an out-of-network provider.

If you have questions, please call Member Services at 1-800-443-0815 (TTY 711), 7 days a week, 8 a.m. to 8 p.m. The call is free. For more information, visit kp.org/medicare.

If you have questions about whether prior authorization is required for specific services, procedures, items, or drugs, call Member Services at the numbers listed at the bottom of this page for help.
What's a referral?	A referral means that your primary care provider (PCP) must give you approval to go to someone that's not your PCP. A referral is different than a prior authorization. If you don't get a referral from your PCP, Kaiser Permanente Dual Complete may not cover the services. Help from the California Department of Managed Health Care

The California Department of Managed Health Care is responsible for regulating health care service plans. If you have a grievance against your health plan, you should first telephone your health plan at **1-800-443-0815** and use your health plan's grievance process before contacting the department. Utilizing this grievance procedure does not prohibit any potential legal rights or remedies that may be available to you. If you need help with a grievance involving an emergency, a grievance that has not been satisfactorily resolved by your health plan, or a grievance that has remained unresolved for more than 30 days, you may call the department for assistance. You may also be eligible for an Independent Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a health plan related to the medical necessity of a proposed service or treatment, coverage decisions for treatments that are experimental or investigational in nature and payment disputes for emergency or urgent medical services. The department also has a toll-free telephone number **1-888-466-2219** and a TDD line **1-877-688-9891** for the hearing and speech impaired. The department's internet website **www.dmhc.ca.gov** has complaint forms, IMR application forms and instructions online.
